Island Refining Corporation. The total principal amount of 7% bonds issued by the company in 1919 amounted to $5,500,000. according to a report dated May 1932. With the exception of the claim for breach of contract, all of the assets were liquidated in 1924 and the net proceeds were distributed to the bondholders. An action for breach of the 50,000,000 barrel oil contract dated April 15, 1919 was brought by the Irving Trust Co., receiver of the company, against the Mexican corporations that were subsidiaries of the Island Oil & Transport Corp. The Mexican companies were awarded all, or practically all, the funds held in the Island Oil & Transport Corp., receivership and in the event that this award was sustained a judgment in the action above mentioned would have been collectible. However, we were informed that the Irving Trust Co., lost the suit against the Mexican companies about June of 1933, at which time, the bonds of the Island Refining Corp., had no further value and believe they should be allowed as a deduction for income tax purposes for that year. We were also informed that if the Irving Trust Co., had been successful in its suit the bondholders would not have been paid in full. This fact was known in 1924 when said claim was the only remaining asset. Therefore it is our opinion that the shares first became worthless in 1924 and should not be allowed as a loss after that date.
Island Refining Corp. First 7% bonds received a decree payment of $60.29 on each $1000. bond.

Ivernia Oil Company of Coffeyville, Kansas. Organized in Arizona in 1904 with a capitalization of $150,000. A Mr. Willis Arthur Lane of Rochester, N. Y. was reported as the financial attorney. The company claimed to have held 120 acres on which four wells were drilled. This land was located near Coffeyville, Kansas, then a new oil producing section. President, Frank D. Mannis; Secretary, W. A. Saul. In 1906 it was reported that this company was inactive through lack of funds and adverse conditions in Kansas oil fields, and it was doubtful if the company held title to its lease at that time. It was reported that the company has filed no reports since 1904. The charter of the company has expired by limitation. We do not attach any value to the stock.
Ivers-Lee Company. Value of cft. No. 50 for 283 shares of common stock. We received an offer of $10. for the lot of 283 shares. (8/8/34.)

Jefferson-Calhoun Mining Co. Incorporated in Colorado and was located at 926 Stock Exchange Bldg., Chicago, Ill. In 1911 it was reported that the company was idle and that mail was returned from the mine office at Russell Gulch, Colo. President, Louis D. McCall. In 1916 it was reported that the company was adjudged bankrupt and its property sold under judgment proceedings. The company was subsequently reorganized as the Calhoun Cons. Mines Co. There was no provision made for the old stock which is in our opinion without value.

Jib Consolidated Mining Co. Incorporated in Delaware and was reorganized as the Basin Cataract Mining Co. At the time the new company took over the properties they were incumbered with mortgages and debts amounting to over $631,000. Jib stockholders lost all their equity in the reorganization, but did have the right to exchange their stock share for share upon payment of 10 cents per share. The right has expired. The shares in our opinion have no value.

Johannesberg Gold Mining Co. Incorporated in Montana and is located at Neihart, Montana, in care of Victor Nelson. Mr. Nelson, located at 114 Fifth Avenue, N. E., Puyallup, Wash. informed us on Nov. 30, 1936 as follows: "In reply to your inquiry to Mrs. M. Metzger regarding the present status and value of the Johannesberg Gold Mining Co's shares will say that the Company needs a complete reorganization as the charter has expired some 8 years ago making the stock very hard to dispose of. At this time I cannot make you an offer for the 25 shares, but in the early spring we intend to try to reorganize and start the old place up again, the mine is there. Would suggest you contact Mr. Fred Muller whose address you can get from Mr. Millard H. Newman, 11 East 26th St., N. Y. Both these gentlemen hold considerable stock in Johannesberg." The company owns the following property located in Cascade County, Montana, and recorded as follows: Book 2; Page 208: Line 9.

The firm of attorneys who filed the certificate of incorporation is Lyons & Orton, 920 Alaska Bldg. Seattle, Wash. Lyons & Orton informed us that Kachemak Bay is a small bay not far from Seldovia, Alaska and was at one time believed to be a favorable place for the canning of herring. The company they formed is out of business and the shares have no value. Any company that did operate there has been out of business many years and their shares have no value.

Keokuk & Des Moines RR. A dividend of $3. per bond was paid on assessment receipts in 1874.

Keokuk & Des Moines Ry. First mortgage 5% bonds due 1923 have a decree value of $464. per $1000. bond. Second payment amounted to $145. per $1000. bond. Third payment $32.59 per $1000. bond.

Keokuk & Hamilton Bridge Co. Value of 2nd Mtge. 5% bonds due 1981. Interest was defaulted on these bonds April 1, 1935. There are outstanding $178,000. of first mortgage 6% bonds on which interest is being paid. In addition each year the company must amortize $18,000. of this issue. The company enjoys almost a stable gross income of about $123,000. per annum, net $58,362. In about nine years the first mortgage bonds will be paid and the second mortgage bonds will become first mortgage bonds. As $18,000. of the first mortgage bonds are retired each year the earnings applicable to the second mortgage bonds will increase. The earnings at the present time are only sufficient to pay about 3% interest on the second mortgage bonds. At this rate the bonds should be worth about $300. per $1000. bond. (1935.)

Knickerbocker Steamboat Company. Value of $500. 6% bond due 1911, stamped as having received $154.95 in liquidation. Incorporated in New York and was located at 5 Nassau St., N. Y. C. The corporation went into receiver's hands and dissolved in 1906. It was reported that as a result of foreclosure sale of the company's property, the bondholders received $309.90 per $1000. bond, leaving no equity for the capital stock which is without value. As the above bond is stamped as having received its pro rata share of the company's assets in liquidation, it has no further value.

Koch Lung Cure of Rochester. Incorporated in New Jersey to engage in the manufacturing business with an office at 60 Grand St., Jersey City, N. J. This company manufactured a medicine for lung disease and incorporated companies in about ten different states to sell stock. Apparently the cure was not practical as all of the companies failed. The charter of the subject company was forfeited in 1907. It is our opinion the shares are worthless.

Kolo Products Company Inc. The Better Business Bureau of Baltimore, Inc. informed us as follows on Nov. 23, 1935: "We have been able to get information from one of the former stockholders, who tells us the following: "I think it sold 125,000 shares of Kolo Products stock at $1. per share to United Founders." He, however, states to us that he is giving us this from memory as it has been some time ago. He further states, "That Petit was all kinds of a scamp, and when in New York when this thing was being closed up some years ago, I found that Mayer, of the Metro-Goldwyn Mayer Company, had put $75,000. in it, and a partner of Prince and Whitely had put in $50,000. You can certainly write Marvyn Scudder & Co. stating that the whole thing has been washed up; that the evidences of fraud lay in the operation and so far as I know no one was ever brought to board. Personally we know that this particular stockholder whom we have quoted was a victim for a large amount."

Lackawanna Land & Improvement Co. Incorporated in New York on June 30, 1899 and was located at Buffalo, N. Y. Cummings and Bissell of Buffalo, N. Y. acted as attorneys. Mr. C. DeForest Cummings, an attorney located at Genesee Bldg., Buffalo, N. Y. informed us as follows: ". . . The Cummings, whom you mention as one of the incorporators, was my father and both he and Mr. Bissell are dead and I know of no one else interested in the company to whom to turn to for information. I vaguely recall this company and know that my father had stock in it but that the stock had no value at the time of his death. It is my thought, although I have no information to support it, that this company was formed for the sole purpose of dividing and selling a tract of land south of the City of Buffalo; was unsuccessful; the land passed out of the company by foreclosure, and the Charter was abandoned." In view of the above we believe the shares are worthless.

Lake View No. 2 Oil Company. Value of 1560 shares of capital stock, par value $1. The Lake View No. 2 Oil Company was organized under the laws of the State of California in 1910 and changed its name to Lake View Oil & Refining Company some years ago. On May 8, 1931, Mr. Paul J. Hisey, located at Edwards & Wildey Bldg., Los Angeles, California, was appointed Receiver in Equity. Mr. Hisey sent us the following letter dated Nov. 12th, 1935. "Relative to your inquiry of the 8th inst., as to Lake View No. 2 Oil Company stock. This company changed its name to Lake View Oil & Refining Company some years ago. On May 8, 1931, I was appointed Receiver in Equity for the Lake View Oil & Refining Co. Within the legal time limit thereafter, a group of creditors petitioned bankruptcy but a hearing on said petition has not at this date been given. The receivership to date has shown a profit, but based upon present earnings would take several years longer to pay creditors in full. The concern is for sale, there are leases, refinery and personal equipment (they own no real estate) as an operating concern, but so far there has been no offers or indication of offers that would anywhere near pay creditors. I am informed that in some instances a value of 1c per share has been acceptable to tax authorities. In some instances the stock has been listed as having no value. There has been no actual sales of stock since my appointment as Receiver, that has come to my knowledge." The shares were last quoted in January 1934 at 2 cents per share.

Landover Holding Corporation. Value of Class "A" Stock. In liquidation. The first distribution of capital assets to stockholders was made about May 8, 1926 as follows: Each holder of Landover Class "A" Stock received for each share of said stock, one share of Common Stock of the Willys-Overland Company. This distribution was made by the Irving Trust Company, New York City and stamped accordingly. Second distribution: The Irving Trust Company of New York City was appointed agent about February 4, 1928, to distribute $18. a share to holders of Class "A" Stock. Third distribution: By order of the Circuit Court No. 2 of Baltimore, Maryland, a liquidating distribution of $1.50 per share was payable December 28, 1931, to Class "A" Stockholders on delivery of their stock certificates to W. Ainsworth Parker, receiver, at 1904 First National Bank Building, Baltimore, Maryland. It is our opinion that the first and second distributions are being made by the receiver at the present time. If you have not received any of the distributions we advise you to send your stock direct to the receiver, and if the Irving Trust Company is making the other distributions the stock can then be presented to them.

Traction Co., located at 598 Broadway, Albany, N. Y. Mr. F. W. Dingley, Treasurer of the company, informed us as follows on July 2, 1936: "This company is leased to the United Traction Co. and the rental received from this lease is used to pay the semi-annual dividends, after payment of corporation income taxes. The dividends have been paid regularly to date and the last one was paid on May 15, 1936. These dividends will be continued as long as the United Traction Co. continues the lease. I am unable to advise you the value of the stock, inasmuch as there have been no sales in recent years. Neither can I inform you as to the effect of the reorganization of the United Traction Co. on the Lansingburgh and Cohoes Railroad Co. The United Traction Co., as you probably know, is now in receivership and it is impossible to state how the directors under the reorganization will view the lease of the Lansingburgh and Cohoes Rairoad. This latter company is now a bus line and the busses were purchased and are owned by the Receivers of the United Traction Co. The track and overhead construction have been abandoned and should the reorganized company decide to cancel the lease, it would appear that the stock of the Lansingburgh and Cohoes Railroad Co. would be of little value.

Ball was reported as President with an address at 165 Broadway, N. Y. C. In 1922 the company was located at 76 William St., N. Y. C. In 1923 the company was reported out of business. Mr. Ball, who is located at 92 William St., N. Y. C. informed us that this company was owned almost entirely by Mr. Allen who has been dead many years. Mr. Ball recollects that he sold his stock to Allen for notes and never collected the entire amount. The shares in his opinion are worthless.

Level Club, Inc. Incorporated in January, 1920 as a club and owned properties at 253-267 W. 73rd St., N. Y. C. Funded Debt: 1st Mortgage 6's 42, $2,223,800. Int. and Prin. default; 2nd Mortgage 6's 31, $550,000.; Debenture 6's 44, $1,406.513. The property was sold at foreclosure sale on May 18th, 1931 and purchased by the bondholders committee. The sale was held to satisfy a judgment of $2,379,510. obtained by Marine Midland Trust Company as Trustee for the First Mortgage bonds. Back taxes amounted to $212,000. It is reasonable to assume that there were not sufficient funds to pay off the back taxes and satisfy the first mortgage leaving no equity for the second mortgage and debenture bonds, which are without value. Mr. Alexander Rosenbaum, an attorney, at 10 E. 40th St., N. Y. C. and former Vice President of the company confirmed the above on Dec. 2, 1932, to the effect that the debenture bonds had no equity after the sale and are without value.

B. Ward, owns the ground at 2135 S. Michigan Ave., which was formerly leased to the Lexington Hotel. There was a default in the ground lease and the owners of the ground subsequently instituted forfeiture proceeding in June, 1932. In as much as the first mortgage bonds were on the leasehold only, they received no equity. Therefore we submit the Cfts. of Dep. as worthless as of July 30, 1934.

Libery Bell Oil Company. Organized as a joint stock association under a Declaration of Trust dated April 27, 1920, filed with the County Clerk of Reeves County, Texas. Letters addressed to the company at Pecos, Texas were returned marked "Unclaimed." We searched our petroleum registers and found no record of the company. The company apparently forfeited its leases and went out of business when the company failed to strike oil. We found no value to the stock and therefore believe the shares are without value.

Liberty Bell Oil Company. Incorporated in California and lost its charter on March 2, 1918. We found no record of this company's operations nor any value to the stock. Therefore we believe the shares are without value.

Lido Corporation. Organized under the laws of New York and in 1920 had an office at 52 Broadway, N. Y. C. This corporation originally owned property at Long Beach, N. Y. which was foreclosed in 1920 and purchased by the Lido Realty Corp. Apparently all of the securities of the Lido Corp. were wiped out as a result of the foreclosure and back in 1922 the capital stock and 6% certificates of indebtedness due 1925 were carried at no value. We find record of the following sales at auction; 1918, Dec. 14. $5,000. par value 6% certificates of indebtedness at $112. the lot in Boston. 1925, January 2, 50 shares of capital stock at $5. the lot in N. Y. C. In view of the above we believe the stock to be worthless.

Valenture, Secretary of the Club informed us the certificate is only payable upon the option of their Board of Trustees; or in case of dissolution of the club, when the holder becomes a creditor after the first mortgage. Neither of these cases, he states, is probable. Ninety per cent of the holders of the certificates gave them to the Club. It might be possible to dispose of the certificate to one of the members. Lightning Creek Gold Mines Ltd. The company, located at 402 Ritz Apartment Hotel, Vancouver, B. C. in care of C. H. Unverzagt, informed us as follows on Dec. 18, 1936. ". . . in reference to the Lightning Creek Gold Mines Limited has been received. This is a going concern and although it is not operating its own property now it sold out sometime ago and took a big stock interest and expects soon to have reasonable returns from this stock and re-distribute what it receives in this manner to its own stockholders. At a recent meeting the company was authorized to change the par value of its shares from $5. to $1. so you will please inform your client to send in the shares and they will get five times the present number of shares but in dollar shares. If you had mentioned the name we could have given you more definite information."

Lime and Stone Products Corporation. Value of Preferred and Common Stock. Incorporated in Delaware, May 28, 1917, and had an office at Hamburg, Jersey City. The secretary of the above company informed us that the company was so hopelessly insolvent that arrangements were finally made whereby it deeded over its property in exchange for preferred stock of a new company on May 28, 1927, known as "Jersey Limestone Quarries, Inc." The exchange was made on a basis of ten cents on the dollar. W. C. Driggs, Receiver of the successor company, informed us on July 22, 1931, that said company was placed in the hands of a receiver some months before the above date, and was sold at public auction about July, 1931. As far as we have been able to determine, nothing was realized by the stockholders. Therefore it is our opinion that the Preferred and Common Stock of the subject company had no value as of February 15, 1932.

Lindsay Distilleries Limited. Mr. L. V. Wright, V. P. of Canadian Industrial Alcohol Company, Ltd., located at Montreal, Quebec, informed us that if you hold the common shares of Lindsay Distillery Company, it went into bankruptcy two or three years ago. The assets when sold were not sufficient to pay off ordinary trade liabilities, and therefore, there was no equity for either the preferred or common shares which are without value. If you hold shares of the Lindsay Distilleries, Limited, Mr. L. V. Wright, President of this company informed us that this company was formed by a group who purchased the whisky stocks of the old Lindsay Company. Since then the group purchasing the whiskies have distributed their stocks and are now in the course of voluntarily winding up the new company which was only formed for the purpose of dealing with the whisky. Therefore if you hold shares of the latter company, we suggest that you get in touch with Mr. Wright regarding the liquidating value, if any. If the shares are worth something we would be glad to hear of their value. (1933.)

Little Kanawha Transportation Co. Incorporated in West Virginia on May 14, 1890 with its principal office at Parkersburg, W. Va. Attorney William Beard of Elizabeth, W. Va. This corporation expired by statute of limitations December 31, 1910. No report of officers was filed. We have written to Mr. Beard at Elizabeth and our letter has not been answered nor returned. Our correspondent at Elizabeth, W. Va., informed us that this company was organized for the transportation of mail and freight by water from Palestine, W. Va. to Oreston, W. Va. The railroad company connecting Palestine was abandoned leaving no source of revenue for the subject company which has not operated for many years.

Livingston Investment Co. N. J. 1934.

Livingston, J., & Co. (N. Y. Corp.)

Livingston Machine Tool & Die Co. Inc. N. J. 1935.

Livingston Mines Corp. Incorporated under the laws of the State of Delaware in 1921 and had an office at 67 Wall Street, N. Y. C. in care of A. W. Walker. Mr. F. W. Gardner, an attorney, and a former director of the company, now located at 68 William St., New York City informed us in April, 1935, that this company's property was sold at a Federal Receiver's sale about four years previous and that the amount received from the sale was insufficient to pay the creditors in full, leaving no equity for the capital stock which is without value.

Livingston Mines Corp. Del. 1934.

Livingston Motor Sales Co. Inc. N. J. 1934.

Livingston Motors, Inc. N. Y. 1934.

Livingston Oil Corporation. Incorporated, Delaware. The shares of the Livingston Oil Corporation have no value. These shares were convertible into stock of the Livingston Petroleum Corporation, but that option has long since expired.

Livingston Park & Development Co. N. J. 1935.

Livingston Petroleum Corp. Stockholders received 35c per share and one share of Class B stock of Interocean Oil Co. for each four shares held. A final liquidation dividend of 5c per share was declared in 1931 or 1932. The funds that were held for stockholders who did not present their certificates for cancellation were deposited with the Baltimore Trust Co. which was closed in Feb., 1933. In the meanwhile taxes and other expenses have accrued to an amount greater than the dividends received in the liquidation of the bank. The shares are therefore, worthless.

Livingston Press. Incorporated in New York in 1904 and was located at 38 East 21st St., N. Y. C. and Catskill, N. Y. in 1906. President, James N. Walter. In 1907 it was reported that the company moved to Albany, N. Y. The corporation apparently failed shortly afterwards as the corporation was subsequently dissolved by Proclamation. We found no value to the stock and therefore believe the shares are without value.

Livingston Refiners Corporation. Consolidated with the Livingston Oil Corporation to form the Livingston Petroleum Corporation in 1919. Mr. Harrison Brent, the liquidator of the Livingston Petroleum Company, located at East Brooklyn, Baltimore, Md., informed us that the subject corporation has been out of business for many years and as far as he knows the shares have no value. Mr. Gill an attorney in Baltimore informed us that they know of no arrangement whereby any exchange of stock at this time can be consummated. It would therefore appear that the shares were worthless.

Lloyd Oil Corp. Del. 1935.

Lloyd Oil Corp. (Texas.) Mr. F. E. Wolfe, Receiver, located at Neil P. Anderson Bldg., Fort Worth, Texas, informed us on Oct. 20, 1936, that the corporation has been in receivership for more than four years. The assets have been disposed of and the receivership will be closed at the next term of the Federal Court without any possibility of dividends to the general creditors or share holders.

Lloyds Insurance Co. of America. On August 4th, 1933, this company was taken over by the New York State Superintendent of Insurance for Rehabilitation. On August 8, 1933, the Court directed the Supt. of Insurance to cancel outstanding policy obligations of this company and of the Detroit Fidelity & Surety Co. In the order dated August 16, 1933, it was found that further efforts to rehabilitate the company would be futile. The policy holders were given until Feb. 16, 1934 to file their claims in order to become a preferred creditor. All claims filed subsequent to Feb. 16, 1934 were classed as General Creditors, and such claims would only be paid when the preferred creditors are paid in full. The Lloyds Insurance Co. of America informed us that according to their last balance sheet, the preferred creditors would not receive more than 15% on their claims.

Lone Star Gas & Oil Co. Value of interests dated 1920. This company sold interests in the future profits of the wells proposed to be drilled by the company on property situated in Versailles Township, Ninth Ward, McKeesport & Elizabeth Township, Penna. We searched our "Petroleum Registers" for 1920 to 1925 and found no record of this company's operations. We searched our "Industrial Directory" for Penna. and found no record of this company in Alleghany County. It is our opinion that when the company failed to strike oil, it forfeited its leases and went out of business. We believe the certificates are worthless.

Los Arcos Mines Company. Incorporated under the laws of the State of Maine on December 29, 1908. The company was excused from paying any franchise tax after March 20, 1913 as it had ceased to transact business. We found no record of this company in our mining records and therefore believe the shares are worthless.

Los Arcos Smelting & Refining Co. This company, according to the stock certificate, we are informed, was incorporated under the laws of the State of Maine. However, the Department of State of Maine informed us that they found no such corporation on file by this name. We therefore assume that the company failed to complete their incorporation and therefore never existed. We have consulted our mining records back to 1905 and found no record of the company. It is our opinion that the shares are without value.

Lucky Boy Consolidated Mines Inc. Value of capital stock. Incorporated in Nevada in 1912 and is located at Hawthorne, Nev. in care of J. F. Miller. There was an assessment of 2 cents per share levied on the stock a few years ago. If the stock is not stamped showing that this assessment was paid the shares were sold for said assessment and were worthless as of April 27, 1934.

Lucky Girl Mines Company. Incorporated in Colorado and was advertised as defunct and inoperative on October 14, 1924 for failure to file annual reports as required by law. We found no record of this corporation in our mines books, except a report that the company was dead, and that mail was returned from its former office at 1214 Elizabeth St., Denver, Colo. In view of the above we believe the shares are without value.

Luning Consolidated Silver Mines Co. Incorporated in Nevada on December 18, 1919 as a merger of the Luning Gold Mines Co. and R. B. Todd Mining Co. and was located at 265 Russ Bldg. San Francisco, Cal. President, L. E. Brown, 333 Kearney St., San Francisco. In 1931 the company was located at 333 Kearney St., San Francisco, Calif. The company did some development work in 1924 and since the burning of its plant it has been idle. The company is delinquent in the amount of $30. to the State and has temporarily forfeited its charter. Mr. L. E. Browne, formerly President informed us on June 29, 1935 that the company holds no property. It is therefore our opinion that the shares are without value.

MacNamara Crescent Mining Co. Incorporated in Nevada and was reorganized in 1921 as the MacNamara Crescent Development Co. of Nevada. The stock of both companies were exchanged share for share. Commencing January, 1923, 9 assessments have been levied on the stock of the MacNamara Crescent Development Co., of Nevada. As the old shares were never exchanged the new shares were sold for the amount of the unpaid assessments and have been forfeited. The charter of the MacNamara Crescent Mining Co., was forfeited on Feb. 28, 1924. The shares in our opinion are without value.

Madison-Michigan Building Corporation. (Tower Bldg., Chicago, Ill.) First Leasehold Sinking Fund Gold 6½% bonds due 1946. These bonds were secured by a first mortgage on leasehold estate and office building erected thereon, located at Northwest Corner of Michigan Avenue (85ft.) and Madison Street (162 ft.) Chicago, Illinois. The property was repossessed by the owner of the land on October 11, 1931. The quarterly ground rent due on September 1, 1931 was not paid, and upon expiration of the period of grace allowed by the lease on October 11, 1931, the fee owner served upon the Trustee and the Corporation notice of termination of the lease and repossession of the property. The fee owner thereby entered into possession of the property and is operating it and collecting rents. Moody's Manual of Investments dated 1933 states the following: "Although a bill has been filed to clear the title to the real estate, up to December 1, 1932, no hearings had been had in respect thereto." In addition, we received the following from the law offices of Chapman & Cutler, Chicago, Illinois who were attorneys for the bondholders protective committee as follows: "Replying to your letter re: Madison-Michigan Building Corporation bonds please be advised that they have become entirely worthless. We believe it is not proper to consider this worthless on the date of forfeiture of the ground lease in October, 1931 because the committee continued to negotiate with the owners for a reinstatement of such lease. The owners were entirely willing provided the accumulated back taxes were paid. The committee was unable to raise the necessary funds and it would be our opinion that the above bonds could be declared worthless sometime in 1932. In trying to fix the year for income tax purposes we believe it could be argued that the bond actually lost its value upon the date of forfeiture, and depending upon the taxpayer's income in the particular years would probably rest the decision of the treasury department." It is our opinion that the bonds lost their entire equity when the committee was unable to raise the necessary funds to pay the back taxes which was in the year 1932.

Magdalena Syndicate. Mr. W. S. Thomas, President of the company, located at 1136 Fifth Avenue, New York City, informed us that the only asset of this company is a controlling interest in the Nordol Company of Hanover, Germany. Mr. Thomas stated that they took this company over about five years ago and assumed certain indebtedness, which they had hoped to have Redman & Co., finance. Their negotiations were halted when the Curb Exchange suspended trading in the stock.

Magdalena Syndicate. The Norddeutsche Mineral ol Aktienges. (Nordol A. G.) Hanover, Germany, informed us on June 5, 1935, that bankruptcy proceedings were started against the Nordol A. G. on Nov. 17, 1932, and went out of business on Jan. 12, 1934. According to the company, however, there are some remaining assets that have not as yet been liquidated. It would appear that the shares of the Magdalena Syndicate were worthless in 1933 when the shares no longer had any value. The stock was quite active in early 1933 at a few cents per share. The company originally gave notes for the Nordol A. G. and any assets that may not have been liquidated belong to the noteholders. We cannot understand why the stock had a market on the curb in 1933 when bankruptcy proceedings were started against the company in 1932.

Maid of Erin Silver Mines Co. This Co. was inc., under the laws of Colo., and their principal office is located at Denver, Colo. The Co. owns two mining claims in the Leadville Mining District, which have been worked extensively for a great many years. They were practically abandoned about 1914, but since said time work has been done on them intermittently by lessees, and an occasional dividend of one cent or two cents a share has been paid. The properties are not now being worked, and probably will not be unless the price of silver should recover. Dines, Dines & Holme of Denver, Colo., who are closely connected with the Co., reported that in the past year they have valued the stock at about 8 cents per share for tax purposes. They also stated that it is practically impossible, however, to fix the value as there is no sale for the stock and practically no sale for the property. We were informed that the Co. was offered $25,000. for the property, which would net the stockholders about 8 cents per share.

Maid of Erin Silver Mines Co. (Colorado.) Reorganized in 1912. $1. par stock was issued for old $5. par stock on basis of one new share for two old shares, and receive accumulated dividends from 1912.

Maine & Nebraska Mining Co. Organized in 1907 under laws of Arizona and was located at Broken Bow, Nebraska. The property consisted of 43 hectares, with a 4 hectaremi millsite and 9 hectares of miscellaneous lands at Rio Balsas, Mexico. In 1912 it was reported that the district was unsafe and operations were suspended on account of brigandage by Zapata's forces and general revolutionary disturbances. We found no record of operations since 1912 and believe that the property reverted to the Mexican Government by default. It is our opinion that the shares are without value.

Manhattan Transit Company. Incorporated in New York on May 14, 1902 as successor to the General Carriage Company. Company was organized to manufacture, operate and deal in vehicles. The last record we have of the stock was a sale at auction of 1,000 shares at $25. for the lot. It was hoped that the franchise the company held would be worth something, but apparently nothing materialized as the shares were reported worthless in 1921. The charter of the company has been forfeited and as far as we have been able to ascertain the shares are worthless.

Marconi Wireless Telegraph Co. of America. The assets of this company were sold many years ago and the funds were distributed to the stockholders. Unstamped stock, according to present day quotations are entitled to about $92.50 per share. The stamped certificates merely represent an interest in the reserved assets of the company, which consist principally of claims against the United States Government for infringement of patents. These claims are being prosecuted in the Court of Claims, but we are unable to say when they will be settled or what amounts will be received in settlement thereof. Therefore, we submit only a nominal value for the stamped shares at this time. (1/14/1936.)

the company's stock were sold at auction at $3. for the lot. The last address of the company was Mariscal via Marathon, Texas in care of Wm. D. Burcham, President. Letters addressed to Mr. Burcham have not been answered nor returned. (3/2/1936.) We found no market value to the stock and therefore believe the shares are without value.

Maritime Canal Co. of Nicaragua. Value of $3,000. Scrip Certificate for bonds. This company was granted a concession by the Government of Nicaragua which permitted it to build a canal through that country. This concession was later revoked and the company sued the Nicaraguan Government for damages. The suit was unsuccessful and the company went out of business. The scrip is entirely worthless.

Markham Motor Company. Incorporated in Oklahoma and filed its last report on March 22, 1922. The company was formerly located at Oklahoma City, Okla., and B. H. Markham of Oklahoma City was President. We have sent several letters to Mr. Markham and they have been returned marked "Unclaimed." The charter of the company was cancelled on Dec. 15, 1930 and said company is inoperative and dead. We searched our stock records back to 1922 and found no evidence that the shares have any value. Therefore, it is our opinion that the shares are worthless.

Maryland Coal Co. of West Virginia. This company is located at 21 West St., N. Y. C. and has been in receivers' hands since Nov. 1932. According to reports secured from the Vice President of the company, they have been working their properties from 1½ to 2 days per week, under the direction of the Court, and have been able to pay part of the creditors' claims. The company will continue operating on this basis until the creditors have been paid in full. It is impossible for the company to operate on a longer schedule as their coal has a very limited market. The shares are quoted from 25c to 50c per share. Recent sales have been at 25c per share. (6/23/36.)

Massillon Coal Mining Co. The following was received on August 28, 1930 from Mr. Wm. Collins, President, of the subject company located at 1300 Leader Bldg. Cleveland, Ohio. "The meeting of the shareholders held July 14, 1930 was adjourned until August 15, 1930. At the meeting held on August 15, 1930 there were present, either in person or by proxy 7,878 shares of the 10,000 shares of the capital stock of the corporation. At this meeting the offer of The Wheeling & Lake Erie Coal Mining Co. to purchase the real and tangible personal property and certain of the leases of the company on small parcels in the old Massillon district for $96,000. was accepted and the officers were authorized to convey such property to The Wheeling & Lake Erie Coal Mining Co. and the officers were further authorized and directed to liquidate all of the company's assets and to apply them so far as they will go toward the payment of its debts and liabilities and to wind up and dissolve the corporation. The liabilities of the company were approximately $443,000. while its assets, in addition to the property sold to The Wheeling & Lake Erie Coal Mining Co. for $96,000. were less than $20,000. so that in the liquidation there were not sufficient funds to pay the company's obligations. Your officers are proceeding to apply the proceeds from the sale of the property and from the disposition of the other assets to the payment of the debts of the company so far as they will go and to dissolve the corporation. We are advised that the shareholders are entitled to charge off during the year 1930 their entire investment in the stock of The Massillon Coal Mining Co. for Federal Income tax purposes."

Maxudian & Company, Inc. Incorporated in New York and was engaged in the oil business with an office at 25 Broadway, N. Y. C. in 1923. Yervant Maxudian, President; C. O. Dunaway, Secretary; R. Constantian, Treasurer. According to Mr. Hand of Gibes, Hand & McCabe of 111 Broadway, N. Y. C. the shares of this company may possibly be exchanged for stock of the Venezuelan Oil Syndicate, if they are the right shares. Mr. Hand would like to see the stock before he could pass on it. The new shares have no market. (1934.)

May Day Mining & Milling Co. This company was consolidated with the Uncle Sam Consolidated Mining Company to form the Mountain View Mining in 1924. The stock was exchanged share for share. There were two assessments on the new stock, the last being 1 cent per share in Sept., 1927. If your shares were not exchanged the new shares held for exchange were apparently sold for assessments and the shares you hold of the subject company are therefore worthless. (1934.)

The charter of this company was cancelled on Aug. 8, 1921. Stanley Thomas, President, McAlester, Oklahoma; Elmo Smith, Secretary, McAlester, Oklahoma. On October 5th, we sent letters to both of the above officers and they were not answered nor returned. Banks in the vicinity of where the company was located, stated that they know nothing about these companies. It is our opinion that the shares of the McAlester Buick Company are without value.

McCabe Extension Mining & Milling Co. Organized in Arizona on July 14, 1900 and was located at Prescott, Arizona. The property consisted of sundry claims, adjoining the McCabe mine. On Dec. 27, 1902 it was reported by the U. S. Investor that the property was not being operated on account of some friction and misunderstanding among the stockholders, which caused the shutdown of the property and some change in the officers. The indebtedness at that time was about $10,000. In 1904 it was reported by the Mines Information Bureau, that the company had suffered internal dissensions, during which the original promoters stepped from under and left the property moribound. The property has never been operated since, and it is believed that the claims were lost by default. We found no value to the stock and therefore believe the shares are without value.

McCarthy Inserting and Sealing Machine Co., Inc. Value of capital stock. Incorporated in New York and was engaged in the machinery business with an office at 145 Lafayette St., New York City, in 1929. The last known directors are as follows: Lewis A. Olsen, 61 W. 106th St., New York City; Florence McCarthy, 210 W. 84th St., New York City; Albert W. Gould, c/o Hallgarten & Co., 44 Pine St., N. Y. In 1930 no further trace of the company could be found. Mr. Gould informed me that the company has been unable to market its machine and is in a dormant condition. (1935.) There was absolutely no market for the capital stock at any time near the date of death. Therefore I believe the shares had only a nominal value as of April 24, 1934.

McClinton Mining Company. Incorporated in Mono County, Calif. on Nov. 3, 1877. Our mining record for 1878 shows that the company did some development work that year. Poole's Mining Directory for 1898 does not list this company, and therefore believe the company went out of existence sometime before that year. According to our records, very little mining was done in Mono County. In view of the above, we believe the shares are without value.

McGregor Realty Corporation. This company operates the McGregor Links on the outskirts of the city of Saratoga Springs, New York. It is a property with an investment in excess of one half million dollars but, like the average golf course has lost heavily in memberships during the depression and is now (1935) struggling along with income not sufficient to meet its annual charges and operating expenses. A forced sale of the property would probably not bring enough money to retire its $63,000. of bond indebtedness. You will appreciate, therefore, that its shares of stock are absolutely without value at this time.

McKelvey Machinery Co. Reported to have been incorporated in Ohio. The Corporation Accountant of the Tax Commission of Ohio reports that this company does not appear on his records or those of the Secretary of State. A Mr. Edward Ehrbar, Sr. represented this company in 1907. In our 1908 book we found that the company was a New York Corporation, but was located at Cleveland, Ohio. The New York office was located at 9 Albany St., N. Y. C. President, Edward P. Ehrbar; Secretary, Alfred J. Kennedy. It was reported that the company dissolved in 1912. The charter was subsequently declared void by Proclamation. We found no value to the stock and therefore believe the shares are without value.

Memphis & Gulf Railway Co. The Government of Mississippi authorized the granting of a charter in 1903 to this company for the purpose of building a railroad from Memphis, Tenn. through Mississippi to Pensacola, Fla. The incorporators were: A. S. Lyman, New York City; Oliver H. P. Cornell, New York City; Chas. H. Blair, 43 Broad St., N. Y. C.; L. W. Moen, Newark, N. J.; Chester H. Pond, Morehead, Miss. The Cornell Construction Company was incorporated under the laws of New Jersey the same year to build the Memphis & Gulf Railway. The officers of this company were the same as listed above. This company went out of business in 1905 and lost its charter in 1907. Chas. H. Blair, formerly one of the directors, was an attorney, located at 80 Broadway, N. Y. C. He died in 1910.

Memphis & Gulf Railway Co. We addressed a letter to Chester H. Pond, formerly President of the company, located at Morehead, Miss. and received the following communication from Louise Pond Jewell (Mrs. Ogden Jewell) on May 12, 1935 as follows:

Name State Date Charter Forfeited

"I am sorry about this. My father, Chester H. Pond died in 1913, 23 years ago, really of a broken heart because his business associates in whom he trusted manipulated matters so that they got him out of the company while he was temporarily ill, and then wrecked the whole undertaking. It was the knowledge that many had trusted him and might lose through this criminal action on the part of others, that broke his heart and cost his life. He had no part in the company at all, after Dec, 1911, and the road was abandoned during the next year." It would appear that the bonds of this company are entirely worthless.

Memphis, Kansas & Colorado Ry. Absorbed by Kansas City, Fort Scott & Gulf RR.

Memphis & Little Rock RR. Chartered in 1853. There were several foreclosures and as many reorganizations, before the property came into the possession of the Choctau, Oklahoma & Gulf RR. in 1898. Due to the above, the records are incomplete and do not indicate whether any equity remains to any bonds that may be outstanding. We would be interested in tracing any particular issue in order to determine its value.

Memphis & Paducah RR. Reorganized about 1876.

Memphis Promoting Syndicate. Incorporated in South Dakota and its term of existence expired by the limitation of its charter in 1926. We found no value to the stock and therefore believe the shares are without value.

Memphis Steel Securities Corp. Del. 1934.

Memphis Telephone Co. (Tenn.) The Southern Bell Telephone & Telegraph Co. of Atlanta, Ga. informed us on Sept. 18, 1934 that the Cumberland Telephone Co. acquired the properties of this company and the Memphis Long Distance Co., but it did not acquire the companies. It assumed fifty per cent of the bonds, the other part being cancelled. Presumably the stock of both companies are worthless, otherwise the bondholders would not have relinquished part of their lien.

Mergenthaler-Horton Basket Machine Co. Company was organized under the laws of Maine in 1901 to engage in the business of making grape and other fruit baskets with an authorized capital stock of $10,000,000. par $1. with the following officers. S. B. Parkhurst, president; Sidney B. Whitlock, secretary; Charles B. Barlow, treasurer and an office at 253 Broadway, New York City. Company built a factory at Paducah, Ky. reported to have cost $750,000. and it was also stated that $200,000. was spent in advertising by which the company was able to sell large quantities of this capital stock. In 1907 they were doing a good business, took too many orders and could not fulfill them. In 1907 an action started by stockholders put the company into the hands of receivers. The assets were sold and an attempt to reorganize was made by the incorporation of the Federal Crate & Basket Co. which organized under the laws of W. Virginia in Sept. 1908.
Mergenthaler Horton Basket Machine Co. The stockholders of this company received the right to purchase stock of the Federal Crate & Basket Co. We have a notice from the receiver of the latter company dated Sept. 15, 1935 stating that creditors would only receive about 30% of their claims leaving no equity for the stockholders. The shares of both companies are entirely worthless.

Metropolitan Bankshares Corp. Incorporated in Maryland February 14, 1929, to engage in buying, holding, selling and dealing in the shares of banks and trust companies, and the shares of companies which confirmed their purchases or holdings to this character and type of investment; and maintained an office at 43 Exchange Place, N. Y. C. The company's holdings consisted mainly of Class A stock of Continental Metropolitan Corporation which was issued in exchange for the company's portfolio. Control of the Continental Metropolitan Corporation we understand passed to a client of S. P. Woodard & Co. The Continental Metropolitan Corp. was located at 43 Exchange Place, N. Y. C. in 1931. In 1932 no further trace of the company could be found. In April, 1932, Keane's Manual of Investment Trusts reported that the Continental Metropolitan Corp. and its subsidiaries, were inactive and in process of liquidation. There was absolutely no market for the shares of the Continental Metropolitan Corp. in 1932, and therefore believe said shares became worthless that year. This is confirmed by the Secretary of State of Maryland in his report dated February 1934 in which it states that the Metropolitan Bankshares Corp. lost its charter having failed to file reports for two years. Therefore it is reasonable to assume that the shares of the Continental Metropolitan Corp. held by the Metropolitan Bankshares Corp. became worthless when the Continental liquidated in 1932.

Metropolitan Chain Stores Inc. (Del.) Following a voluntary petition in bankruptcy filed Dec. 12, 1931, Federal Judge Francis G. Caffey appointed the Irving Trust Co. as receiver. The petitions were filed by Loew & Dougherty, attorneys, of 111 Broadway, N. Y. C. Liabilities were listed at $1,598,602. and assets at $2,431,314. The petition stated that the company was unable to raise sufficient liquid funds to continue business or to pay their debts. The Irving Trust Co. informed us that the sale of the assets in this bankruptcy was consummated on January 16, 1933 and the cash realized through this sale was only sufficient to pay two dividends aggregating 29.95% to general creditors. The final distribution was made on Dec. 11, 1933. However, the Irving Trust Co. informed us that Mr. H. L. Green made his offer for the assets in 1932 and it was known at that time that if the offer were accepted the creditors would not have been paid in full. The offer was not accepted and approved by the court until January 16, 1933.

Metropolitan Finance Company. Afterwards known as Metropolitan Credit & Discount Corp. Incorporated in Illinois and in 1934 the Metropolitan Credit & Discount Corp. was located at 105 W. Madison St., Chicago, Ill. President, M. S. Landfield, 1025 Sheridan Rd., Chicago; Secretary, C. Connel, 4404 N. Rockwell St., Chicago. In 1935 the Metropolitan Credit & Discount Corp. was not listed in the Certified list of Domestic & Foreign Corporations of the State of Illinois. Our correspondent at Chicago informed us on July 21, 1936 that a petition in bankruptcy was filed on June 19, 1935 in the Federal Court at Chicago, Illinois, Docket 60321. We found no market for the shares since 1934. Apparently the shares became worthless when the company went into bankruptcy in 1935.

Metropolitan Finance Corp. Incorporated in Delaware in November, 1918 as the Metropolitan Credit Corp. to do a general financing business, handling time paper, open accounts, trace acceptances etc., for manufacturers of automobiles, washing machines and vacuum cleaners, also to underwrite issues of other corporations. Authorized capital 10,000 shares pfd. par $100. and 10,000 shares common no par value. Stock was offered in January, 1919. Name changed in October, 1921 to Metropolitan Finance Corp. Capital stock authorized 100,000 shares common, no par value and $10,000,000. preferred par $100. The subsidiaries of the company were the Marlin Fire Arms Corp. of New Haven, the New Fiction Publishing Co., publishers of Snappy Stories, Popular Radio and other periodicals, the Price Food Products Co. and the Security Credit Corp.; the last named was in process of liquidation in July, 1923. Dividends were paid regularly on preferred stock to October 20, 1922, no dividends on the common stock. A bill of complaint was filed in May, 1923 in the U. S. District Court at New York in receivership proceedings against the corporation and its subsidiary the Marlin Fire Arms Corp. In February, 1923 it was reported that Harvey Fiske and Sons, New York, acquired control of the Metropolitan Finance Corp. through ownership of more than half of its common stock. Frank A. Lord and Samuel Flak were appointed equity receivers by Judge Goddard of the U. S. District Court of N. Y. July 27, 1923 under $50,000. bond. Corporation reported bankrupt in 1924. The charter was repealed on January 26, 1926. We believe the shares are worthless.

Metropolitan 5 to 50 Cent Stores, Inc. Formerly of New York. Only asset was stock of Metropolitan Chain Stores, whose assets were sold in bankruptcy proceedings in May, 1933. Creditors received only 10c on the dollar; therefore stock of both companies are worthless.

Mexican International Railroad. Value of $5000. of First Cons. 4% bonds due 1977 with March, 1915 and subsequent coupons attached. J. P. Morgan & Company, depository for these bonds under the plan of 1922, informed us that they are not accepting any further deposits. The deposited bonds or assented bonds, are listed on the New York Stock Exchange and are quoted at 1 bid. Morgan & Company further stated that in the event that any future plan is contemplated some provision will be made for the undeposited or non-assenting bonds.

Mexican Mining & Smelting Company. Incorporated in Maine and filed its last return in 1913. The company lost its charter the same year. Our mining records dated 1908 state that the company's property was idle and that the first mortgage bonds were in default. The property was apparently foreclosed. We do not attach any value to the stock.

Mexican Mining & Smelting Co. Incorporated in New York on Oct. 11, 1901 and was located at New York City. The corporation was dissolved by Proclamation on March 13, 1926. The company was formerly located at 17 Battery Place, New York City and the following were the last known officers. President, Thomas H. Watkins; Secretary, A. E. Hunt, Jr. In 1910 letters were returned from former office at Williamsport, Pa. The Mines Bureau report the company idle in 1911. The New York office was abandoned in 1910. It is our opinion the shares are worthless.

Mexico Oil Corporation. Incorporated in Maine and although the corporation had its charter suspended in 1930 for non-payment of the franchise tax, Mr. Albert H. Pike, President of the company, now located at 85 John St., New York City informed us that the corporation still holds its properties in Mexico. The corporation is remaining in a dormant state until conditions improve. It is our opinion therefore that as the corporation still holds its properties the shares still have some book equity and cannot be considered as worthless.

Michigan Electric Railway Company. (Mich.) Value of preference shares & 5% 1st & Ref. Series A bonds. Acting on instructions of the Bondholders Protective Committee, Bankers Trust Company as Trustee declared due the principal of these bonds and instituted proceedings to foreclose the mortgage. A decree of foreclosure was entered in 1929 and the mortgaged property sold pursuant thereto. Under the decree, holders of the bonds, both "deposited" and "undeposited" were entitled to receive one share of stock of Michigan Electric Shares Corporation for each $100. principal amount of bonds. We are advised that on June 19, 1933 on petition of directors of the company, the Circuit Court for Jackson County, Michigan, decreed the Company dissolved and appointed a Receiver. Subsequently on November 18, 1933 the Court entered an order closing the Receiver's Estate and discharging the Receiver. We are advised that at the time of the dissolution of the Corporation, nothing was available for distribution to the stockholders. Therefore it is our opinion that the preference shares and the 5% 1st & Ref. Series "A" bonds of the company are without value.

Michigan Electric Shares Corp. In June, 1933 a receiver was appointed by the Circuit Court in the County of Jackson, Michigan, in Chancery for the corporation and its assets were to be liquidated. The Financial & Commercial Chronical published by Chas. B. Dana & Co. of New York City reported on September 30, 1933 that they were officially informed that it was not expected that sufficient will be realized to pay anything to the stockholders. On July 21, 1934, the Chronical reported that the corporation was dissolved in June, 1933 and the receiver was discharged by the Court in September, 1933, at which time sufficient was not realized to pay anything to the stockholders.

Middlesex Banking Company. Value of Special Debenture Bond No. 160 A, dated Sept. 1, 1907 and due Sept. 1, 1915. On Sept. 30, 1936 we received the following letter from Geo. R. Bond, 26 Mulberry Street, Springfield, Mass. "Replying to your letters of Sept. 10th and 29th, would say that absence from town has caused this delay, and the fact that I had to write the Middletown Trust Co. Trustee, for information regarding Middlesex Banking Co. Special Debenture Bond No. 160 A. Their reply is: We would state that it is not listed in our schedule of bonds in the Middlesex Banking Co. Trust. We understand that these bonds were written in connection with an issue of instalment bonds of that company. The bond was issued where a bondholder elected to discontinue payments on the original bond and receive from the banking company its direct obligation covering the paid up value of said bond at that time. This bond to mature on the same date of the original bond issued. These bonds we understand were not secured by a deposit of collateral." We assume therefore that these bonds are worthless.

The City National Bank & Trust Co. of Chicago, Ill. informed us on Aug. 12, 1935 as follows: A decree was entered January 6, 1934 in favor of First Mortgage Bondholders. On appeal by Second Mortgage bondholders, the matter was recently decided in favor of the First Mortgage Bonds. However, a petition was filed in the Federal Court and the property placed in reorganization under Section 77-B of the Federal Bankruptcy Act in the meantime and a Trustee under these proceedings is now in possession. A claim will be filed by the City National Bank & Trust Co. of Chicago on behalf of all First Mortgage bondholders. In view of the above it would appear that no loss has been suffered by the bondholders because the company may reorganize under 77-B. In the event of a reorganization the 2nd mortgage bondholders will in all events be recognized.

Miller Mining & Smelting Co. Incorporated in New York and according to W. A. Wilson, Trustee, located at 319 Dooly Block, Salt Lake City, Utah, the company has forfeited its charter. According to our mining records the company at last accounts in 1931, still held its property on Miller Hill, American Fork district, Utah County, Utah. Mr. F. DeP. Foster, now deceased was president, and also a director and trustee of the Central Hanover Bank & Trust Co. We wrote to Mr. Wilson regarding the stock and all we could get out of him was that the shares are worthless. The property of this company was leased over a period of years for substantial amounts but do not know what happened to all that money. We have not been able up to the present time to get a satisfactory statement. The Central Hanover Bank knows nothing of the affairs of the company. (1/15/35.) We suggest that you send a letter to Mr. Wilson to ascertain the present value of your stock.

Minneapolis & St. Louis R. R. On Dec. 4, 1930, a final decree of foreclosure was entered and filed, and ordered a sale to be held to satisfy the judgments. The road was offered for sale 13 times, but there were no bidders. It was reported on Oct. 24, 1936, that if a sale is eventually consummated, there would be nothing left for the stockholders. It was also reported that if the properties are reorganized, it is possible that holders of common stock may be given the right to subscribe for new securities; but said right, if given, will be of exceedingly small value.

Mississippi Valley Iron Co. A Delaware corporation licensed in Missouri on March 21, 1916, and forfeited its right to do business in Missouri on Jan. 1, 1933. We searched our Delaware records and found that the company has not lost its Delaware charter. We addressed several letters to the company at La Salle Bldg., St. Louis, Mo. and our letters have not been answered nor returned. (1936.)

Mississippi Valley Utilities Investment Company. Incorporated in Delaware on March 26, 1926 and was placed in receivership by order of District Court of the United States for the Northern District of Illinois on April 16, 1932, and Eugene V. R. Thayer of Chicago was appointed receiver. In a report dated April 5, 1934, the receiver reported that the company's principal assets were investments in the securities of other corporations and certain widely scattered real estate projects as follows:

New England Industries, Inc. (Book)	$12,856,017
Peabody Coal Co. (Book)	3,359,896
North Amer. Lt. & Pr. Co. (Book)	11,177,238
Amer. Central Utilities Co. (Book)	5,168.000
Central & Southwest Utilities (Book)	2,792,339
Texas Hydro Elec. Corp. (Book)	2,587,000
Real Estate	5,500,000
Miscel.	35,728
Total Book Value of Assets	$43,476,218

Liabilities.

Claims aggregating $26,000,000. had been filed against the company of which receiver recommended allowance for $3,000,600. The principal claim recommended for disallowance is the claim for $21,000,000. filed by Middle West Utilities Co. According to reports of July 9, 1935, Federal Judge Wilkerson at Chicago authorized receiver to accept the settlement agreement involving the $21,000,000. claim. This balance sheet is practically the same as the last published as of April, 1932, the end of their fiscal year.

Missouri & North Arkansas Ry Co. Certain securities of this company have value.

Missouri, Oklahoma & Gulf Railroad Co. Sold under a Reorganization Plan about 1919, which plan provided for the exchange of bonds of the Missouri, Oklahoma & Gulf RR. for new securities of the Kansas, Oklahoma & Gulf Ry Co. Default having occurred in the payment of interest in 1934 on the Kansas, Oklahoma & Gulf Series A bonds, foreclosure proceedings were again instituted and the road sold in accordance with an order of court, and reorganization plan effected to provide for an exchange of bonds of the Kansas, Okla. & Gulf for Preferred stock of the reorganized company. It would appear that the bonds of the subject company have no value.

Missouri Pacific Railway Co. The property formerly belonging to the Missouri Pacific Railway Company was sold under foreclosure proceedings on February 23, 1917 and was thereafter acquired by the present Missouri Railroad Company. Since that time the stock had no value except the privilege, which we believe is still open, to deposit it with the Central Hanover Bank & Trust Company, 70 Broadway, New York depository under the Plan of Agreement of Reorganization of the Missouri Pacific Railway Company, and St. Louis, Iron Mountain & Southern Railway Company. The old stock we believe was assessed $50. per share, which assessment was payable May 22, 1917 after which date interest at the rate of 6 per cent must be added to the amount of the assessment. We believe that each share of old stock on which the assessment with interest has been paid the depositor would be entitled to the following principal amount of securities of the present Missouri Pacific Railroad Company, $50. general mortgage 4 per cent bonds with accrued interest from June 1, 1917, $100. common stock. We therefore suggest that you get in communication with the Central Hanover Bank & Trust Company at 70 Broadway, New York. The securities, which we believe may still be obtained, but to no advantage for the new securities are selling for less than the assessment.

Missouri Pacific RR. 6% Ref. bonds, we understand, are worth about $473. per bond.

Missouri State Bonds. On the twenty-first day of October, 1861, Mr. C. F. Jackson, Governor of Missouri, and a southern sympathizer, who had left the state capital and gone into southern Missouri, called an extra session of the state legislature to convene at Neosho, Newton County, Missouri. That legislature adjourned from day to day for want of a quorum until October 28th, when, still without a quorum, they passed an act of secession, and voted ten million dollars for defense, and authorized the issuance of defense bonds for that amount. This act did not become a law until November 5th, at which time the legislature had gone from Neosho, Missouri, to Cassville, Barry County, Missouri. Governor Jackson signed this bill in Cassville, Missouri, on November 5, 1861. The bill provided for three commissioners, any one of whom might sign the defense bonds when issued. The defense bonds were issued in pursuance of this act, and of course never had any value except whatever value some Southern sympathizer was willing to allow during the war. Of course, upon the failure of the Confederate cause, these defense bonds became worthless. In addition, the fourteenth amendment to the Federal Constitution, Section 4, forever invalidated these obligations. Section 4 reads as follows: "Public Debt: The Validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave, but all such debts, obligations and claims shall be held illegal and void."

Mizrahi, Elia, Inc. N. Y. 1933.

Moa Bay Iron Company. The Moa Bay Iron Company, I understand, was a holding company, owning the entire capital stock of the Moa Iron & Development Corporation and the Levisa Mines Company. The Moa Iron & Development Corporation, it was reported, owned 150,000,000 tons of iron-ore, averaging over 45% metallic iron at Moa Bay, Oriente Province, Cuba. The Levisa Mines Company, it was reported, owned 100,000,000 tons of iron-ore situated south of Levisa Bay, Oriente Province, Cuba. The properties of these companies were amongst the earliest locations made. The mines as blocked out represented the richest portions of the field, having been selected out of original huge blanket locations after careful exploration. When the market crash came in 1929, the metal market suffered with it, tumbling metal prices to such unheard of lows, that not only the mines of the Moa Bay Iron Company were unable to operate at a profit, but practically the whole mining industry. In 1932, because of the generally depressed conditions of the mining industry the company found it impossible to meet its obligations; with the result that on June 9, 1932, its note issue was foreclosed, and the amount received was insufficient to pay the noteholders in full leaving no equity for the capital stock. By that and other proceedings all the assets of the Moa Bay Iron Company, were vested in a Delaware corporation called the Moa Bay Company. The Moa Bay Iron Company was dissolved by the State of Delaware on June 6, 1932. The balance sheet of the Moa Bay Iron Company reported by the Company as of December 31, 1931 showed the following:

ASSETS	
Accounts Receivable	$ 6,435.98
Due from Affiliated Co's	10,000.00
Investments	1,707,170.15
Treasury Stock	70,200.00
Int. paid holders of Secured Conv. Notes	40,104.14
Int. paid on Pitt-Marcer-Moyer Notes	13,650.00
Preliminary & Administration Expenses	$ 13,605.00
TOTAL ASSETS	$ 1,861,165.27
LIABILITIES	
General (Accounts Payable)	$ 27,720.00
Due Affiliated Co's	5,945.27
General (Notes Payable)	26,000.00
Capital Stock	1,493,800.00
Surplus	103,300.00
Due Subscribers on Sec. Conv. Notes	181,200.00
Comstock & Westcott (Option Account)	23,000.00
	$ 1,861,165.27
Book Value Per Share	26.73

The share of the Moa Bay Iron Company had a book value of $26.73 per share as of December 31, 1931, as shown by the company's financial statement attached to its income tax return for the year 1931. It is therefore my opinion that the shares of the Moa Bay Iron Company for the first time definitely became worthless in 1932 following foreclosure of its note issue on June 9, 1932 and its dissolution on that date.

Molecular Telephone Co. Incorporated in New York and according to the Public Service Commission of the State of New York, they have no record of this company. When utility companies are incorporated and are actively engaged in business, their reports are filed with the Public Service Commission. It is reasonable to believe, therefore, that the company never progressed beyond the development stage. In 1911 it was reported that the company had an office in New York City before 1885 and had ceased business in 1888, at which time no value was found for the stock. It is our opinion therefore that the shares are worthless.

Letters addressed to the company at Nashville, Tenn. were returned marked "unknown." Chairman W. O. Donovan, Vidalia, Ga. Letters addressed to Mr. Donovan have not been returned nor answered. The company had a bond issue of $57,400. which was secured by a first mortgage on the company's property. According to mining records the plant was closed in 1922. The company is out of business and in view of the bonds outstanding I do not believe the shares have any value.

Modock	7584	9	2

The company has not filed any reports since its incorporation.

Montana-Chicago Mining Co. According to the Union Bank & Trust Co. of Helena, Montana, this company's property is situated in a good mining district. Mr. I. K. Rosenfield of East Helena, Montana, informed us on Dec. 1, 1935 as follows: "that this company has not operated for a number of years, owing to lack of finances. The showing of commercial ore on the 200 foot level and in the tunnel is very good and especially so at this price of gold." The taxes have been paid up to date and the property is owned by the company. An effort is being made to dispose of the property on a bond and lease and has been so voted.

Montana Farming Corporation. Hardin, Montana. Incorporated in 1917 as a war measure to grow wheat on a large scale and was liquidated and dissolved in April, 1921, after certain shareholders had donated the money necessary to pay the bills outstanding at that time. Mr. Thomas D. Campbell, President of the company, took over certain of the assets and liabilities of the company in another corporation of the same name. Shares issued prior to April, 1921 are therefore worthless. Mr. Francis H. Sisson, formerly Vice President of the Guaranty Trust Co., New York City, who was a director of this corporation informed us in May, 1932 that the company is out of business and the stockholders realized nothing on their investment. In view of the above we submit the shares as worthless.

Bristed, Lakeside, Lenox, Mass. as Secretary. Advised by the state auditor that company is delinquent for license tax of 1907 and for this reason has no standing as a West Virginia Corporation. Therefore we believe the stock worthless.
Montauk Gas Coal Company. Incorporated in New York in 1870 and had an office at 64 Broadway, New York City. The company was engaged in the coal mining business in Taylor County, West Virginia. In 1893 it was reported that the company had not operated their properties for five years and were in litigation. In 1903 it was reported that the bonds of this company had no ascertainable value. The Central Hanover Bank & Trust Co. of New York reported that they had never received any funds to pay on the coupons nor any funds to pay on the principal of the bonds. In view of the above we believe the bonds are without value.

Montezuma Silver Mines Corp. The Montezuma Silver Mines Corp. was incorporated under the laws of the State of Nevada on Oct. 5, 1917 and was located at Goldfield, Nev. In 1925 the company developed through a new shaft, which opened high-grade ore. No other work was noted until 1928 when a little development was done. On June 10, 1931 it was reported that activities would be resumed. It was reported that the assessed value of the property was about $15,000. or $20,000. on Dec. 31, 1931. The company also had several thousand tons of ore on the dumps ready for shipment. We were informed that the company was notified in June, 1932 to the effect that they were in arrears for several years on their property tax and if said tax was not paid, the property would be sold at public auction for taxes. On July 1, 1932 the company became delinquent and temporarily forfeited its charter to do business legally. Therefore it is our opinion that the shares became worthless in 1932.

Montie Consolidated Gold Mining Company. Incorporated in Oregon on Sept. 12, 1902 but was dissolved by Proclamation on Jan. 4, 1910. The incorporators were John Schmitz, Isidor Fuchs, and W. L. Winson, all of Baker City, Oregon; and the last annual report filed for the year which ended July 30, 1906 shows the officers to have been: Wm. S. Vinson, President, Baker, Ore.; G. S. Graham, Secretary, Baker, Ore.; Principal Office, Baker, Ore.; James A. Drake, Treasurer, Corning, N. Y. Our mining books show no record of this company's operations and therefore believe the shares are worthless.

Mook Oil & Gas Company. Value of stock dated 1909. Incorporated in Oklahoma and lost its charter in 1923. In 1919 the company was located at McAlester, Okla., with a branch at Kansas City, Mo. President, Walter Brady, Kansas City, Mo.; Secretary, W. A. Hinchman, Kansas City, Mo.; Treasurer, W. A. Moses. It was reported that the company paid yearly dividends of 10%. It was reported that the company owned 2,000 acres in fee in Washington County, Okla. and drew royalties from wells drilled by lessees. Mr. William Walter Brady, an attorney, and former President of the company, now (1936) located at Scarritt Bldg., Kansas City, Mo., informed us on May 4, 1936 that the company received royalties for several years until the full purchase price of the property was returned to the stockholders. Then the wells began to dwindle down in their production, and it was determined to sell the property. The sale was made in 1920 for $65,000. of which $40,000. was paid in cash and distributed to stockholders and balance of $25,000. was represented by five notes of $5,000. each. These were all paid when they came due, and each year distribution was made over a five year period. The final distribution was made in January, 1925. When all the money was distributed the company ceased to exist. The shares therefore have no value as all the funds were distributed.

Mooney James, Inc. Incorporated in New Jersey on July 24, 1924 and was located at 42 Church St., Montclair, N. J. and James Mooney was the registered agent. Mr. William E. Decker, of the firm of Insley, Decker & Cross, located at 239 Washington St., Jersey City, N. J. who were formerly attorneys for the company, informed us that the company stopped doing business in 1930. Mr. Decker further stated that even while the company was in business the stock was worth little or nothing, and since 1930 we understand that the company has been insolvent.

Name State Date Charter Forfeited

The charter of the company was forfeited in January 1933 for the reason that it filed no report nor paid any tax for the year 1930. Therefore it is our opinion that the shares became worthless in 1930.

Moose Smelting & Refining Co. Value of First Conv. 6% Bonds due 1931. Incorporated in Colorado and expired by limitation on January 31, 1931 and its charter has not been renewed. On Dec. 26, 1928 two bonds of this company were sold at auction in Philadelphia at $3. for the lot. Mr. Fernando Henriques former secretary of the company is an attorney located at 342 Madison Ave., N. Y. C. Mr. Henriques stated that the Scott Bond & Mtge. Co. went out of business about 1913 at the time the subject company failed. It is also his opinion that the bonds of the subject company are without value. We searched our mining records since 1912 and found no record of the company's operations. Apparently the property had little value as suit was never brought to foreclose on the company's property. It is our opinion that the bonds are without value.

Mother Lode Copper Mining Co. Incorporated in New York on Sept. 3, 1902 and had an office at 18 Broadway, N. Y. C. in care of Wm. D. Elger and at Virgilina, Va. in care of Jos. H. Morong. Straley & Hasbrouck, attorneys for the company, located at 256 Broadway, N. Y. C. informed us that their client, apparently one of the principals, was Mr. Elger, who died in 1917 and it is possible that the company is out of existence. We found no record of this company's operations and therefore believe the shares are without value.

Motol, Inc. Incorporated in Delaware and was located at Powers Lane at 72nd St., Phila., Penna. in care of Old Guard Lubricants, Inc. Motol, Inc. held a patent on some lubrication process. This patent was assigned to a subsidiary of the Old Guard Lubricants, Inc. for a stock consideration. The Old Guard Lubricants, Inc. and its subsidiary went into receivers' hands about 1932 and when the receivership was wound up there was no equity left for the stockholders. Therefore, the stock of Motol, Inc. was left without any equity and the shares are without value. (1935.) The patent is now being used by Old Guard Refining Co. at the above address. No provision was made for the old stockholders.

Mutual Investment Company. Incorporated in South Carolina on Oct. 30, 1895 and was located at Charleston, S. C. Its charter was cancelled on March 16, 1936. The County Treasurer of Charleston County, Charleston, S. C., informed us on Oct. 15, 1936 that there is no record of this company on their tax books. Letters addressed to the company were returned marked "unknown." The company apparently went out of business years ago and its charter expired by limitation. We do not attach any value to the stock.

Wiman; Treasurer, Daniel N. Morgan. Office at this time 307 Broadway, N. Y. C. The New Jersey Charter of this company was declared null and void by proclamation on January 5, 1904, and no trace can be found of the company since that year. The stock has not been traded in for some time and we have no record of sales made for more than five years. Therefore it is our belief that this company ceased operation in the year of 1904 and that the stock is worthless.

Mutual Profit Realty Company. On Nov. 18, 1918 this company conveyed all its assets to the Mupro Realty Corp. in exchange for the entire capital stock of that company, which was then transferred and delivered to C. M. W. Keck as trustee under a trust agreement dated Jan. 15, 1919 for the benefit of creditors of the subject company. On August 9, 1921 a receiver was appointed for both companies. All the assets of both companies were sold by the receivers and the proceeds were applied to the payment of taxes, assessments, mtges., judgments and other liens upon the real estate, etc. The receivers turned over to the trustee $55,137.43 in cash and two mtges. in the principal amount of $55,000. for the benefit of creditors. As of Aug. 31, 1929 the trustee was authorized to distribute the above pro rata among the bondholders.

Mutual Profit Realty Co. We were informed by Frank D. Pavey, attorney for the receiver, that proofs of claims were to be filed by a certain time and all who did not file claim were forever barred from sharing in any future distribution and those bonds are without value. (1935.)

Bellows, formerly Treasurer of the company. A letter addressed to Mr. Bellows was returned. In October, 1916 this company purchased a 90% interest in the Nancy Hanks Mining & Milling Co. for $150,000. cash and 25,000 shares of its stock. The Nancy Hanks Mines was operated until the World War when it shut down. Both companies have been idle since then. The property is subject to a bond issue of $100,000. The charter of the company was suspended in 1918. In view of the outstanding bond issue it is unlikely that the stockholders realized anything. We believe the shares are worthless.

Nassau Hotel & Steamship Co., Ltd. Incorporated in Bahama Islands and was located at 23 W. 43rd St., N. Y. C. in 1922. The following were the last named officers: President, Wm. D. Becher; Vice President, A. E. Matthews; Vice President, Chas. Alison; Treasurer, Frank Holmes. In 1923 no further trace of the company could be found. The last sale we found of the capital stock occurred on April 30, 1930 when 40 shares sold at auction for $1. the lot. In view of the above it is our opinion that the preferred and common shares are without value.

National Assets Corporation. Incorporated in Delaware and was located at 527 Fifth Avenue, N. Y. C. in 1930. In April, 1930 the company was temporarily enjoined from further dealing in securities. On March 5, 1932, the company was permanently banned from further sales of stock and securities. After the injunction was signed, Dennis Hurley of 32 Court St., Brooklyn, N. Y. was appointed receiver. Mr. Kaufman of the firm Olvany, Eisner & Donnelly, located at 20 Exchange St., N. Y. C., the attorney for the receiver, informed us that the company was declared bankrupt in 1932. The shares were last quoted in units of 1 preferred and 1 common in 1931. On April 8, 1932, Steelman & Birkins, brokers of N. Y. C. bid 5 cents per share for the common stock. There was absolutely no market for the stock after that date at any price. Therefore, in view of the above, it is our opinion that the shares became worthless in 1932.

National Provident Union. Incorporated in the State of New York on January 24, 1883 as a membership fraternal society. It was reincorporated on Sept. 18, 1893, under chapter 690 of the Laws of 1893, Volume 66, Page 208, under the supervision of the Insurance Dept., of the State of New York. The Insurance Department informed us on Sept. 2, 1936, as follows in regard to bond No. 5289 issued to Ezra Miller: "... the National Provident Union was taken over for liquidation on December 23, 1909, pursuant to an order of the Supreme Court of the State of New York. The total liabilities of the company were $124,057.73, while the assets realized amounted to $16,011.49. Policy claims, preferred were paid in full, $1,000.00, policy claims, general, amounting to $123,050.00 received 11.95% and miscellaneous claims totaling $7.73 were paid 12.82%. The proceeding was closed on November 3, 1910. According to the above letter all the assets of the National Provident Union were disposed of and closed out by Nov. 3, 1910.

National Provident Union. The Insurance Department of the State of New York, informed us on September 18, 1936, that they have examined the liquidation records of the above society and found no reference to any claim filed by Ezra Miller. The assets of the society were not sufficient to pay in full the death claims as fixed and allowed in the Supreme Court order dated November 3, 1910, and entered in the office of the Clerk of Kings County. The funds in the proceeding were distributed according to court direction. It is our opinion therefore that the National Provident Union bond number 5289 for $1000. is without value.

National Public Holding Co. Del. 1934.

National Public Service Corporation. As Trustee in Bankruptcy of the above named Bankrupt, we acknowledge receipt of your letter of November 30, 1936. The estate of the Bankrupt is now practically liquidated. For your information, the Trustee in Bankruptcy at present has on hand from the realization of assets approximately $111,000., and it is estimated that the balance of the assets will have only a nominal value. General claims that we estimate will be allowed against the bankrupt estate will approximate $20,000,000., on which no dividends have been paid as yet. Before any distribution can be made to stockholders, creditors must be paid in full. It is apparent, therefore, that there will be nothing for stockholders. All transfer agents have resigned and there are no facilities available for transferring any class of stock of the Bankrupt. The Commissioner of Internal Revenue advised us under date of January 16, 1936, that for income tax purposes the stock became valueless in 1933 and losses resulting from its ownership may be taken only as of 1933.

National Public Utilities Corp. This corporation is still in the hands of Trustees, (October, 1936), and is located at 620 Packard Bldg., Phila., Pa. Until there is a reorganization, there will be no change in the status of the 6% debentures due 1940. A Plan of Reorganization has been filed with the Court by the Reorganization Committee, which Committee, we understand, represents all the necessary securities to effect a Plan of Reorganization, excepting the common stock. We were informed that 1/4 of 1% may be paid for the 6% debentures due 1940 at this time. (Oct. 1936.)

National Republic Stockholders' Trust. Value of cft. of Beneficial Interest. The National Republic Stockholders' Trust was created for the benefit of the stockholders of The National Bank of the Republic at the date of the formation of the Central Republic Bank & Trust Co. Each stockholder of the National Bank of the Republic as of that date, received one certificate of beneficial interest in this trust for each share of National Bank of the Republic stock held by him. The holdings of this Trust consist of the entire capital stock of The National Republic Company, which company in turn holds all of the assets of The National Bank of the Republic not taken into the Central Republic Bank & Trust Co. However, under the consolidation agreement the National Republic Co., assumed certain obligations. These obligations consisted of a guarantee of all of the loans and certain other items contributed to the consolidated bank by the National Bank of the Republic, and its affiliates as well as all undisclosed liabilities of the National Bank of the Republic and affiliates which might develop after the consolidation. The assets of The National Republic Co., are being liquidated and after all of the obligations assumed by this company have been satisfied any further amounts realized from this liquidation will be turned over to the National Republic Stockholders' Trust for distribution to the holders of certificates of beneficial interest. It is impossible to estimate what amount if any may be eventually realized on the certificates which at the present time have no market value. (9/19/1935.)

Nedick's, Inc. Incorporated in Delaware in June, 1927, to acquire the entire capital stock of the Burnee Corporation, and had its principal office at 1775 Broadway, New York City, New York. On January 1, 1931, the company defaulted in payment of interest on its funded debt. A plan of reorganization of the company and its subsidiary, Burnee Corporation, dated April 28, 1931, was proposed by the reorganization committee. The plan provided that a new company was to acquire all the stock of Burnee Corporation. The 6% Income Debentures of the new company were to be issued at the face amount thereof in payment of loans held by banks and others. The $6. Class B preferred stock was to be issued at $100. per share in exchange for the 6% Collateral Trust bonds on the following basis: 10 shares of B preferred and V. T. C. representing 50 shares of common stock for each $1000. face amount of such bonds. Holders of common stock of Nedick's, Inc. were to receive one share of new common for each three shares of old stock held. All the right title and interest of Nedick's, Inc. and of the Trustee under the indenture of Nedick's, Inc. dated as of July 1, 1927, in and to 20,000 shares of the stock of the corporation were sold at foreclosure sale in 1931. On August 8, 1931, it was reported that the Reorganization Plan dated April 28, 1931 was declared operative on July 22, 1931. The new company formed was Nedick's Corporation. Nedick's Corporation was formed on July 7, 1931, to succeed Nedick's, Inc. by exchange of securities. The entire assets of this corporation consisted of all the stock of Burnee Corporation and Nedick's Company, Inc. In December, 1933, Burnee Corporation filed a voluntary petition in bankruptcy. Nedick's Company, Inc. the second operating company, was petitioned into bankruptcy by its creditors on March 1, 1934. The Condensed Consolidated Balance Sheet of Nedick's Corporation, Burnee Corporation and Nedick's Company, Inc. as prepared by S. D. Leidesdorf & Company, Certified Public Accounts, located at 125 Park Avenue, New York City, New York, as of July 31, 1933, disclosed the following:

ASSETS	
Current Assets	$ 127,909.44
Other Assets	42,888.69
Fixed Assets, Less Reserve for Depreciation and Amortization	399,942.25
Leaseholds, as per appraisal of C. F. Noyes National Realty Co. November 24, 1930, less appraisal on those locations since cancelled or expired	638,000.00
Goodwill	1,096,438.61
Deferred Charges, including unamortized reorganization expense	72,141.32
Total Assets	$2,377,320.31

Total Liabilities	$2,377,320.31

The above balance sheet carries a Goodwill value of $1,096,438.61. These companies had no Goodwill value as of July 31, 1933. After eliminating Goodwill from the balance sheet, the assets as so adjusted amount to $1,280,881.70, against which there were liabilities other than capital of $1,529,266.11. It was foreseen as of July 31, 1933, when the capital stock of Nedick's Corporation had no equity, that the companies were heading towards bankruptcy, and that in a final disposition of their assets the stock would be wiped out. Subsequently in December, 1933, when the Burnee Corporation went into bankruptcy, it is obvious that the shares were then worthless, and it was only a matter of time when the Nedick's Company, Inc. would be forced into banruptcy by its creditors. The entire assets of Burnee Corporation and Nedick's Company, Inc. were sold by the Trustee and Receiver in April, 1934. The amount received from the sale was sufficient to pay the creditors only a small fraction of their claims.

Nevada Bellevue Copper Co. (Wash.) Stock was reported to have a liquidating value of from 2c to 3c per share.

Nevada Boy Goldfield Mining Co. Incorporated in South Dakota and its term of existence expired by limitation in 1924. As the company failed to file any reports since incorporation, it is our opinion that the company did not get beyond the development stage and the shares are without value.

Nevada Capital Gold Mining Company. Incorporated in Arizona to develop certain property in Mexico, which proved to be unmineralized. The company went out of business. The charter of the company was revoked on June 14, 1927. The company has failed to file reports since incorporation. The shares in our opinion are entirely worthless.

Nevada Greenwater Mining, Milling & Smelting Co. Incorporated in Arizona in 1906, and is legally dead, its charter having expired by 25 year statutory limitation on November 23, 1931. The company failed to file reports or pay fees since incorporation. Our "Copper Handbook" reports that the President of the company was a convicted felon and the whole venture was a stock jobbing scheme. The shares are without value.

Nevada-Juneau Mining Co. Del. 1936.

Nevada Sheba Silver Mining Co. This company was incorporated under the laws of the State of Nevada on May 14, 1920. The articles of incorporation were filed at the request of S. H. Brady, Reno, Nev. The company is now delinquent in the amount of $52.50 for failure to file lists of officers and pay penalties from July 1, 1928 to date. The last list of officers filed shows: W. C. Lamb, President, 544 University Ave., Reno, Nev.; A. H. Sexton, Sec'y, 450 N. 4th St., Phila., Penna.; W. E. Lamb, Agent, 544 University Ave., Reno, Nev. When companies become delinquent they temporarily forfeit their charters to do business legally, but may be reinstated at any time. It was reported that the company's mill burned in 1920 and was dormant thereafter. Apparently the company held its property until 1928 when it ceased to pay its franchise tax. It is probable that the company still holds property, but is remaining in a dormant state.

New Age Publishing Company. In 1924 the New Age Publishing Company which was a Socialist Company although not party-owned, got into serious financial difficulties an aftermath of party persecution during and following the War, etc. Finally the paper they published, the New Age, suspended publication May 1, 1924 and shortly afterward they were forced to sell the printing plant at a sacrifice. The creditors of the company took over what few assets there were, bills receivable, etc. However they could not touch the proceeds of the sale of the printing plant because that was subject to a bondholders' mortgage. Bonds were issued in 1917 or 1918 at $5. each. They did not realize sufficient from the sale to pay more than $3. for every $5. bond surrendered.

New England Consolidated Mines. Value of capital stock of no par value. Organized in 1927 as a consolidation of several companies in the Grass Valley District of Calif. The company owns the Banner Consolidated property located in Nevada County, 11 claims in the Grass Valley district and several other properties. The last known address of the company was 108 High St., Grass Valley, Calif. in care of A. R. Archibald, President. The public offering of the stock was made by R. F. D. Lemon, 141 Broadway, N. Y. C. in 1929. No further trace of Mr. Lemon can be found. Since the public offering, the shares have had no market value at any price. The "Oil Broadstreet & Mining Directory" of California listing all mining companies in California, does not show any record of ths company's operations. It is our opinion that the shares have little, if any, value at this time.

New England Phonograph Company. Incorporated in Maine in 1888 and controlled the phonographs of the North American Phonograph Co. The company sold the machines outright and in February, 1894 were doing a little better than covering expenses. President, Gen. A. P. Martin; Treasurer, Eugene N. Foss. In 1909 according to the last report filed by the company, the following were officers and directors. President, John E. Helm, 261 Broadway, N. Y. C. Treasurer, Joseph F. McCoy, 261 Broadway, N. Y. C.; Directors, James W. Purdy, Jr., Montclair, N. J.; William Pelzer, 17 John St., N. Y. C. The company was excused on June 7, 1910 having ceased to transact business. According to Mr. Pelzer, there were several companies of this name incorporated in New York, Ohio, Maine and several other states. He stated that a James Andrew of Cincinnati, Ohio was the moving spirit in the company. The company had considerable litigation with the Edison interests, and according to Mr. Pelzer a settlement was made and all the companies were completely wound up. In view of the above, we believe the shares of the New York, Ohio & Maine companies are now without value.

New Orleans, Baton Rouge & Vicksburg RR. Value of 8% bonds due 10/1/1910. Action was brought by Chamberlain against the Union Trust Company, to recover the par and interest of certain bonds issued by this road and was dismissed in Jan., 1915. From reports received, it appears that this road executed a mortgage in 1870 covering after acquired property and another mortgage in 1872 covering a land grant. The railroad it seems did not build any portion of its road or even lay out a line definitely but, after the time to do these things expired, assigned its

Name State Date Charter Forfeited

rights to the New Orleans & Pacific R. R. Company, which subsequently built a line of railroad and obtained patents of public land from the Government. Several suits were brought by bondholders to foreclose the mortgage of 1870 and it was finally held by the United States Supreme Court that the lien of this mortgage did not attach to any lands granted by the Government. In a subsequent action the Supreme Court (1892) intimated that this road never acquired any title to land to which any lien could be attached. It seems as though this action referred to was dropped or discontinued. In view of the above it would appear that the bonds are without value.

New Orleans, Mobile & Texas RR. Bonds dated 1870 have a decree value of $168. per $1000. bond. Bonds dated 1872 received $68. per $1000. bond.

New Orleans Pacific Railway Co. By deed dated June 21, 1881, the Texas and Pacific was consolidated under its own name with the New Orleans Pacific Railway Company and assumed all the liabilities of the latter company. The land grant bonds were a third mortgage on the road and a first mortgage on the lands. The property of the Texas and Pacific Railway was foreclosed in 1887. On Feb. 1, 1888 the Texas Pacific Land Trust was organized by holders of land grant bonds of the Texas and Pacific Railway Company. On June 2, 1888 it was reported as follows: "The bondholder's committee of the Texas and Pacific Railway Company gave notice that on and after June 6th the Central Trust Company will deliver to holders of their trust receipts issued against the deposit of income and land grant mortgage bonds and scrip, the new securities to which they are entitled. The holders of land grant bonds and scrip certificates received certificates of proprietary interest of the Texas Pacific Land Trust. According to the stamp on your scrip you have received such as proportion of said ten land grant bonds as the number of acres of said grant ultimately patented to said company shall bear to one million six hundred thousand acres. The other land grant bonds that were not claimed were sold at foreclosure for $25,000. The following is a letter received from the United States District Court at New Orleans, La. 'Replying to your letter of October 14th, 1932 relative to amount deposited in registry of the court by William Grant, Special Master, to be distributed to bondholders, I beg to advise you that on Jan. 25, 1918 the sum of $2,879.84 less 1% registry fee $28.80 was deposited to credit of Treasurer of the United States and on June 23, 1920 pursuant to an order of Court dated June 22, 1920 the sum of $345.20 was deposited to credit of the Treasurer of the United States being moneys remaining unclaimed for over five years under Section 996 of the Revised Statutes of the United States; at present there is no money in the registry in this matter.' New Spes Bond Gold Mining Co. L'd. Formed in November, 1894 under the laws of Transvaal and in 1902 was located at 10-11 Austin Friars, London, England. In 1916 it was reported that the company was about to liquidate. The company owed something like 129,480 pounds to Johannesburg Consolidated Investment Co. In 1917 it was reported that the company had been wound up.

New Spes Bona Gold Mining Company Ltd. The Johannesburg Consolidated Investment Co. Ltd. of London, England informed us that the subject company was finally wound up in 1916. The sale of the assets did not realize sufficient to pay the debts so there was no distribution to the shareholders. The shares are therefore worthless. (1935.)

New York, Rutland & Montreal R. R. Value of 1st Mtge. Bonds due 1913. This company was foreclosed in 1892 and its property was conveyed in 1893 to the Lebanon Springs Railroad. The latter company was foreclosed in 1899 and part of its property in New York State passed to the Chatham & Lebanon Valley Railroad and the part in Vermont was conveyed to certain trustees, being subsequently acquired by the Rutland Railroad in September 1901. The Chatham and Lebanon Valley & Rutland Railroad were consolidated in December 1901. The above bonds are not an obligation of the Rutland Railroad and we understand that they are worthless.

New York Safety Chest Company. Incorporated in New York in 1906 and was located in the Park Row Bldg., N. Y. C. in 1907. President, Geo. A. Dewey; Secretary, Herbert C. Miller. In 1909 the officers were: President Herbert C. Miller; Secretary, John H. Safford. In 1910 the company was located at 50 Church St., N. Y. C. In 1913 the company was reported as inoperative. We found no value to the stock.

New York Safety Match Corp. N. Y. 1934.

New York West Shore & Buffalo Railroad. The property of this company was sold under foreclosure in 1885. In the sale we understand the stock of the company was wiped out, and believe it had no value as of Nov. 11, 1930. First Mortgage 5% bonds of this company dated August 5, 1881 due July 1, 1931 with coupon of January or July 1884 attached have, we believe, a decree value.

New York, Westchester & Boston Ry. Co. Stock has a value of $5. per share.

New York & Westchester Water Company. 5% Prior Lien Mortgage Bonds due October 1, 1927. First capitalized with $500,000. in bank. Soon a Second Mortgage was issued for $500,000. Later a Prior Lien Mortgage was made to take preference over the other bonds. Only $200,000. of Prior Lien Bonds were sold, and the Court of Anneals at Albany was expected to hand down a decision as to whether the bonds were valid or not (1903). Property sold under foreclosure at the Court House at White Plains by Referee Wm. H. Ford, for the Metropolitan & Central Trust Companies, as trustees and bought by the City of New York. The property outside of the City of New York was purchased by the New York Water Company. We have definitely ascertained that the First Mortgage 6% Bondholders realized only $85.76 per $1000. bond, and the Second Mortgage was wiped out. We do not know the title of the case that was to ascertain the legality of the 5% Prior Lien Bonds, and for this reason we were unable to get a report of the decision. According to the above distribution on the First Mortgage Bonds it is our opinion that the Court of Appeals at Albany handed down a decision to the effect that the Prior Lien Bonds were subject to a First and Second Mortgage, and received nothing from the proceeds received from the foreclosure sale.

Nineteenth Ward Bank. Organized in New York City in 1884 and changed its name in August, 1911 to Security Bank. The Security Bank was liquidated by Messrs. A. Ross Appleton and H. M. Wolfe, Cashiers. Attorneys in the matter of the dissolution of said institution were Messrs. Wing & Russell of 14 Wall St., N. Y. C. Mr. Thomas E. Wing, formerly of the above law firm, now located at 14 Wall St., N. Y. C. informed us that after the depositors were paid in full there remained some real estate and other frozen assets that belonged to the stockholders. However, in order to carry on the liquidation of these frozen assets it was necessary to borrow money. After these assets were liquidated there was not enough money realized to pay their loan leaving no equity for the stock, which is without value. Therefore, we submit the shares of the Nineteenth Ward Bank and Participation Cfts. in the excess assets of the Security Bank as worthless.

North Branch Fire Insurance Co. of Sunbury, Penna. This company is no longer in existence, its affairs having been taken over by the City Insurance Company of Pennsylvania in December of 1920. The North Branch stockholders received .975% of City Insurance $25. par stock for one share of North Branch $25. par stock. The latter company merged with the Allemannia Fire Insurance Company of Pittsburgh, Penn. in December of 1930. Eight tenths of a share of the Allemannia was given for each City share held. On the above basis the North Branch stock ought to be worth about $5. per share today. (10/31/1932.)

This company was incorporated under the laws of the State of New Jersey in 1900, to operate gas works, with an office at 129 Market St., Paterson, N. J. Information filed by the attorney-general in 1901 alleged that the whole organization was a fraud. Mr. Charles C. Scott, attorney of Paterson and formerly agent of the company informed us that the company had a franchise issued to them in the City of Paterson, which in a Quo Warranto proceeding was declared illegally obtained and a restraining order was made, restraining the company from operating in the City of Paterson. The company has no other property of value. Mr. Scott also stated that in his opinion the bonds are valueless. Therefore in view of the above, we submit the bonds as worthless.

North Jersey Securities Company. Incorporated in New Jersey on May 31, 1928 and so far as the State records are concerned as of Feb. 20, 1936, the company is still in good standing. The principal office is located at 2 Central Ave., Hackensack, N. J., and Kenneth H. Zabriskie is the agent for the corporation. We addressed a letter to the company at the above address and received a reply from the Hackensack Trust Co. of Hackensack, N. J., who referred us to William H. Zabriskie, President of the Company, located at Oradell, N. J.

North Jersey Securities Co. Mr. Zabriskie informed us on July 26, 1936 that the company originally loaned money on second mortgages. When the depression set in the Hackensack Trust Co. took over the assets of the corporation for the money borrowed. The only money the company can realize at this time is to assign the second mortgage to the First Mortgage holders for a few hundred dollars in order to save the first mortgage holders the expense of foreclosing. As conditions are now, it is doubtful whether the bank loans will be paid in full.

Northern Ohio Railway Company. We were informed as follows by Mr. A. L. Graner, Vice-President and Treasurer of the Akron, Canton & Youngstown Railway Company and the Northern Ohio Railway Company, Akron, Ohio: "For your information, would state that the Northern Ohio Railway Company, which was incorporated in 1895, has never paid a dividend on either the preferred or common stock, due to the fact that up until recent years the property was not self-sustaining. The Lake Erie & Western Railroad, now part of the Nickel Plate System, together with the Akron, Canton & Youngstown Railway Company, have advanced more than $5,000,000. to take care of bonded interest and other operating charges, all of which will have to be taken care of before any dividends can be paid on the preferred stock. We have purchased some of this stock at a very nominal amount. I am, therefore, making you a firm bid of $250. for the entire lot of 954 shares." The stock mentioned in the aforegoing paragraph was sold. If you desire to sell the stock on this basis, send it to A. L. Graner, at the above address.

Nugas Corporation. Incorporated in Connecticut and was located at 20 W. Putnam Ave., Greenwich, Conn. The corporation was legislated out of existence on June 30, 1932. A letter addressed to The Nugas Service, located at Darien, Conn., brought the following reply. "Inasmuch as the business of the former Nugas Corporation was taken over by the Bradford Gasoline Co , of Bradford, Pa., we have forwarded your letter of Oct. 8th." We have received no answer from the Bradford Gasoline Co. We found no value to the stock and therefore believe the shares have little, if any, value.

The securities of the latter company were issued in exchange for securities of the former company upon which an assessment had been paid. The property of the Kanawha & Ohio Railway was foreclosed on March 4, 1890, and conveyed to the Kanawha & Michigan Railway Company. The Ohio Central Railroad Company, River Division 6% Bonds are not an obligation of the Kanawha & Michigan Railway Company and are without value. The First 6's paid 2% assessment and received First Preferred stock of Kanawha & Ohio Railway Company. For all cash assessments paid new First Mortgage Bonds were received. The Kanawha & Ohio Railway was foreclosed and sold. The First Mortgage bondholders received $301.59 on each $1000. bond leaving no equity for the stock.

Ohio & Colo. Smelting & Ref. Co. (Colo.) No value.

Ohio Copper Mining Co. Foreclosure sale. Bondholders received par and accrued interest. In Reorganization stockholders exchanged stock share for share upon payment of $1. per share assessment.

Ohio Electric Railway Company. 2nd and Gen. Mortgage 5's of 1943. The property of the subject company was sold at public sale on August 15, 1922, pursuant to foreclosure proceedings brought by the holders of the company's prior first mortgage gold bonds, for the sum of $2,000,000. Payment was made in the form of a certificate of deposit covering the entire principal amount of said first mortgage bonds. There were no other bidders at the sale and the price named constituted the minimum or upset price set upon the property by the Court which subsequently confirmed the sale. As the full amount of the principal and interest represented by the First Mortgage bonds as well as the costs amounted to almost $6,000,000. any outside bidder would have been compelled to offer in excess of this sum in order to have obtained the property. Such an amount was, in the judgment of the Bondholders Protective Committee, considerably more than the actual value of all the property concerned. The second and general mortgage 5% bonds due 1943 are therefore of no value.

Ohio & Guyandotte Railroad Co. We found no record of this company's operations, nor any record of construction. It was reported in 1903 that the securities of the company were worthless. In view of the above we believe the bonds are without value.

Ohio Indiana Consolidated Natural & Illuminating Gas Company. Capital Stock (par value $100.) Company was organized under the laws of New Jersey on December 29, 1699, with an outstanding capital stock of $9,000,000. par $100., and in 1908 had an office at 2 Rector Street, New York City. In May, 1908 the company was reorganized at which time it was stated that 90 per cent of the holders of the bonded indebtedness had deposited their holdings with a bondholders committee, leaving 10 per cent nonassenting bondholders. The latter were paid in cash from the net proceeds of the properties. The property was sold at foreclosure on October 1, 1908. On January 20, 1910, 230 shares sold at auction for $4. the lot and on October 9, 1920, 200 shares sold for $6. the lot. The New Jersey charter was revoked in 1909. In view of the above we submit these shares as valueless.

Ohio & Northwestern Railroad Company. This road was placed in the hands of receivers about 1890. Prior claims outstanding in 1891 amounted to $583,616. The company was reorganized as the Cincinnati, Portsmouth & Virginia Railroad Company. Common Stock of the new company was given par for par for First Mortgage Bonds of the old company. Preferred Stock of the new company was given for the prior claims of the old company. There was no equity for the common stock of the Ohio & Northwestern Railroad Company, which is without value.

Ohio Southern Railroad Company. This road was sold under foreclosure of the first mortgage to committee of the first mortgage bondholders on October 15, 1898, and the sale was confirmed on February 24, 1899. On March 4, 1899 the Receiver surrendered the property to the purchasing committee. Up to 1901 there had been no plan of reorganization agreed upon. Then in February, 1901, F. J. Lisman & Company of New York purchased the road and in June a plan or reorganization was adopted. The road became known as the Detroit Southern Railroad. The first sale of the road above mentioned brought $2,000,000. Car trust debts and back wages were first paid and then in August, 1901 first mortgage bondholders received for each bond, with December, 1896, and all subsequent coupons attached, represented by such certificate, $1000. Detroit Southern first mortgage 4% Gold Bond, bearing interest from June 1, 1901, the sum of $48.33 in cash ($8.33 thereof being interest from March 15th to June 1st), and a certificate entitling holder to participate pro rata in any further distribution of cash when received by the committee, and as determined by it, as provided in the agreement of February 20, 1901.

Ohio Southern Railroad Company. The Clerk of Courts of Allen County, Lima, Ohio informed us as follows: In reply to your letters of July 21st, and August 15th, concerning certain Receivers Tax Notes and Certificates of Indebtedness, issued by the Receiver of the Ohio Southern Railroad Company. This case was started in May, 1895 and a Receiver was appointed for The Ohio Southern Railroad Company. Additional receivers were appointed and new receivers upon resignation of the other receiver and it ran through this Court for almost thirteen years. The mass of manuscripts involved and the numerous records in this case would necessitate a search to answer your question which might occupy a great many days and then we would not be able to answer your question as to the value of these certificates. This office is not in a position to give this service and we would suggest you employ some competent person to look up these records. In closing I would state that I seriously doubt if there is any value to these certificates at this time. The receivers were discharged and the Railroad Company was reorganized under the name of The Detroit, Toledo and Ironton Railroad Company. Later, control of this company was obtained by Henry Ford, and I believe the road is now part of the Pennsylvania system.

Ohio Southern Railroad Company. The Detroit, Toledo and Ironton Railroad Company which now operates the property formerly owned by the subject company, informed us that it is their opinion that the Receivers' Certificates have no value whatever. This report sort of agrees with the statement of the Clerk of Allen County, Ohio in which he states that the Receivers' Certificates probably have no value, as the receivers were discharged years ago.

Ohio Southern R. R. First 6% bonds have a decree value of $471. per $1000. bond. Cfts. of Dep. for said bonds have value.

Ohio Terminal Co. First 6% bonds due 1947 have a decree value of $21.50 per $1000. bond.

Oklahoma Syndicate, Ltd. Incorporated in Oklahoma and filed its last report in 1923. The principal office of the company was located at Tulsa, Okla. Mr. J. H. Bloch, formerly president of the company, located at Tulsa, Okla., informed us on our letter of July 25, 1936, that this company was placed in the hands of receivers. The assets were sold and the proceeds distributed about 10 years ago. Mr. Bloch also stated that apparently your client received the final dividend. As the receiver has been discharged and there are no funds available today, we believe the shares are without value.

Oklahoma Texas Producing & Refining Co. Incorporated in Delaware in 1917 and is no longer in existence having become inoperative on March 21, 1923. The last annual report was filed for the year 1919. The last address was 511 Surety Bldg., Muskogee, Okla. The company had leases on property in Oklahoma and Kansas. Apparently the company failed to strike oil and forfeited its leases. The shares were last offered in 1921 at 7 cents per share with no bids. On Dec. 29, 1923, 300 shares of stock of this company sold at auction at $1. for the lot. It is our opinion that the shares are without value.

Oklahoma Woodchuck Zinc Lead Company. Incorporated under the laws of the State of Delaware on May 5, 1917, and became inoperative and void on April 1, 1935. The last annual report filed which was for the year 1931, listed the following officer: President, R. M. Atwater, Jr., 30 Broad St., N. Y. C. This company transferred its leases to the Interstate Zinc & Lead Company in 1927 for a stock consideration in that company. The Oklahoma Woodchuck Zinc Lead Company also owns a majority interest in the property known as the Townsite Mine. The Interstate Zinc & Lead Company was incorporated in Delaware in 1926 to engage in the production of zinc and lead. Owing to reduced prices for zinc and lead the company's largest mine was closed down in November, 1929. Operations at its other two properties were suspended in 1930 or 1931. The Interstate Zinc & Lead Company was placed in the hands of receivers on December 3, 1931. Receivers certificates amounting to $17,235. as of December 31, 1934 were sold to a few bondholders for the purpose of protecting the company's interests and properties. The Interstate Zinc & Lead Company as of February, 1934, was working the tailings of the Woodchuck mill. It also worked certain sands for about four months in 1933. The General Balance Sheet of the Interstate Zinc & Lead Company for the year ending December 31, 1933, disclosed the following:

ASSETS	
Capital Assets	$ 2,733,174.
Current Assets	10,121.
Deferred Assets	1,452.
Total	$ 2,744,747.
LIABILITIES	
Funded Debt	$ 621,500.
Receivers' Cfts.	17,235.
Current Liabilities	73,474.
Interest Accrued	108,343.
Liabilities Accrued	2,577.
Deferred Debts	5,128.
Total	$ 828,257.

On July 17, 1934, Ayres J. Stockley and Edwin H. Gift were appointed Trustees under Section 77-B of the Bankruptcy Act for the Interstate Zinc & Lead Co. A rehabilitation of the company in 1934 would have wiped out any equity for the stock. This was confirmed by the fact that the first mortgage bonds were selling at 6 flat as of December 31, 1934. The Townsite Mine in 1934 was encumbered with claims for a substantial amount of taxes. As far as the stockholders were concerned as of December 31, 1934, when the company failed to pay its property and two years franchise taxes, the company would be legally out of existence in April, 1935 and would eventually lose its property by default. In view of the above, I believe that as of December 31, 1934, the shares of the Oklahoma Woodchuck Zinc Lead Company were entirely worthless because the surrounding and attending circumstances indicated that a reorganization would have been hopeless. The stock of the company had no market at any price as of December 31, 1934. I am convinced that as of December 31, 1934, the company's plight was permanent, but am contented to write off at least 75% of the investment as uncollectible, with a recommendation that the write-off should be substantially more than 75% as of the above date.

Orchard Coal Company. Value of common stock, par value $10. Value of 8% preferred stock, par value $100. Incorporated under the laws of the State of Illinois and had its principal office at Public Square, Marion, Ill. in 1925. President, D. S. Gent, 2514 Sheridan Rd., Evanston, Ill.; Secretary, John M. Herr, 7417 Jeffery Ave., Chicago. Mr. Herr informed us on Dec. 13, 1935 that this company was taken over by the Standard Coal Co. The latter company went into bankruptcy about 1925 and is reasonably sure there were no assets available for the stockholders when the company went out of business. It is therefore our opinion that the shares are without value.

Pacific Coast & Texas Oil Co. Incorporated in South Dakota on May 14, 1901 and its term of existence expired in 1921. James Stein and William H. Reinhart, both of Scranton, Pa. were the incorporators. The business office was located in New York City. Mr. F. R. Sherwin was reported as the fiscal agent in Baltimore. The U. S. Investor reported in Oct., 1901 that this company was purely a stock-jobbing scheme. Their correspondent in California who investigated the property the company claimed to have owned there, reported that the company was unknown and that the property was wildcat property with no producing wells. The shares in our opinion are without value.

Packard Theatrical Exchange. Incorporated in New York on June 11, 1906 and was located at 755 Seventh Ave., N. Y. C. in 1933. Chismore H. Packard, President; Ada E. Humbert, Secretary and Treasurer. We consulted the building agents and were informed that the company is out of business. The company naturally had no assets when it went out of business as it was merely a placement bureau for theatrical people and generally received a commission for services. We believe the shares are without value.

Page & Shaw, Inc. Value of Class A Stock. On June 9, 1930, Hugh D. McClellan of Boston, was appointed receiver for the company. The appointment resulted from proceedings brought by a minority stockholder, to recover for the corporation about $10,000. alleged to have been paid out as bonuses in connection with the sale of Class "A" stock of the concern. In August, 1931, the company filed a voluntary bankruptcy petition, listing absolute claims of $300,000. and assets of $200,000. In Nov., 1930 Otis E. Dunhan and two Boston brokers were convicted for fraud. In January, 1931 the assets of the company were sold to the Daggett Chocolate Co. for $160,000. There were insufficient funds to pay the creditors in full, leaving no equity for the capital stock, which is without value. The District Attorney wanted testimony to convict the above men. It was reported that each received about two years and were fined. The shares are absolutely worthless.

Page Steel & Wire Co. First preferred stock liquidated at $60. per share. Second preferred received $40. per share. Common received $3. per share.

Palmer Union Oil Company. (Calif.) The Palmer Standel Oil Corporation, located at First National Bank Bldg., Santa Barbara, Calif. informed us as follows: "Being successor to the Palmer Union Oil Company by reorganization proceedings had the early part of 1932, we have received your letter addressed to said company on November 23, 1935. Please be advised that all holders of Palmer Union Oil Company stock in good standing at the time the aforementioned reorganization proceedings were consummated received in lieu thereof stock in our company and subsequently the Palmer Union Oil Company was voluntarily dissolved. You will, of course, understand that the Palmer Union Oil Company is not now in existence and, consequently your client's stock is of no value, having, undoubtedly been forfeited for nonpayment of some assessment levied prior to the reorganization and dissolution of the company. Should you care to notify us the number of the certificate and the name in which issued, we shall be pleased to check the records and advise you definitely what disposition was made of it.

Pan-Silver Mining Company, Ltd. Incorporated under the Ontario Mining Companies Act about 1909 with $3,000,000. capital stock, $1. par. Owned 6 adjoining claims comprising 120 acres in the Township of Coleman, about 4½ miles from Cobalt in the Cobalt District, Ontario, Canada. Was promoted by interests identified with the Temiskaming Mining Company, whose property it adjoined. Burr E. Cartwright, was given as president, Norman R. Fisher as vice-president and William J. Monney as secretary. Had an office at Royal Bank Bldg., Toronto. Stock was offered originally in March, 1909 at 60 cents a share. We are advised that the company is no longer in existence and that the property it formerly operated is now owned by the Adanac Mining Company, Ltd. Therefore it is our opinion that the shares are without value.

Mr. Smith is associated with John J. Bergen, who is located at 40 Wall Street, N. Y. C. Mr. Smith informed us that the company holds property in Texas, but has been attached by banks at the present time. The judgment against the company in Oklahoma prevents the company from receiving any further income from that source. Mr. Smith stated that an attempt will be made in the near future to make a settlement on the judgment in Oklahoma. Until that is consummated, if it is at all possible, the stock is considered of little, if any, value at this time. As far as a future value is concerned it is problematical. (1934.)

Penn-Wyoming Copper Company. Incorporated under the laws of Wyoming in September, 1904, as successor to the North American Copper Co. Controlled through stock ownership the Ferris-Haggarty Copper Mining Co., Encampment Smelting Co., Encampment Tramway Company, Encampment Pipe Line Ditch Co., Encampment Land & Townsite Lot Co., Carbondale Coal Co., Emerson Electric Light Co., Saratoga and Encampment Railroad Co., North American Mercantile Co. and Battle Lake Tunnel Site Mining Co., which owned mineral lands, railroads, power and water plants and other property at Rudefeha and Encampment, Cargon County, Wyoming. Had authorized $10,000,000. capital stock, shares $1. par of which about $9,000,000. was issued. Paid dividends of 6 per cent from 1905 to 1907 and one quarterly disbursement of 2 per cent. Paid about $531,250. in dividends. General office, Chicago, Ill. Had an office at 74 Broadway. Was succeeded in February, 1909 by the United Smelters Railway & Copper Co. Charter forfeited July 19, 1927. The properties of the Penn-Wyoming Copper Co. later known as United Smelters Ry. & Copper Co. were sold at foreclosure sale in the U. S. District Court at Cheyenne, Wyo. in 1918. The work of the committee was completed in 1921 and the balance of the funds contributed to the Underwriting Syndicate Committee of the Penn-Wyoming Copper Co. and United Smelters Ry. & Copper Co. was distributed to the original contributors. Attorneys, Wicks, Fuller & Starr, Michigan Trust Co. Bldg., Grand Rapids, Mich. It appears that your shares are without value.

Pennsylvania Lead Mines, Inc. Incorporated in New York State and had an office at 149 Broadway, New York City in care of Kay, McDevitt & Scholer, attorneys. Director, Richard D. Wyckoff. The company's sole asset was an installment purchase contract that was assigned to them in 1925 and which required that certain installment payments were to be made for the property. Default was made in the payments and the property reverted to the original owners. Therefore we submit the shares as worthless.

Peoples Light & Power Corp. Incorporated in Delaware on March 10, 1926 and was placed in receivership on Nov. 27, 1931. A petition alleging insolvency was filed and during 1934 the U. S. District Court for the District of Delaware, through a Master appointed by it, determined that Peoples Light & Power Corporation was insolvent. However, Hugh M. Morris, trustee informed us on Dec. 7, 1935 that it is impossible for him to state whether the 6% preferred stock of this company will ever have any value. According to the tentative plan of reorganization submitted by bondholders on Nov. 19, 1935 the holders of the preferred stock would be given warrants to purchase new Class B common stock. It is therefore impossible to determine the future value of the stock, but we cannot say that it is worthless at this time and do not believe the investment would be allowed as a tax loss. However, if this plan is approved the shares apparently would be wiped out. We suggest that you keep in touch with Mr. Morris, at Dupont Bldg., Wilmington, Del., regarding this plan. (1935.)

This company secured a franchise to install a telephone system in San Francisco but was apparently unable to finance the installation. An attorney named James L. Permanent Mortgage Corporation. Incorporated in Delaware and is located at 66-70 West 40th St., N. Y. C., in care of Morris D. Kopple. (1936.) According to a report issued by the company on July 1, 1936 the company had $579.05 in cash and valued their remaining assets at not more than $2500. The company was petitioned into bankruptcy in 1933, and control of the affairs of this corporation was restored to the stockholders on July 5, 1934, at which time there were sufficient assets to pay only a small dividend on the Class AA preferred stock. It is our opinion that all classes of stock junior to the Class AA preferred stock became worthless in 1933 when the company was petitioned into bankruptcy. As far as the value of the Class AA preferred stock is concerned it is our opinion that the shares have very little value as of Nov. 20, 1936.

Personal Holding Corporation. Value of 10% Cum. Pfd. Stock & Income Cfts. of Indebtedness. Incorporated in Delaware and is out of existence having become inoperative on Oct. 1, 1935. The annual report filed for the year 1935 showed offices at 101 W. 31st St., N. Y. C. President, Richard Stockton, 6th, 101 W. 31st St. (1936.) Mr. Stockton informed us on June 19, 1936 that the company is attempting to reorganize and if successful, will reinstate its charter. In the event that the reorganization is consummated the security holders may realize a few cents on the dollar. If the reorganization does not go through the security holders may not realize anything if liquidated at this time.

Philadelphia Finance Company. Incorporated in Delaware 1920 and was the outgrowth of the Commercial Finance Company which was incorporated under the laws of Pa., in 1915. In January, 1929 the Philadelphia Finance Company was merged with the Race Finance Co. into a new company, known as National Discount Co. In this merger the pfd. stockholders of the Phila. Finance Co. receive one share of National Discount Co. pfd., par value $5. and one-half share National Discount Co. common, no par value, for each share of Phila. Finance Co. pfd., par value $10. The Common stockholders of Phila. Finance Co. received one-half share of National Discount Co. common stock, no par value, for each share of Phila. Finance Co. common. Later on the common stock of National Discount Co. was changed from no par to $2. par value, one share of the new stock being given for each ten shares of the old. Recently the National Discount Co. was merged with the Finance Co. of America at Baltimore and the preferred stockholders of National Discount Co. received Finance Company of America Class A Pfd., par value $5. for National Discount Co. pfd stock, par value $5. on a share for share basis. The common stockholders of National Discount Co. receive one share of Finance Co. at Baltimore Class A Com. stock for each three shares of National Discount Co. Com., par value $2.

Pierce-Arrow Motor Car Company. Incorporated in New York on August 22, 1928 and was located at 1695 Elmwood Ave., Buffalo, N. Y. The Pierce-Arrow Motor Corporation acquired the assets of the Pierce-Arrow Motor Car Co. and its subsidiary Pierce Arrow Sales Corp. pursuant to plan of reorganization dated Oct. 29, 1934, which was approved by the United States District Court at Buffalo on March 30, 1935. The plan of reorganization made no provision for the stockholders of the Pierce-Arrow Motor Car Co. However, stockholders were given the right to subscribe to Conv. 7% cum. preferred stock at par $5. on or before April 15, 1935. In view of the above we believe the shares are without value.

Pierce, Butler & Pierce Manufacturing Corp. Incorporated under the laws of the Itate of New York on Sept. 25, 1914, and succeeded as of Oct. 1, 1914 to the business of the Pierce, Butler & Pierce Mfg. Co. sold under foreclosure on Sept. 22, 1914. The company was adjudicated bankrupt on Dec. 15, 1932, and on July 27, 1934 the company filed a petition in U. S. District Court at Utica, N. Y. seeking to reorganize under section 77B of the Corporate Bankruptcy Act. The Chase National Bank of New York as Trustee advised under date of April 4, 1935 that it had filed claims on behalf of holders of the company's 1st S. F. 6½% due Oct. 1, 1942 but to date, validity of claim had not been adjudicated. The funded debt is listed as follows:

Pierce, Butler & Pierce Mfg. Corp. 1st 6½'s due 1942 (closed Mtge.)	$ 2,200,100.
Class of General Creditors: Unsecured 6% notes of Pierce, Butler & Pierce Mfg. Corp.	1,956,432.
Federal Radiator Co. 6's	203,000.

We were informed by the Secretary of the Committee that it is proposed to get the reorganization through this year. The new company will exchange its common stock for the above securities. No provision will be made for the stock. Therefore, if the reorganization goes through in 1935 the non-depositing bondholders who received cash may deduct the loss in 1935, that they suffered as the result of a sale. However, if the depositing bondholders received stock in a new company in exchange for their bonds, a loss may be taken only when the new stock becomes worthless or when the stock is actually sold and a loss is suffered on the original investment. The losses may only be taken when the actual sales take place or in the event that the bondholders take cash and have suffered a loss. However, if the reorganization does not go through this year, the losses may only be taken when a loss has occurred through a sale or taking cash after a sale. The losses may not be taken in any previous years, if the bonds have not been sold as said bonds still have value and the company is a going concern. (1935.)

Pilot Radio & Tube Corp. Incorporated March, 1929, to acquire the Pilot Electric Manufacturing Co. Inc., a business established in 1911. The principal offices were located at Lawrence, Mass., and 522 Fifth Ave., N. Y. C. On April 17, 1933, W. L. Eckhardt was appointed temporary receiver for the company. An involuntary petition in bankruptcy was filed against the company on May 1, 1933, by Century Wood Preserving Corp. and others. On June 1, 1933 O. E. Jackson was appointed Referee in Bankruptcy and on June 12, 1933 W. L. Eckhardt was made receiver in Bankruptcy. On August 8, 1933, the company was

sold at trustees' sale in bankruptcy to an unnamed New York firm for $125,000. The Pilot Radio Corp. informed us that the creditors only received 8% on their claims from the proceeds of the sale leaving no equity for the capital stock. Therefore, it is our opinion that the shares first became worthless in 1933.

Porcupine Mining & Stock Exchange Ltd. Chartered in Ontario in 1911 by leading mining operators of New York, Toronto and London. Directors: A. C. Goudie, Toronto; J. T. Eastwood, Toronto; Edward Breen, New York; F. S. Ames, New York; H. Hendrick, New York. The exchange was apparently unsuccessful as the company did not file any returns since 1911. We found no value to the stock and therefore believe the shares are without value.

Porcupine Mohawk Mines Ltd. Incorporated in Ontario and has not filed any annual reports since its incorporation in 1911. A prospectus on file dated June 1, 1911 sets out the following information. Directors: John M. Spinks, Toronto, Ont., President; Arthur Bogue, Lynn, Mass.; Vice President, A. A. Marks, Toronto, Ont. The solicitors who acted for the company were Messrs. Thurston & Boyd, 23 Toronto St., Toronto, Ont. We searched our mining records back to 1911 and found no record of this company. It is our opinion that the shares have no value.

Port Arthur & Houston Short Line. Incorporated in Texas to build a road from Houston to Port Arthur, Texas. The company had a funded debt of $20,000. These bonds were hypothecated with the State Bank of Princeton, Minn., for a loan of $10,000. in 1908. The State Bank of Princeton was closed about 12 years ago. The Railroad Commission of Texas informed us that this line was never built and the property was abandoned. We therefore believe the shares are without value.

Premier Alcohol Company. Incorporated in Louisiana and was domiciled at New York City, N. Y. with Alphonse De Focatis of New Orleans, La., as their agent for service of legal process. The company was organized to manufacture alcohol at New Orleans. We were informed that the company failed to erect their plant in New Orleans as the city authorities would not give a permit. It was further reported that the company never had a plant nor did any business. The promotion apparently fell through when the State Savings Bank of New York failed as officers of said bank were the leading interests in the subject company. We found no value to the stock and therefore believe the shares are without value.

Price-Campbell Cotton Picker Corp. Organized in 1910 to develop the cotton picking machine invented by Angus Campbell. Practically all the funds raised were subscribed by personal friends of Mr. Price who received stock in the company. The capital raised was spent in experimenting and improving on the machine as originally designed by Mr. Campbell. The company has had no funds in its treasury for ten years. The company has no assets of value and the only potential value that the shares have is to be found in an agreement entered into with the International Harvester Company. The Harvester Company agrees to pay the subject company 10 per cent of the net profits derived from the manufacture and sale of the cotton picking machine during the ten years ending January 1, 1938. Thus far the Harvester Company has not put the machine on the market. It has been experimenting and redesigning it. The International Harvester Co. informed us on April 9, 1935 as follows: "With further reference to the Price-Campbell Cotton picking machine, regret to say that although we have expended an enormous amount of effort and money in our endeavor to perfect this machine, as yet, we have not been able to develop it to a point where we feel that it will prove commercially satisfactory. Replying to the third paragraph of your letter, we are not in position to inform you as to what action, if any, we will take regarding the matter at the expiration of the contract."

Puebla Smelting & Refining Co. Incorporated in Delaware in October, 1912 and according to reports owned in 1931 a 72 interest in the Cia Minera Explotadora El Magistral y Anexas, and also sundry lands in the Magistral District, Mexico. Due to the revolution the property has not been operated since 1913. Funded debt, $1,000,000. 6% debentures. Company last reported at 2 Rector St., N. Y. C. in care of C. H. Bassford, President. Reed & Chapman, attorneys, located at 2 Rector St., New York City informed us on Sept. 28, 1936 that Mr. Bassford died about six years ago, and that they believe the company has been thoroughly dead for at least fifteen or twenty years. As far as they know the company has no property of any value and believe that the company's charter was forfeited years ago. The charter was forfeited in 1917. In view of the $1,000,000. of bonds outstanding it appears that the shares would not be recognized in the event of a reorganization. The shares in our opinion are worthless.
Pueblo Lodge, Inc. Md. 1936.
Pueblo State Fair Association. The following letter was received from our correspondent at Pueblo, Colo. on April 22, 1936. "The Pueblo State Fair Association was organized in 1887, and financed by popular subscription, for which shares of the corporation were issued. The names you mention were prominent citizens and business men, and were the officers, directors and principal stockholders. All of these people are gone, with one exception, and he is incapacitated. In later years, two of these members were governors of the state, another a State Treasurer, and another Secretary of State. With the funds obtained, a tract of land was purchased for Fair Ground purposes, and which becoming valuable, was sold in the 90's with the proceeds of which another tract was purchased for the same purpose, for a less amount, the difference of which was paid to the stockholders as a liquidating divi-

dend, which you mention. The Fair Association did not prosper in the succeeding years, and became badly involved which obligations were taken over by the State of Colorado and the value of the original stock, reduced to nothing."

Rainbow Lode Development Company. Mr. Walter B. Congdon, a director of the company located at Lonsdale Building, Duluth, Minn. informed us on March 6, 1936, as follows: "In my opinion the stock of this company has no value. Although the company has not gone out of existence it is for the reason that the company's assets nowhere equal the company's debts. All of the company's money was spent in acquiring the company's property and the sinking of shafts and doing other underground work. No merchantable ore was found and the company ceased work in 1917 when all of its money had been spent. It later sold its equipment and with the approval of the holders of most of the bonds bought securities with the proceeds of these sales. It was the purpose of the officers, if possible, to build up the current assets to an extent which would take care of its debts and leave some equity for the stockholders, but this hope has not been realized."

Rangeburnett Oil Company. Organized in Delaware and was located at 15 Broad St., N. Y. C. The charter of the company was forfeited in 1923. We searched our oil book back to 1919 and found no record of this company's operations. A reliable correspondent of ours informed us in 1921 that the company was a promotion of Paul A. Neuman & Co. which was notorious for its swindles. We submit the shares as worthless.

Ranger Oil Company. Incorporated in Delaware and lost its charter in 1923. It was reported in 1919 that the company held leases on property in Texas. In 1920 the officers and promoters of the company were indicted for oil fraud. The company claimed that new wells were being drilled, when as a matter of fact, it was reported, the effort to find oil was abandoned. The shares are absolutely worthless.

Rapid Transit Electric RR. Incorporated in Penna. in 1888 and was located at Phila., Penna. Our railroad record for 1890 states that this company purchased equipment from the funds received from the sale of bonds. According to the last statement published only $16,500. of bonds were sold. The record states that the road was never constructed. It appears that when insufficient funds were received the project was abandoned. It was reported in 1903 that the road was not built and that the bonds were without value.

Recometre Company of America. Incorporated in New York and was located at 689 11th Ave., N. Y. C. in 1911. President, J. Forbes Potter; Secretary, Edward S. Gellatly; Director, Arnold W. Francis. In 1914 the company was out of business. The Chemical Bank & Trust Co. informed us that they have not heard from the company for a great many years. The only quotation we found for the bonds, was a sale of $3100. of bonds at auction on November 26, 1921 at $2. for the lot. It would therefore appear that the bonds and stock are without value.

Reeves-Doble Silver Mines, Ltd. Incorporated in Ontario in June, 1917 and was located at 426 Powers Bldg., Rochester, N. Y., and Gowganda, Ontario. It was reported that in 1920 the company went into hands of a receiver and 213 bags of concentrate in transit were seized to satisfy a judgment against the company for wages. The Mines Information Bureau reported in 1931 that the company's property was lost through indebtedness and is now defunct. The property reverted to the owners, S. Christopherson of Toronto, Ont., and J. Skobba of Minneapolis. The shares in our opinion are worthless.

Rhinecliff Corporation. Incorporated in New York and owned the building at 788 Riverside Drive. In 1923 the company sold the building and took a Second Mortgage on the Property. The First Mortgage went to the Brooklyn Savings Bank. As the mortgage was amortized and interest paid thereon, the funds were distributed to the stockholders of the Rhinecliff Corporation as a liquidating dividend, as said mortgage represented its entire assets. In January, 1935 the property was foreclosed and sold for the benefit of the holder of the first mortgage. The amount received at the sale was insufficient to pay the first mortgage in full leaving no equity for the second mortgage. Therefore, as the company, was in liquidation and had lost its entire assets in January, 1935 it ceased to exist as of that date. In view of the above it is my opinion that the shares first became worthless in January, 1935, when its equity was wiped out by the foreclosure of the first mortgage.

Richfield Copper Company. Incorporated in Arizona in 1901 and has failed to file any reports since incorporation. The charter expired by 25 year statutory limitation on May 14, 1926. The company formerly located at Scranton, Pa. owned a tract of 26,512 acres of timber and grazing land and 1,300 acres of mineral land, located in the State of Sonora, Mexico. The company had outstanding $230,000. of first mortgage bonds, Scranton Trust Co., Scranton, Penn., trustees. In 1922 the company was reported idle owing to revolutionary disturbances in Mexico. We found no record of any activity since then and believe that the property either belongs to the bondholders or has reverted to the Mexican Government by default. We found no value for the stock and believe the shares are without value.
Richfield Copper Company. We received a communication on Nov. 4th, that the entire property of this company was sold out on the first mortgage over 15 years ago at sheriff's sale, and no equity remained for the stock which is without value. The worthlessness of the stock was confirmed by the trustee for the bondholders. (1935.)
Richfield Oil Company of California. Value of Scrip Certificate for 21 shares of Class "B" Stock of Pan-American Western Petroleum Company. In July, 1928 the Richfield Oil Company of California offered to purchase the remaining shares of outstanding Class "B" Stock of the Pan-American Western Petroleum Company as follows: In event Pan-American wins the suit brought by the Federal Government against its wholly owned subsidiary, Pan-American Petroleum Company, involving Ells Hills leases, Richfield Oil Company will exchange one share of its Common Stock for each two shares of Pan-American "B" Stock. In event of an adverse decision basis of exchange will be one share of Richfield Common for three shares of Pan-American "B" Stock. The Pan-American Western Petroleum Company won the suit, but the Federal Government has appealed; until a decision is rendered, nothing can be realized on the scrip. When a favorable decision is made the scrip should be sent to Bancamerica Blair Corporation in New York City for exchange. In view of the above we submit only a nominal value for the scrip as of March 27th, 1931.

Richmond Borough Estates Corp. Incorporated in New York and was located at 25 Broad St., N. Y. C. in 1921. President, Myron R. Durham; Treasurer, A. K. Leuchel; Secretary, F. T. Norman, 2 Rector St., N. Y. C. (1936). The company informed us in 1921 that their stock was worth par. Mr. Norman informed us on May 14, 1936 that the company's property is being safe-guarded by the City Real Estate Co., which is a subsidiary of the Title Guarantee & Trust Co., located at 176 Broadway, N. Y. C. Mr. Norman further stated that the company has been unable to dispose of the property, and while it has no expense and no income, taxes are piling up at the rate of 12%. There is no market for the stock and would hesitate under the circumstances in placing any value on the stock at this time. (5/1936.)

Rickenbacker Motor Co. Incorporated in 1925 in Michigan as a consolidation of Rickenbacker Motor Co. and Trippensee Closed Body Corp., a Detroit Company, and is engaged in the manufacture of automobiles. Plant is located in Detroit and occupies 30 acres of ground. Exchange of Stock: Stock of the present company of no par value was received share for share for stock of the Trippensee Closed Body Corp., of Detroit and for stock of the former Rickenbacker Motor Co. Officers: B. F. Everett, President; C. F. Tichenor, Vice President; E. C. Evans, Secretary and Treasurer; R. M. Hood, Purchasing Agent. Receivership: As of Nov. 1, 1926 Federal Judge Charles C. Simons created a receivership in equity for the company and appointed the Detroit & Security Trust Co., of Detroit and Byron F. Everett as joint receivers. At the beginning of the receivership it was hoped by the officers that they might reorganize in such a way that stockholders of the old company would have some position in the new one, but plans for reorganization have been abandoned. Subsequently, the court ordered liquidation of the assets. All the assets were disposed of leaving nothing for the stockholders. (1936.)

Rochester Water Co., The. N. Y. 1933.

Rochester Water Works Co. (Minn.) We received the following letter from Burt W. Eaton, an attorney at Rochester, Minn., dated Sept. 21, 1936. ". . . regard to certain bonds due 1889 of the Rochester Water Works Co. These bonds must have been of the original issue, or an issue of the second mortgage bonds issued in 1886 or 1887. The mortgage securing the bonds was foreclosed, I think, in the year 1896, in the Federal Court at St. Paul, and the works were sold to a committee for reorganization of the bondholders, and a new corporation was formed and the works were conveyed to the new corporation. This corporation, in 1916, I think, sold the works to the City of Rochester. I am giving this information from recollection. I was connected with the waterworks since its incorporation, as attorney, and was president of the new corporation. But I do not think the bonds due 1889 have any value."

Rochester Water Works Co. 6% bonds due 1889. An act of Legislature of the State of New York in 1869 authorized the Rochester Water Works Co. to borrow $800,000. to complete the construction of their water works. The company originally borrowed $400,000. for which bonds were issued. The moneys so raised were insufficient to complete the works, and in consequence thereof no revenue was derived therefrom to the great detriment of the bondholders. The money borrowed in 1869 was used as follows: $800,000. of new bonds were to be issued, $400,000. of which were used to refund the old bonds, and the other $400,000. were used to secure additional capital to complete the water works. It would require considerable research to search the Laws of the State of New York to determine what really happened to this company's property. The above record did not state where the property was located. The old records of the Union Trust Co. disclose nothing regarding this issue.

Rochester Water Works Loan. Rochester, N. Y. A further search of the old records of the Union Trust Co. of New York disclosed the following: In 1869 an Indenture was executed by the Rochester Water Works Company, providing for the issuance of certain bonds known as the Rochester Water Works Loan 6% bonds, due May 1, 1889, and under this indenture the Union Trust Co. was appointed Trustee, A notation on our records states that the company did not construct a water plant and failed to furnish water to the City of Rochester. Apparently the Company failed and no provision was made with the Union Trust Co. of New York for payment of these bonds, as it does not appear that any funds were deposited for the payment of either principal or interest of the Rochester Water Works Co. 6% loan bonds. In view of the above, it is our opinion that the shares are without value.

Rossie Iron Works. Incorporated under the laws of the State of New York on November 22, 1864 and was located at Rossie, N. Y. The corporation was dissolved by Proclamation of the Governor on April 3, 1924. The last public record we found of the company was a stockholders meeting called by J. P. Curtis, Sec'y on May 9, 1896 to be held at Room 84, Drexel Bldg., N. Y. C. We wrote to the Bank of Governeur, Gouverneur, N. Y. the nearest accessible town to Rossie, N. Y. and was informed that the Rossie Iron Works was absorbed by the Wharton Steel Co., and it is likely that all mineral rights are owned by the latter. They further stated that the stock is apparently worthless. We then wrote to the Warren Foundry & Pipe Corp. at Phillipsburg, N. J. successors to Wharton Steel and was informed that they do not know what happened to the stock of the Rossie Iron Works as only the physical properties located in Morris County, N. J. were purchased from the Wharton Steel Co. by Mr. J. Leonard Replogle in the early part of 1917. It is our opinion that the Rossie Iron Works failed and that the properties were acquired by the Wharton Steel Co. at auction.

Routt County Development Co. Value of C. of D. for 1st 6's dated 1914. Under date of July 15, 1917 the bondholders' protective committee addressed a communication to the holders of certificates of deposit substantially to the effect that the committee had been obliged to decide whether to advise the bondholders to accept a total loss or to recommend an assessment upon the bondholders for the purpose of partially constructing and managing the property in the hope of recovering in time a portion of the money invested. Taking into consideration the minimum assessment that would be required, the chance of success, the possibility of contingencies occurring to upset calculations, and the unsatisfactory conditions of the titles and water rights, the committee is obliged to recommend that no expenditure for construction be made by the bondholders. In view of the above it appears that these certificates of deposit and/or bonds have no value.

Roxy Theatre Corporation. Value of Common and Class A Stock. Incorporated in New York and is located at 7th Ave. and 50th Street, New York City. The corporation was placed in receivers' hands in May 1932, and was turned over to a Trustee in Bankruptcy in June, 1934. In May 1935 the corporation applied to the R. F. C. for a loan as the first step in a reorganization. The Continental Bank & Trust Co. was restrained from continuing foreclosure proceedings as the company applied to reorganize under 77B. The Class "A" shares are quoted at 1/8 for 100 share lots. We do not believe more than two or three cents per share could be realized on these shares as the transfer stamps amount to 7 cents per share. We know of no market for the common stock and believe the shares have no value at this time as it would cost more to sell the shares than could be realized. (9/30/1936.)

Safety Motor Company. We received the following information from the U. S. Patent Office as follows: ". . . In the matter of the mortgage recorded July 5, 1900 in Liber L-61, page 320 Transfers of Patents, in which the Safety Motor Company was one of the parties in interest, an examination of the records fails to show that any instrument has been recorded since that time which affects the patent property recited in the recorded instrument. All of the property affected by the mortgage appears to have expired and become public property." It appears that the patents secured the first mortgage bonds, and therefore as the property affected by the mortgage has expired, the bonds no longer have any value. We found no value to the bonds and therefore believe they are without value. (Aug. 1935.)

Mr. Thorne informed us as follows: The St. Anthony Association is the real estate holding corporation for the St. Anthony Club its only assets being the property at 133 E. 61st St. which is leased in its entirety to the Club for its Club House at a rental of about $12,000. per year. The rent from the Club is the only income which the Association has and as of December 31, 1933 after paying interest on mortgages which aggregate $130,000. and real estate taxes and depreciation, the corporation had an operating deficit for the year of about $2,000. There is no market for the stock and I should say that for tax purposes the stock should be listed as of nominal value. (1934.)

The properties and assets of the above corporation were sold on May 29, 1934 by public auction and the amount realized from the sale was only about sufficient to pay the claims and expenses ranking ahead of the bondholders. The Trustee in Bankruptcy was duly authorized to hold the sale pursuant to a judgment of the Superior Court. We understand that the Trustee in Bankruptcy expects to complete the final dividend next week. There were, however, other funds set aside for distribution to the bondholders. These funds and any dividends received from the Trustee in Bankruptcy will be distributed in due course. At the present time it is impossible to say what this distribution will amount to. (11/1934.)

St. Lawrence Pulp & Lumber Corp. The assets of the company were sold and there is available $13,970. for distribution to bondholders at the rate of $6.35 in respect of each $1000. bond. No payment is being made on certificates of deposit. (12/1936.)

St. Louis Western Natural Gas Corp. Del. 1936.

St. Louis & Western Railroad. The St. Louis & Western Railroad Company was formerly known as "Laclede and Fort Scott Railroad Company" and that on Sept. 17, 1881 by resolution of the Directors of the latter company, the name of the corporation was changed to the above. The minutes of St. Louis and San Francisco Railway Company however relating to the purchase of the property in question makes reference only to the property of the Laclede Company. Just why that is so, of course, we do not know and it is difficult at this time to find out. A copy of the final decree issued in the Circuit Court of the U. S. in and for the Central Division of the Western District of Missouri, dated March 12, 1888 in which the sale of the property by the Receiver for the sum of $30,000. is confirmed and the proceeds of the sale, which were paid into the said Court, according to the decree were ordered distributed among certain stipulated creditors. The Court ordered that first $3,742.24 of the $30,000. be used to pay the costs of the proceeding and that the balance of $26,257.76 be paid to contractors subject however to a stipulation incorporated in the decree to the effect that the sum of $5,000. was to be paid out of the remainder of the $30,000. received by the contractors to Messrs. Hugh L. Fox and J. R. Kinealy, owners of the First Mortgage Bond referred to in the said stipulation.

St. Louis & Western Railroad Company. St. Louis & San Francisco Railway Co. purchased the property of the Laclede & Fort Scott Railroad Co. It appears that there was an underlying mortgage on the property of the Laclede & Fort Scott. This company in 1881 changed its name to the St. Louis & Western Railroad Co. The latter company issued new bonds in 1881 secured by a mortgage which the court decided was subject to the previous mortgage. Therefore it is our opinion that the bonds of the St. Louis & Western Railroad are without value.

San Pedro, Los Angeles & Utah Railroad. Value of bonds Nos. 36 and 37. Our records disclose that this road was organized in 1887 and in 1888 changed its name to the Pasadena Railroad. The property of the latter was sold at sheriff's sale about 1892 for $300. The bonds are without value.

San Sebastian Development Corp. Value of Land Ownership Cfts. Incorporated in Florida and was located at West Palm Beach, Florida. Mr. J. G. Pembleton, attorney, and former Sec'y of the company, now (1925) located at 165 Broadway, N. Y. C., informed us that the company has been dormant for about five years, having lost practically all of its property through foreclosure. The property that the company may hold title to at this time will eventually be sold for taxes, if it has not already been sold. The land ownership cfts. are considered worthless, for the reason that the accrued taxes on the property that the company may hold title to at this time exceeds the present saleable value of said property. Therefore, we believe the land ownership cfts. are without value. (3/14/1935.)

Santa Cecilia Sugar Corp. First mortgage bonds have a decree value of $185.91 per $1000. bond. First & Ref. bonds are without value.

Santa Clara Oil Co. of Texas. Merged with Wellington Oil Co. 2,000 shares of Santa Clara to receive 375,000 shares of Wellington.

Santa Fe Mining, Milling & Smelting Co. Incorporated in Colorado and expired by limitation on Nov. 9, 1921 and has not been renewed. We made a thorough search of our mining records back to 1903 and found no record of this company's operations. It is our opinion therefore that the company never progressed beyond the development stage and that the shares are without value as of July 10, 1934.

Santa Rita Land & Cattle Co. Stock has a liquidating value of 85c per share.

Santa Rita Mining & Exporting Co. Incorporated in New York in 1907 and was located at 16 Exchange Place, N. Y. C. President, James W. Bradin; Secretary, Harry S. Stallknecht. In 1912 the company was reported out of business. Mr. J. W. Bradin, 50 Church St., N. Y. C., informed us that the enterprise was successful for a year or so when the returns became quite poor. The mine manager went crazy due to the tropical climate and the whole venture failed. The shares in our opinion have no value.

Santa Rita Silver Mining Co. of Nevada. Incorporated in New York and was dissolved by Proclamation of the Governor. We found no value to the stock and therefore believe the shares are without value.

Santa Rosa Fisheries Syndicate. Reported to have been incorporated in Florida, but it appears that the company never completed its organization. The following is an article reported by the Financial World several years ago. "Investors should be aware that syndicates before they can properly claim profits must first be certain they will make the grade, otherwise their calculations are in no different class than the oil promoter who figures his earnings on a percentage basis of production which he has not, but gambles on getting. This financial truism is laid down here for the benefit of some of our upstate subscribers who have been approached by a New Yorker who is selling units in the Santa Rosa Fisheries Corp. syndicate with the understanding that they are to be exchanged for five shares of stock for each unit dollar value. So far as we can judge the concern must still go fishing for its fish to make the profits that will express themselves in the stock. Until then it is as much an outside speculation as is most anything in an infantile stage. We are not much impressed with this promoter's claim that others in the business have made as much as 100% profit per annum. Most of these enterprises which have been recently promoted from a public investment standpoint have turned out frosts." It would appear that the shares are without value.

We searched our records of all producing oil companies and those in the process of development for many years previous to 1923 and found no record of this company. It is our opinion that the company leased some property and having failed to strike oil, went out of business. It is our opinion that the shares are without value.

Savannah & Atlanta Ry. Co. Incorporated in 1915 in Georgia and went into receivers' hands in 1921. On June 2, 1930 the property was ordered sold, but has been postponed from time to time. In the reorganization plan the first mortgage bondholders of the subject company and the Brinson Ry. Company will only receive stock in the new company for their bonds. There will be no provision for the capital stock, which in our opinion is absolutely worthless. (1934.)

Schulte United Five Cents to $1. Stores Inc. A voluntary petition in bankruptcy was filed in Federal District Court by the company on March 6, 1931. No schedules of assets or liabilities were filed. The company was at that time a creditor to the extent of approximately $15,000,000. of Schulte-United, Inc. On March 8, 1931 the company filed schedules in bankruptcy listing liabilities of $10,501,050. and assets of $16,772,981. of which $16,634,184. was said to be due from Schulte-United, Inc., for money loaned plus interest. Of the Liabilities $10,479,750. it was reported were unsecured. A settlement of $3,965,000. was offered and this was accepted by the creditors in Oct. 1931. The Irving Trust Co., receiver, estimated in November, 1931 the realizable value of the assets according to an audit by accountants was $2,400,000. The creditors received 22.62% of their claims leaving no equity for the capital stock. Wicker & Neilson, attorneys, located at 60 Broadway, N. Y. C., informed us that the company was adjudicated a bankrupt on Feb. 28, 1931. All of its assets were sold on Dec. 31, 1931 for a sum insufficient to pay its creditors in full. There were no funds available for distribution to stockholders. The Common & Pfd. shares are therefore worthless.

Seaboard Public Service Co. Incorporated in Delaware on Sept. 5, 1928 and was adjudicated a bankrupt by order of U. S. District Court, Southern District of New York, on July 8, 1932, and on July 25, 1932 the Irving Trust Co. was appointed trustee in bankruptcy for the company. On Sept. 21, 1934, at a creditors' meeting held before Referee in Bankruptcy, Irwin Kurtz, at New York, the American Electric Power Corp. through a subsidiary the Pennsylvania Gas & Electric Corp. bought slightly less than majority control in the Seaboard company's subsidiary, Florida West Coast Ice Co. On June 21, 1935, in a letter to holders of the company's $6. preferred stock, a committee headed by E. L. McBride stated: "All efforts looking to a reorganization of the company failed and the trustee in bankruptcy has proceeded with the liquidation of its assets. While this has not been completed, creditors' claims which have been allowed to date on this proceeding, amount to several times the realized and realizable liquidation proceeds, thus leaving nothing for distribution to the preferred stockholders." The stock of this company was actively quoted in 1932, and 1933. We do not believe a complete loss could have been taken until 1934 or 1935.

Seneca Copper Corporation. Value of capital stock. Incorporated in New York on Dec. 27, 1916 and went into receivers' hands on April 12, 1924. In August, 1925 all the real, personal and mixed property of the company was sold to the reorganization committee. In consideration therefor the Seneca Copper Mining Co., issued one share of its no par stock for each old share plus an assessment of $6 in cash. The assessment was payable in 1925. All shareholders that did not pay the assessment when due were barred from receiving stock of the new company. Therefore, any outstanding shares are

now worthless. The new company went into receivers' hands in 1931. The last known address was 225 Broadway, N. Y. C., in care of J. B. Cotton, an attorney.

Service Finance Company. Incorporated in Delaware and was engaged in automobile financing with its principal office located at 1775 Broadway, New York City. As we understand it the company gave up their financing business and invested their capital in the First National Bank of Commerce, located at Tarpon Springs, Florida. Mr. Charles I. Dwiggins, receiver of the bank, informed us that this bank was closed on March 4th, 1933. A conservator was appointed for the bank and served in that capacity from March 20, 1933 to October 26, 1933. The bank was then declared insolvent and placed in the hands of Mr. Dwiggins to liquidate. Two dividends of 25% each have been paid to the general creditors. A 100% assessment was levied against the stockholders of the bank by the Comptroller of the Currency of the U. S. Under such circumstances it is reasonable to assume that the stockholders would not realize anything on their stock. In view of the fact that the bank was declared insolvent and a 100% assessment was levied on the stockholders in 1933, it is our opinion that the shares of the First National Bank of Commerce of Tarpon Springs first became worthless in the year 1933. Therefore, as the entire assets of the Service Finance Company became worthless in 1933, it is our opinion that the stock of said company first became worthless in that year and the investment should be allowed as a deduction for that year. (2/7/1936.)

Service Finance Company. Supplementing our report rendered on this company dated Feb. 7, 1936, the Delaware Charter of the Service Finance Company was proclaimed forfeited by the Governor of Delaware in January, 1931. We received the following letter from Joseph M. Young, located at 1775 Broadway, N. Y. C. dated June 22, 1936. "Pursuant to your request, I cannot find that a balance sheet was prepared on the above company for the year ending Dec. 31, 1932. However, as president of the company, I know that the Service Finance Corp. as of Dec. 31st, 1932 held a controlling interest in the stock of First National Bank of Commerce of Tarpon Springs, Fla. and some nominal liabilities which were subsequently paid." There is independent authority that where a bank failed and was taken over by the State Supt. of Banks, who made a call in that year upon stockholders for payment of the additional liability, the call is a satisfactory showing of the determination of worthlessness of the bank stock in 1936, C. C. H. Federal Tax Service, Paragraph 198. 045, pages 658 and 659.

Shawnee Electric Railways Company. Value of certain coupons due 1913. These coupons were detached from the first mortgage 5% bond (30 yr.) due April 1, 1940 of this company. The Standard Trust Co., trustee of this issue, now Guaranty Trust Co., reported that this company went out of existence many years ago and holds no funds for any coupons of this issue. We found that this company was located at Shawnee, Oklahoma in 1911 and out of existence in 1912. Therefore it is our opinion that any coupons due in 1913 are without value.

Silver King Mines, Inc. In 1921 in Delaware this company was incorporated by a committee of bondholders of Silver King of Arizona Mining Company, who purchased the property at public auction. The indebtedness of the old company was $379,372. The property was again sold at sheriff's sale on July 24, 1928 to satisfy a $6100. judgment. Chas. McClennery, of Superior, Arizona, purchased the property and formed the Silver King Mines Co. The shares of the subject company have no value.

Silver King Mining Company. Incorporated in Delaware in 1908 and became inoperative and void on Feb. 8, 1911. The company only filed a report in 1908 which showed the following named officers: President, J. B. Alston, 25 W. 42nd St., N. Y. C.; Vice President, John Reid, 74 Broadway, N. Y. C.; Treasurer, F. N. Mills, 154 Nassau St., N. Y. C. The shares in our opinion have no value.

Silver Leaf Mining Company, Limited. Incorporated in Ontario and filed its last annual return on May 1, 1935. The office was located at Box 47, Cobalt, Ontarion, and the name of the Treasurer is Gordon H. Benson, 2284 Wilson Ave., Montreal, Quebec. Letters addressed to Mr. Benson have not been answered nor returned. The company's development work was disappointing and in 1927 operations were suspended. There is absolutely no market for the stock and believe the shares have little if any value. (1936.)

Silver Leaf Mining Company Ltd. Bryant & Co., brokers located at Dominion Sq. Bldg., Montreal, Que. informed us on August 24, 1936, that the company has been inactive for years. The company has complied with necessary requirements to keep its charter in force and taxes paid up to 1936. The shares are offered at 50 cents with no bids.

Silver Nuggett Mine & Milling Co. Incorporated in New York in 1880 and had mines in Arizona. No value was found for the stock in 1911. Our Mining Directory for 1898, listing all mining companies, does not list this company. It is our opinion that the shares are without value.

Silver Nuggett Mining Co. This company was incorporated in Arizona and went out of existence years ago. Our company made an investigation of the company in 1903 and found no value to the stock. There was a company by the name of Silver Nugget Mining & Milling Co. whose shares were appraised at no value in 1918.

Silver Nuggett Mining Company. Incorporated in New York on August 23, 1881 and was located in New York City. It was reported in 1903 that the stock was worthless. In view of the above we believe the shares are without value.

Silver Queen Mining Company of Arizona. Organized in 1880 and owned mineral lands adjoining the Lake Superior & Arizona, about 8 miles west of Miami and 12 miles north of Ray. Continued operations until 1888 when the mine was closed down and the property abandoned. The property was subsequently acquired by the Thompson-Gunn interests, and in June, 1910, the present Magma Copper Company was formed to take over and operate the property. The Magma Copper Company informed us that there was no transfer of stock, and in their opinion the shares of the subject company are without value. (1933.) It is our opinion that the shares are without value.

Simpson, Crawford Corporation. Incorporated on April 2, 1914, in New York and acquired the assets of the Simpson-Crawford Company, which owned the entire capital stock of the Simpson Realty Company. The company announced on April 8, 1915, that the corporation would go into voluntary liquidation. The store closed on June 12, 1915 and the merchandise stock was sold to Gimbel Brothers. The property of the Simpson Realty Company was foreclosed on Jan. 3, 1916, and not enough was realized from the sale of said property to pay the first mortgage in full. The liquidating agent for the corporation informed us that they are holding funds to cover

liquidating payments at the rate of 59% on outstanding first prefered stock. In view of the fact that the first preferred stock was not paid in full there was no equity left for the junior issues, and submit them as worthless. Therefore we submit the second preferred stock, common stock and scrip for common stock, as worthless as of November 24, 1933 and as of the present time. Voting Trust Certificates for first preferred stock and scrip for first preferred stock were worthless as of November 24, 1933 and as of the present time if they are stamped as having received 59%, the total amount paid in liquidation. If the certificates are unstamped they had a value of $14.75 per share as of November 24, 1933 and as of the present.

Simpson Creek Coal Co. (W. Va.) Preferred stock has a liquidating value of $97.65 per share. Common stock received $1.15 per share. There may have been more payments on the preferred stock.

"We have done the best we can in trying to run down some information concerning the above company about which you asked in your letter of May 11, but have been unable to get anything that might be helpful. The company was formerly in the Pacific Finance Bldg., and from there moved to the Richfield Bldg. Upon inquiry to the office of that building we find that they are not at present tenants in that building and there seems to be no trace of the movements of the company from that point on. We also checked with the Dept. of Corporations in trying to find some record of the company, but we were told that that department has no trace of this firm in its files."

Sonny Boy Lode Great Bear Lake Mines Limited. Incorporated in Canada and is located at 503 General Assurance Bldg., Toronto, 2, Canada in care of Harry J. Martin, an attorney and President of the company. Mr. Martin informed us as follows: In reply to your letter of April 22nd, I beg to say that the Properties of this company consist of 15 unpatented Mining Claims, comprising in area approximately 900 acres in the Coronation Mining Division of Great Bear Lake, North West Territories, Canada. The company owns the claims but the company has no money and the money required to do the assessment work necessary to protect the title of these claims, will have to be put up by the chief shareholders or promoters of the company. There is no market value for the shares so far as I am aware." (1935.)

Sonora Consolidated Mining Company of Bodie District, Calif. Incorporated in New York in 1879 and lost its corporate existence by proclamation. We searched our mining record for 1898 listing all patented claims in the Bodie District of California and found no record of this company. We believe that the company failed before 1898. We found no value to the stock and therefore believe the shares are without value.

Sonora Exploration Company. Incorporated in Arizona in 1904 and its charter expired by the 25 year statutory limitation on August 3, 1929. The shares in our opinion are without value.

Sonora Exploration Company. Incorporated in New Jersey and went out of existence in 1904. The shares were reported as worthless by our company in 1911, and therefore submit them as such as of this time. (1934.)

So. American Gold Mining & Development Co. Organized under laws of West Virginia in 1896 with capital of $5,000,000. In 1905 the directors were, George E. Brown, 10 Wall St., N. Y. C.; Arthur Kenny, 430 West 14th St., N. Y. C.; J. S. Hanshe, Fort Lee, New Jersey; Harry F. Ives, 10 Wall Street, N. Y. C.; J. T. McCarrier, 56 Pine St., N. Y. C. In 1905 a search was made for the company and none of the above officers could be located and in view of the fact that the company had not filed a report with the Secretary of State since incorporation it was presumed that the company was not operating and out of business. In 1901 the company had an office at 220 Broadway, New York City. No trace of the company can be found for a great many years and as there are no public sales or quotations, we consider the stock valueless. (1934.)

South Carolina Railway Company. First Cons. Mtge. bonds. The South Carolina Railway Company existed a great many years ago. It was absorbed by the Southern Railroad not long after it was organized. At the time the Southern Railroad took over this company, a representative of the Circuit Court here, went to New York, with an attorney from this city, to look after the matter. There all bonds of this company had to be verified and proved. This was done, and all of the proved bonds were paid their pro-rata share of the proceeds of the sale of this road, which we believe amounted to about $128. per $1000. All of the proceeds were disbursed at that time.

South Carolina, State of. Value of 6% Bond No. 759 Loan for the Conversion of State Securities. The Treasurer of the State of South Carolina informed us that Bond No. 779 is not represented by bonds on file and is of a fraudulent issue declared by Act of 1873 to have been "put upon the market without any authority of Law" and is absolutely null and void.

South Carolina, State of. In December, 1873, the State of South Carolina passed an "Act to Reduce the Volume of the Public Debt", called the "Consolidation Act." This Act declared null and void $5,965,000. Conversion Bonds as having been illegally put on the market, and provided that bonds and stocks for $9,886,627 (being the remainder of the total debt of October 31, 1873) should be funded at 50% of their face value and interest from 1872. Thereupon this $9,886,627 of debt was funded at 50% into new 6% "Green Consols" dated January 1, 1874, due July 1, 1893. Over one half the old debt had been funded at 50% into the new 6% "Green Consols" dated January 1, 1874; due July 1, 1893, when in 1877 the question was again raised concerning the validity of certain of the old securities, which resulted in funding all over again under the "Consolidation Act of 1873". Invalidity was discovered to exist to a considerable extent among the "Green Consols". All those therefore wholly valid, and the valid portion of those declared tainted, were exchanged at par with interest to July 1, 1878, for new bonds printed from the same plates as the "Green Consols", but colored "Brown" to avoid confusion with previous issues. With reference to the $13,500. (par) State of South Carolina 6% Consolidation Bonds due 1893 which you hold, we would suggest that you write to the State Treasurer, Columbia, South Carolina, requesting information as to whether or not the specific bonds held by you are a part of the valid "Green Consols" or are they exchangeable for the "Brown" bonds. In writing be sure and give full description of bonds and amounts.

South Side Railroad Company of Long Island. Second 7's S. F. Mortgage due 1900. This road constructed under the charter of this company ran from Williamsburg to Patchogue, a distance of 54 miles. The company also operated, under lease, branches to Rockaway Beach and Hempstead, 15 miles. A report of this company dated Sept. 30, 1873 showed earnings of $448,410.44 and expenditures of $680,777.13 before interest of $257,631.55 and Federal Taxes. This road was sold under foreclosure on Sept. 16, 1874 and reorganized as the Southern (L. I.) Railroad. In the statement issued on Sept. 30, 1875, Southern Railroad of Long Island listed this mortgage as a liability. Apparently the bonds were assumed. In 1888 it was reported that the mortgage of $1,500,000. Second mortgage 7% bonds due 1900 and Southern Railroad of Long Island 7's due 1879 of $405,000. had been foreclosed in 1879. We understand that the company was reorganized as the Brooklyn & Montauk Railroad. In a notice dated June 5, 1880, the holders of the sinking fund bonds of the South Side Railroad Co. were notified that certificates of preferred and common stocks of the Brooklyn and Montauk Railroad Co. were ready for delivery at the Gallatin National Bank, N. Y. C. on surrender of receipts issued on the deposit of bonds and on payment (if not already paid) of the assessment of $10. per $1000. bond. The Brooklyn & Montauk Railroad was leased to the Long Island Railroad for 50 years. The bonds may be exchangeable for stock of the Brooklyn & Montauk Railroad.

Southern Cities Supply Corporation. The Southern Cities Supply Corporation was incorporated under the laws of the State of Delaware and had its principal place of business at Fox Station, Alabama. In 1930, a receiver was appointed by the U. S. District Court of Alabama and on April 12, 1930 the property was sold for $40,300. to the Stevenson Brick Co. Shortly after the sale, Mr. Stevenson gave Mr. Lynn E. Wolfe, President of the Southern Cities Supply Corp., an option to repurchase the property for $45,300. As far as I have been able to determine, Mr. Wolfe had full intentions of getting back the property and reorganizing the company. The company only had Priority and Lien claims of $24;549.83 to pay and do know that the unsecured creditors would have taken stock in a new company in payment for their claims. There would have been a good equity left for at least the Class A stockholders as the property was appraised in 1928 at $1,815,000. Efforts to reorganize the company were abandoned when Mr. Wolfe failed to exercise his option to repurchase the property. Shortly thereafter, on March 12, 1932 the Referee in Bankruptcy liquidated the remaining assets, paying the secured creditors in full and the unsecured creditors at the rate of fifty cents on the dollar.

Southern Cities Utilities Co. Incorporated in Delaware on Aug. 6, 1917. In Nov., 1930 the company sold all of its assets, subject to its funded debt and other liabilities to Central Public Service Corp. In return Central Public Service issued to the subject company 134,356 shares of its Class A stock of which 31,972 shares were applied by the company toward the liquidation of certain outstanding debts, leaving a balance of 102,394 shares. The total assets of the subject company then consisted of 102,394 shares of Central Public Service A stock, 300,000 of Commonwealth & Southern and liabilities represented by a $4,500,000. loan. Under plan of reorganization in 1932 each share of Central Public Service A stock was exchanged for one share of Central Public Utility Corp. A stock. Under the reorganization plan filed on Dec. 4, 1934 which has not as yet been adopted, no provision will be made for the Central Public Utility Corp. A stock. The corporation is hopelessly insolvent as Commonwealth & Southern is now only quoted at 2-3/8 or about $712,000. for the 300,000 shares which is subject to a loan of $4,500,000. (8/21/1935.) Therefore it is our opinion that the shares of the Southern Cities Utilities Co. are without value.

Letters addressed to the company have been returned marked "Unclaimed". The property was apparently abandoned as the Mines Bureau has not heard from the company in years. It is our opinion that the shares are without value.
Southern Pacific Service Co. First 6% Series A bonds due 1943 have a decree value of $226.96, $65.63 and $5.98 per $1000. bond.
Southern Packing Corporation. Incorporated in Florida on November 18, 1927 with its principal place of business at St. Petersburg, Fla. The attorney filing the papers was James Frank, now located at 132 W. 43rd St., N. Y. C. Mr. F. V. Rosseau, 1277 Talbot Ave., Jacksonville, Fla., was named as resident agent. This corporation filed Final Decree of Dissolution on July 18, 1933 and is no longer transacting business. These shares were originally offered in 1927 and have never had a market value. It is our opinion that the shares are worthless.

Splitdorf-Bethlehem Electrical Company, Inc. In April, 1931 this company merged with the Splitdorf Electrical Company to form a new company known as Splitdorf Electrical Company. The stock of the Splitdorf-Bethlehem Electrical Company, Inc. was retained by the stockholders, but represented a share for share interest in the new company. The Splitdorf Electrical Company, formerly Splitdorf-Bethlehem Electrical Company, was dissolved August 19, 1932 and is now in process of liquidation by former directors acting as Trustees in Dissolution. As the liquidation goes forward dividends will be paid to the general creditors (including debenture holders) in proportion to their respective interests. It is the opinion of the undersigned that the proceeds of the liquidation will not be sufficient to pay in full the claims of the creditors and debenture holders so that there is no likelihood of any liquidating dividend for the common stockholders. In as much as the company has been formally dissolved, transfers of common stock on the books of the company cannot be made. There was no exchange of the debentures or the common stock of Splitdorf Electrical Company for stock in Edison-Splitdorf Corporation. However, the latter corporation (which purchased the going assets of the former) made an offer dated July 11, 1932 from which the following quotation is made: "(a) Each holder of $100. par value of debentures (of Splitdorf Electrical Company) shall receive two shares of the common stock of Edison-Splitdorf Corporation . . . (b) Each holder of twenty shares of common stock (of Splitdorf Electrical Company) shall receive one share of the common stock of Edison-Splitdorf Corporation . . . (c) Fractional warrants for stock and rights will be issued for less than twenty shares, said warrants to expire on December 1, 1932." In view of the above information obtained from Mr. H. H. Eckert, Trustee in Dissolution, that there was no equity left for the stockholders after dissolution of the company, we believe that the shares of the subject company first became worthless on August 19, 1932, the date of dissolution.
Splitdorf-Bethlehem Electrical Co. Conv. Deb. 7% bonds due 1932 have a decree value of 18% of their face value.

Spreckels Sugar Corporation. Incorporated under the laws of the State of Delaware on January 24, 1929, to acquire the assets and business of the Federal Sugar Refining Company of New York. The company owned a sugar refinery at Yonkers, New York, which covered more than sixteen acres with a water frontage of over one thousand feet. The company owns 94.58% of the common stock and all of the preferred stock of Syrup Products, Inc. On January 13, 1932, the Irving Trust Company, Edgar H. Stone and Henry P. Scott, were appointed receivers in equity by order of the United States District Court for the Southern District of New York. The Irving Trust Company informed me that the following balance sheet of Spreckels Sugar Corporation was prepared as of December 31, 1932, as taken from the books.

Funded Debt	3,045,500.00
Accrued interest to January 18, 1932	222,321.51
Stockholders equity as represented by books of company as at December 31, 1932	8,108,226.19
	$13,845,717.03

Note: According to the records of the Irving Trust Company, Barrow, Wade Guthrie & Co., certified public accountants, stated that the sound value of the fixed assets of Spreckels Sugar Corporation was $6,831,500.56 as of May 30, 1931. I do not believe there was any change in the sound value of the company's fixed assets from May 30, 1931 to December 31, 1932, as the company's plant had been shut down since August, 1930. Therefore, in view of the Irving Trust Company's report that the capital stock of the Spreckels Sugar Corporation had ample equity as of December 31, 1932, it is my opinion that ascertainment of worthlessness could not have been determined prior to January 1, 1933. On July 28, 1933, Federal Judge Knox permitted intervention in the receivership of the corporation by a bondholders' protective committee. The committee alleged that they held a prior lien on the company's properties covered by the bond issues. The bonds became due on May 1, 1933; principal and interest of which had been in default since May 1, 1931. Previously the Court had adjourned the hearing on petition of the receivers for authority to sell the properties at public auction on July 24, 1933. The postponement was the result of the plea of Rudolph Spreckels who pleaded for delay in the hope that the Agricultural Adjustment Act and the National Recovery Administration would approve agreements for marketing raw and refined sugar, so that the refinery could resume operations successfully. It was reported in November, 1933, that the receivers contended the Secretary of Agriculture had refused to approve the draft of such a proposed agreement on the ground that it was impracticable at that time. At the same time, it was reported that a court order indicated that unless $30,000. in cash was furnished by creditors to enable the equity receivers to continue, a decree would be entered authorizing the disposal of the property. On November 15, 1933, Federal Judge Knox adjourned until December 8, 1933, hearings on a motion of the receivers, for permission to sell the properties of the corporation. On December 21, 1933, Federal Judge Knox ordered the properties to be sold. The upset prices determined by the court were:

For Parcel No. 1	$ 350,000.	
For Parcel No. 2	1,750,000.	(Subject to taxes of $321,867.)
For Parcel No. 3	475,000.	(Subject to taxes of $36,202.)

The corporation's indebtedness, as of December 21, 1933, apart from contested claims was $5,873,000. It is reasonable to believe that after Federal Judge Knox's order to dispose of the corporation's assets at a figure which was less than the bonded indebtedness, the entire equity of the capital stock would be wiped out. Therefore it is my opinion that the capital stock of the Spreckels Sugar Corporation first became worthless in December, **1933.**

Stanton Mutual Corporation. Incorporated in New York on May 17, 1924 and according to the State records the corporation has not formerly been dissolved. It is our opinion however that when the corporation is reached for not having filed reports for a certain length of time, its charter will be forfeited. Mr. Chas. Segal, attorney, located in New York City, who incorporated the company, informed us that the corporation was formed as a mutual aid corporation to help business. Mr. Segal has not heard from the company since then. Nathan Arnopolsky, director, 83 Stanton St., N. Y. C. Mr. Arnopolsky informed us that he was only in the company a short time and knows nothing further regarding it. Mr. Segal stated that if Mr. Arnopolsky knows nothing further about the company it is apparently out of existence. We found no market for the stock and therefore believe the shares have no value. (1935.)
Stanton Realty Co. N. J. 1934.
Stanton Rich Hill Gold Mining Co. Incorporated in Arizona in 1908 and failed to file reports since incorporation. The company lost its charter by limitation in 1933. We searched our mining books back to 1908 and found no record of this company's operations. It is our opinion that the shares are without value.

State Telephone Company. Value of 1st 5% bonds due 1913. A receiver was appointed in 1905 which was a year or two before the first default in interest. At that time, the assets were of so little value that the bondholders did not think it worth the trouble and expense to foreclose the mortgage. It is our opinion that the bonds are without value.

Sterlington Realty Company, Inc. Incorporated under the laws of the State of New York and was located at 165 Broadway, New York City in 1913. The company had an issue of 5% 20 year First Mortgage bonds dated December 16th, 1912, and due January 1, 1933. The mortgage securing these bonds was recorded on December 16, 1912, in Rockland County, New York. Liber 207 of Mortgages, Page 274. The County Clerk of Rockland County informed us in May, 1936 that this mortgage was still open of record, but did not know what happened to the company. A careful search of the records at New City, New York, disclosed that the mortgage was made to the Lawyers Title & Trust Co. on December 16, 1912 on certain property located at Ramapo, New York, in the amount of $150,000. With a description of the property we interviewed many people at Sloutsburgh, New York, and were informed that the property belonged to the Price family. We directed a letter to Mrs. Theo. H. Price at 850 Park Avenue, New York City, and received the following reply from Mr. John L. Dunn, an attorney located at 49 Wall Street, New York City: "This will serve to supplement our letter of August 19, in reply to yours of August 10th to our client, Mrs. Theodore H. Price. Sterlington Realty Company is still the owner of the property referred to by you. Harriet Dyer Price owns and holds all the stock of Sterlington. She also is the owner and holder of all the bonds issued under the trust mortgage. If the Lawyers Title & Trust Co. is desirous of clearing its files and relieving itself of further responsibility, we might be able to get Mrs. Price to exhibit the stock and hand up the bonds for cancellation."

Stove Manufacturers' Repair Association. Incorporated in New York in 1916 and was located at 230 Water St., N. Y. C. President, William H. Shaw; Secretary, Edward H. Taylor, Jr.; Treasurer, Asa Trenchard. In 1919 it was reported that the company had merged with Russ & Krekel Co. The Russ & Krekel Co. was incorporated in New York and was located at 230 Water St., N. Y. C. President, Homer E. Sherwood; Secretary, Hy. W. Krekel; Director, Charles Sattler. In 1923 it was reported that Russ & Krekel had dissolved. Ashley, Foulds & Dalton, attorneys located at 150 Broadway, N. Y. C. informed us as follows on June 12, 1935. ". . . this share of stock, as far as we are concerned has no value and we are not interested in it in any way. I might state that when Russ & Krekel Co. purchased the assets of the Stove Manufacturers Repair Assn. that Mr. Shaw, the owner of the Assn. at that time, prepared an affidavit showing that this one share of stock to Mr. Ramsay was for qualifying purposes and at that time had no value. Mr. Shaw told us that it was misplaced and that if it ever did appear that he would turn it over to Russ & Krekel Co. who are now out of business." In view of the above we believe the stock worthless.

Suburban Security Corp. Incorporated in New York and is a going concern located at 307 Fifth Ave., N. Y. C. in care of Leo L. Tully, President. Mr. Tully informed us that the company originally invested in second mortgages. When the second mortgages defaulted the company took over these properties on which there were first mortgages and accrued taxes. The income from the properties has been insufficient to take care of the fixed charges and taxes. At the present the New York Title and Mortgage Company is suing on a deficiency judgment, which if successful, will just about wreck the company. However, until the company loses its entire properties, the shares are not considered entirely worthless. If inflation does come, or an unexpected real estate boom, the shares of stock may have considerable value. We were informed that according to the company's book figures, the properties are carried at cost and would therefore show an equity today. (1935.)

Summit Apartments, Inc. No. 2. N. J. 1934.
Summit Avenue Realty Co. N. J. 1934.
Summit Branch Railroad Co. The property of this company was foreclosed in 1897. No provision was made for stockholders who did not contribute their share of the purchase of the property. It is our opinion that the non-assenting shares are worthless. The Pennsylvania Railroad Co. informed us in 1907 that the shares were worthless.
Summit Cleaners Corp. N. J. 1934.
Summit Company. Incorporated in Utah and lost its charter in 1910. The following were the incorporators: George W. Parks, Salt Lake City, Utah; C. W. L. Stevens, Salt Lake City, Utah; A. M. Spooner, Salt Lake City, Utah; W. H. Bramel, Salt Lake City, Utah. We searched our mining books and found no record of this company's operations. Therefore it is our opinion that the shares are worthless.

Sussex Calcite Company. Incorporated in New Jersey to succeed the New Jersey Mineral Company, by change of name. The main office of the company we understand, is located at 665 Fifth Ave., N. Y. C., in care of Dr. Horace W. Northrop, President. The bonds of the New Jersey Mineral Co., were assumed by the Sussex Calcite Co. Dr. Northrop informed us that the company is earning about enough to pay the county taxes on its property. No interest has been earned on the bonds for years. However, Dr. Northrop is very optimistic and believes that when conditions get better the bondholders will realize something on their bonds. At the present time the bonds may be sold at 1% or $5. per $500. bond. In view of the above we submit only a nominal value for the Sussex Calcite Company stock and $5. as a fair value for the $500. bond of the New Jersey Mineral Co. (11/1/1935.)

Swastika Mining Company. Incorporated in Wisconsin on July 5, 1907 and forfeited its corporate rights on January 1, 1916. The last report filed in 1908 showed the following: President, C. Yetmar, 516 Germania Bldg., Milwaukee; Vice Pres., L. O. Stauff, 1725 Glena St., Milwaukee; Treasurer, W. S. Stanley, 1011 Cedar St., Milwaukee; Secretary, F. A. Moritz, 196 12th St., Milwaukee. We found no value to the stock and therefore believe the shares are worthless.

Swastika Mountain Top Mining Co. Incorporated in Arizona and failed to file reports since 1913. The company's charter expired by limitation on Jan. 3, 1933. It is our opinion that the company went out of business before 1913 and that the shares are without value.

Tajos Mines, Inc. Incorporated under the laws of the State of Delaware on June 15, 1926 and owned certain mining properties located in Sonora, Mexico. The office of William DeForest Manice, who was formerly secretary of the company, informed us on September 21, 1936, that the company lost its mining properties to the State of Sonora, Mexico in 1931 for non-payment of taxes. The company had no further assets and ceased to exist. In view of the above, and for the reason that the officers have no intentions of reviving the company, we believe the shares are without value.

Tennessee Agricultural Chemical Corporation. We received the following letter dated April 1, 1935 from Claude B. Stephenson, an attorney, located at Centerville, Tennessee, which speaks for itself in regard to the value of the stock: "Your letter of March 25, 1935 with reference to certain shares of stock of the Tennessee Agricultural Chemical Corporation which went into receivership in 1921, has been turned over to me as their attorney for reply. It has been some time since this matter was wound up and my memory is a little hazy on it, but as I remember it, the receivership was in the Federal Court and it would not operate under the receivershp except for a very short time. The property was sold and bought in by some parties from Massachusetts who formed a company by the name of the New England Phosphate Co. The price paid by the latter into the Federal Court was not sufficient to take care of the bonds of the company. In fact, as I now remember it, the price was not sufficient to take care of the preferred claims and the expenses of the receivership. The New England Phosphate Co. has also gone under and the property can be purchased for a very nominal sum—almost as farm land." In view of the above we believe the shares valueless. (1935.)

Thompson's Malted Milk Company. The Soluble Products Company of Waukesha, Wisconsin, formerly Thompson's Malted Milk Company, informed us that this company was dissolved more than four years ago and common stock in the company has no value. At the time the company was dissolved all stockholders holding common stock were given Borden stock in exchange for their Thompson's stock. While the stockholders were not requested to return their old certificates, it was suggested at the time that the old certificates be destroyed. Evidently your client has received his Borden stock. However, we suggest your getting in touch with the Borden Company, 350 Madison Ave., N. Y. C. and ascertain from them if Borden stock was received by the stockholder named in your certificate. Ophir, Utah. Property, 43 claims, 640 acres on Lion Hill, Ophir District, Tooele County. The company issued interim receipts and later exchanged them into the capital stock of the company. Mr. H. M. Ayres was notified to send in his receipt and receive his stock, which he failed to do, and since then the company has gone out of business. We have been unable to find any trace of the company or any quotation of its stock for a number of years. We therefore submit the interim receipts as valueless as of June 20, 1929.

Tiffany Motor Company. Value of V. T. C., for common and preferred stock. Incorporated under the laws of the State of Delaware and was located at 75 Fulton St., N. Y. C., in 1915. In 1916 no further trace of the company could be found. It was reported that Mr. Wm. R. P. De Saussure was president of the company. We contacted the De Saussure Equipment Co., located at 221 18th Street, West N. Y., N. J., and was informed that this company was formed to manufacture a motor that ran on a battery to operate phonographs. The venture proved unsuccessful and the company went out of business. The De Saussure Equipment Co. also informed us that the company had dissolved about 20 years ago and that the capital stock is without value. Therefore in view of the above, we believe that the V. T. C., for common and preferred shares of the Tiffany Motor Co., were worthless as of Sept. 23, 1934.

Tommy Burns Gold Mining Co. Incorporated in Delaware on Sept. 5, 1911 and is no longer in existence having become inoperative on March 19, 1919. The last known address of the company was at 1 Wall St., N. Y. C., and Porcupine, Ont. The last known officers were as follows: President, Wm. E. Beattie, Arlington, N. J.; V. Pres., Louis W. Myers, 50 Broad St., N. Y. C.; Treasurer, Asher W. Young, 345 Eastern Parkway, Bklyn. Mr. Wm. E. Beattie informed us on April 13, 1935 that the company lost its property through a receivership and there was no equity left for the stock which is without value. In 1931 it was reported that the former holdings of the Tommy Burns Gold Mining Co., were owned by the Triplex Gold Mines, Ltd., 201 Commercial St., Worcester, Mass. In view of the above we believe the shares are without value.

Travis Club of San Antonio, Texas. Value of 2nd Mtge. 6% bond due 1923. Incorporated in Texas on March 10, 1911 and forfeited its charter on July 2, 1919. The last report was filed in 1917. President, W. W. Collier, San Antonio, Texas; Treasurer, W. B. Hamilton, San Antonio, Texas. We found no value to these bonds and therefore believe them without value. Our correspondent's recollection is that the property was lost through foreclosure of prior liens.

Daniels, N. Y. C. In 1926 no further trace of the company could be found. Mr. Daniels, is an attorney located at 36 W. 44th St., N. Y. C. He informed us that the negotiations to finance the operation of the leases on the 14,000 acres of land in Texas fell through and the company just ceased to exist many years ago. The company lost its leases and was without assets when it went out of business. It is our opinion that the shares are without value. (1936.)

Tri-Utilities Corporation. Incorporated in Delaware on March 4, 1929, to operate as a public utility holding company. On August 31, 1931, Hugh M. Morris of Wilmington, Delaware, was appointed receiver of the corporation by the United States District Court of Delaware. On March 14, 1932, a plan of reorganization dated September 1, 1931, was abandoned. All the assets were sold with the approval of the

court during 1932. The receivership was wound up early in 1933 and the receiver was discharged on January 26, 1933. In February 1933, the Chase National Bank as Trustee for the Conv. Deb. 5% bonds due 1979 received funds from the receiver to make a distribution of 30 cents on each $1000. bond. This distribution was the first and final liquidating dividend on the remaining assets of the corporation sold August 20, 1932.

Troy & North Carolina Gold Mining Co. Incorporated in New York State in 1866 and was revived in 1936 by Frank E. Tappan, treasurer of the company, located at Attleboro, Mass. in care of the Associated Attleboro Manufacturers, Inc. Mr. Tappan informed us as follows on Aug. 3, 1936. "The company was revived in order that it should be able to pass title to its property in North Carolina. The undersigned, F. E. Tappan, having paid taxes on this property for many years, personally, and having had the responsibility of seeing that no one stole the timber or gold, felt that he should have the property in his own hands to dispose of as seemed best. Therefore the directors voted to sell the property to him for $1200. You will realize, of course, that most of this amount was used in defraying state franchise and other taxes in arrears for upwards of twenty years, also attorney's fees so that there will be little to distribute to stockholders. However, there may be something left when the matter is finally closed. If you will furnish me with full particulars regarding the stock you mentioned including proof of ownership, I shall place the name on file for distribution of whatever amounts may be left after all expenses are paid."

TROY & NORTH CAROLINA GOLD MINING COMPANY. Supplementing our previous report, the following letter was received from Ralph C. Estes, an attorney located at Bronson Bldg., Attleboro, Mass., dated August 13, 1936. "Your letter of the 4th instant to Mr. Frank E. Tappan has been handed to me by Mr. Tappan to answer because I am familiar with the legal affairs of the Troy and North Carolina Gold Mining Company, and he thought I might explain the legal aspect to you better than he can. This company was organized about 1866. Mr. Tappan's father became interested in the company and became the owner of 539 shares out of 707 shares issued. The company became dormant. Back around 1915 there was a law suit over the taking of some of the timber from the property, which was won by the company, but damages were entirely used up in legal fees. In 1924 after Mr. Tappan's father died, and his stock came to Mr. Frank E. Tappan, they had the opportunity to sell some timber, and we called a meeting of the stockholders. Notice was sent to all stockholders of record to the addresses that were known. The meeting was held in Troy, N. Y., and a vote passed to sell the timber. There was something around $6000. realized. Mr. Tappan had paid the taxes, salary of treasurer for some time, expenses of looking after the property, and legal fees, which reduced the $6000. to $1500. The property was sold for taxes once or twice and he redeemed it. Nothing more was done until there was some talk of the government taking over the property at a price that would realize about $1200. We then started to have another meeting of the company last year, but found that the company had been dissolved by the State of New York. We succeeded in getting a special Act through the New York Assembly early this year to revive the company, but to do so we had to pay considerable taxes to the State of New York, and then held a meeting at which 549 shares out of 707 were represented. Again all notices were sent to all the stockholders of record to the last addresses known, including Mr. Cluto, and notice was advertised in accordance with New York laws. The meeting was held and it was deemed advisable to get the property into somebody's hands so that it could be disposed of, and Mr. Tappan offered to take it over at the price the government might pay, namely, $1200 and the stockholders voted to sell it to him. Consequently it has been conveyed to him, and then we have had the company again dissolved. Competent New York legal advise was employed. After paying all expenses, taxes, etc., there is about $1500. on hand to be divided among the stockholders."

Trustees System Service Corp. This company went into receivers' hands on Oct. 29, 1932 and it was found that the liabilities of the company exceeded its assets by $2,500,000. The direct liabilities were placed at $4,600,000. with indirect liabilities of $5,200,000. through guaranteed notes of its subsidiaries.. Judge James H. Wilkerson, in Federal Court, Chicago, adjudicated the corporation bankrupt. It would therefore appear that there will be very little equity left for the noteholders. We suggest, however, that claim be filed with Clyde L. Day, equity receiver, Chicago, Ill. (1935.)

Tuckerton Railroad Company. Opened Nov. 20, 1871 and operated 31 miles of road in the State of New Jersey. Funded debt: $200,000. First Mtge. Bonds due 1901, $8,000. Second Mtge. Bonds due 1903. The road was offered at public sale in Camden, N. J. by the Circuit Court of the United States, and the property was bought by the solicitor of the road for $85,000. The second mortgage bondholders who did not come in on the plan of reorganization at that time obtained no rights in the reorganized company. Mr. G. J. Bause, Treas. of the Tuckerton R. R. Co., Drexel Bldg., Phila., confirmed the above, by informing us that the above bonds have no value. Therefore it is reasonable to assume that the stock is worthless.

Turtle Oil & Gas Company. Incorporated in West Virginia in 1918 and was located at Wheeling Bank & Trust Bldg., Wheeling, W. Va. The company held leases in West Virginia, Kentucky and Texas. President, Wm. Irwin; Vice President, F. E. Kirkpatrick; Secretary, G. T. Knote. In 1924 the company was reported out of business. Our "Petroleum Register" reported no oil strikes on this company's leases. When the company failed to strike oil it apparently forfeited its leases and went out of business. As far as our records show the shares never enjoyed a market. It is our opinion that the shares are without value.

Twin States Natural Gas Company. Incorporated in Delaware on March 21, 1930. The company went into receivers' hands in June, 1931. On December 9, 1931, a plan of reorganization was approved. On February 26, 1932, the plan was declared operative. At instance of the Reorganization Committee, a new company, Hillcrest Natural Gas Company, was formed under the laws of West Virginia. On May 13, 1932, receivers' petitioned for a hearing on the Plan of Reorganization and asked that a decree be entered for sale of all the assets then in possession of the receivers' of the Twin States Natural Gas Company. The sale was duly held on July 2, 1932, and a representative of Hillcrest Natural Gas Company bid in the properties pursuant to the Plan of Reorganization. On July 20, 1932, the Delaware Court confirmed the sale. The plan provided that holders of undeposited Conv. 6% Debenture bonds due 1933 would receive one share of Class A and two shares of Common stock of the Hillcrest Natural Gas Company. The Empire Trust Company informed us that the amount received from the sale was insufficient to pay the expenses of the sale, leaving no equity for the undeposited bonds.

Tygarts Valley Traction Company. This traction company has gone into receivers' hands. A dividend has been paid to bondholders who have proven their claims. Suit was brought giving the bondholders preference in the liquidation. If your bonds were not proven before the commissioner, application to prove the bonds should be made at once to participate in any dividends that may be hereafter declared. The company still has some real estate and some rails to be disposed of before final liquidation. (11/5/1936.)

Tyrone & Clearfield Railroad Company. Chartered in 1853. It defaulted in the payment of interest on its outstanding mortgage bonds aggregating $260,000., and was sold under foreclosure proceedings in Sepember, 1866. The greater portion of the road, covered by a mortgage securing $225,000. bonds was sold for $50,000. and reorganized as the Tyrone & Clearfield Railway Company, which subsequently became part of the Cambria & Clearfield Railway Company whose property was later acquired by The Pennsylvania Railroad Company. The remaining and smaller portion of the road covered by a mortgage securing $35,000. bonds was sold direct to The Pennsylvania Railroad Company for $24,500. As the property of the T. & C. R. R. Co. was sold for a sum which was insufficient to meet the outstanding bonds and interest thereon, I regret to advise that the stock held by your client now has no value.

informed us that the only assets this company held in 1929 were 200,000 shares of stock of Webster-Eisenlohr Co. These shares were pledged with the Chase National Bank as collateral for a loan of $2,500,000. The company sustained very heavy losses in 1929 and when the market crash came in October, 1929 the market price of Webster-Eisenlohr stock declined considerably. The Chase National Bank having been unable to obtain additional collateral to secure the loan of $2,500,000. sold the 200,000 shares of Webster-Eisenlohr stock to the Chase Securities Corp. in Oct., 1929 at 2-1/8 per share. There was no equity left for the stockholders of the Union Cigar Co. after Oct., 1929 as its entire assets had been sold for $425,000. Therefore we believe that the stock of the Union Cigar Co. first became worthless in 1929.

Union Mills, Inc. (N. Y.) The liquidation of this company was approved in 1931 at which time the preferred stock was retired at $100 per share. The following payments were made to the common stockholders:

Feb. 10, 1931	$10. per share
Nov. 5, 1931	7. " "
Sept. 1, 1932	3. " "
Oct. 8, 1934	1. " "

When the remaining assets of the company are liquidated sufficient may be realized to pay a final liquidating dividend of between 50c and $5. per share. However, the best bid in the market for the common stock at this time is 25 cents per share. (6/23/1936.)

Union Mining Co. of Baltimore City. We found no record of this company's operations, except a report in 1911 to the effect that no value was found for the stock. Our mining record for 1898 listing all patented claims does not list this company. Therefore it is our opinion that the company went out of existence before 1898 and that the shares are without value.

Union National Corp. Incorporated in Delaware. Reinhardt & Reinhardt, attorneys, located at Equitable Bldg., Wilmington, Del., informed us that this receivership was terminated several years ago after due notice to all stockholders to file their certificates with a master, who was appointed for that purpose; and after the expiration of the time set for filing, distribution was made on the basis of those certificates which had been filed. Reinhardt & Reinhardt, informed us Oct. 20, 1930 that sometime in 1925 a forty per cent distributive dividend was paid on the preferred stock. In April, 1930 a final dividend of $2.80 per share was paid on the preferred stock. We believe that the time to make claim expired about the middle of 1930. As the estate received the 40% dividend the certificates evidently were filed and the claim was approved. After the expiration of the time set for filing, a final distribution was made on the basis of those certificates which had been filed. Apparently the $2.80 dividend was mailed to the holders that filed claim and was not stamped on the stock.

Union Realty Company. $100. bonds. The Union Realty of Atlanta, Ga., issued bonds of the Union Realty Company on the Thomas Jefferson Hotel of this city. When the Adairs got into trouble, the Thomas Jefferson Hotel, along with others, over the country, found itself in the hands of the Federal Court. We are informed that there was then formed the Jefferson Hotel Holding Company, which completed the hotel and later leased it to the Baker Hotel Corporation. We have also been informed that holders of the Union Realty Company bonds, if they took advantage of the opportunity to work their salvation out by cooperating with the stockholders' protective committee, would receive dollar for dollar of bonds of the Jefferson Hotel Holding Company. If they failed to do this, however, it appears they will have some 20c on the dollar coming to them from the Federal Court. (12/21/1929.)

Lotta, Sec'y. This company was organized to construct and operate an electric tunnel road between New York and Kings County. As far as we have been able to ascertain the company was out of business in 1909 and at that time our office appraised the shares as worthless. Therefore we submit the shares as such as of this time.

Union Terra Cotta Lumber Co. Incorporated in New Jersey on August 30, 1888 and was located at 252 Broadway, N. Y. C., in 1892. In 1895 no further trace of the company could be found, having filed its last report in 1894. President, John C. Kelley; Vice Pres., John McNamee; Director, Eugene Pitou. Mr. Pitou, the son of the former director, located at 3821 12th St., Long Island City, N. Y., informed us that he knows nothing about this company. In 1911 no value was found for the stock. In view of the above, we believe the shares are without value.

United Hotels Co. of America. The above company was incorporated under the laws of the State of Delaware on February 16, 1918 to control hotels throughout the country. On November 17, 1933, F. A. Dudley, J. R. Hudson and W. W. Reilly were appointed receivers. A reorganization plan dated June 9, 1933 proposed that the corporation's obligations be pared down without foreclosure, if possible. In the event that such a reorganization could not be accomplished, it was proposed to form a new corporation to acquire the company's assets through foreclosure proceedings. The plan without a foreclosure was contemplated upon assent of 50% in amount of the gold notes. The plan proposed on June 9, 1933, without foreclosure, was declared operative on January 24, 1934, by the Chancery Court of Delaware, and on February 28, 1934, by the United States District Court for the Southern District of New York. Non-assenting bondholders were entitled to receive $5. for each $1,000. bond up to August 21, 1934, at which time the $5. offer expired. The non-assenting bonds therefore became worthless after August 21, 1934 and should be allowed as a tax deduction for that year.

United Hotels Company of America. The preferred stock of said corporation first became worthless in 1934 when the Chancery Court of Delaware declared operative the company's reorganization plan which eliminated the preferred stock. Mr. Chas. Doherty, Vice President of the United Hotels Co. of America Inc., located at Niagara Falls, N. Y., informed us that the Federal Government disputed a loss taken on the stock of this company in 1933, on the grounds that the stock was not eliminated until 1934.

United Investment Assurance Trust. Organized as a Massachusetts Trust on Oct. 15, 1927. The Founders Securities Trust acted as fiscal agent. In 1931, the Trust was reported in receivership. The last known address of the company was National Union Bank Bldg., Boston, Mass. and the following were the Trustees: Charles W. Seager, Brookline, Mass.; Stephen J. Richards, Needham, Mass.; Stephen R. Casey, Cambridge, Mass.; Stanley R. Miller; Lothrop Stoddard, Brookline, Mass. In a suit brought by Robert Axton & Wood F. Axton of Louisville, Ky., damage assessments of $2,000,000. were recommended, and seven men and a large Boston Bank were assessed. It was reported on Dec. 3, 1932 in the Financial Chronicle that Richards was sentenced to five years and Seager was fined $3,000. Hurlburt, Jones & Hall, attorneys, located at 53 State St., Boston, Mass., informed us as follows on March 9, 1936: "At the present time there is pending before the Circuit Court of Appeals for the Frist Circuit, an appeal in regard to the claim of the receiver of the United Investment Assurance Trust against the Founders Securities Trust. Until this appeal is decided the receiver is unable to express a very definite opinion as to the value of the securities issued by the United Investment Assurance Trust. The only shares, in any event, that will have any value in liquidation are the preferred shares and, as heretofore stated, no definite opinion can be given at this time as to the value of the preferred shares in liquidation but it appears at the present time, based on present market values, that they will be entitled to receive in the neighborhood of five dollars a share."

United Properties, Ltd. Incorporated under Queensland laws in May, 1908 to carry on a mining investment business. It consequently absorbed the Croyden Consolidated Mines Trust, Ltd. Its address in 1910 was Brisbane, Queensland. The London office was at Broad Street Place, E. C., London, England. In 1917 it was reported that the company's affairs had been taken over by the Atlas Corporation, Ltd. in consideration of the allotment to the shareholders of one Atlas 7% preferred stock of 2s.6d. credited with 1s. paid in respect of each two shares held. The liquidator of subject company was T. H. Waldie, 109 Pitt St., Sydney, Australia. (N. S. W.)

United Properties, Ltd. The Atlas Corp. Ltd. located at 109 Pitt St., Sydney, Australia informed us that this company was wound up and dissolved years ago and that the shares are without value. (1935.) Apparently the stockholders of record received Atlas stock in exchange for the shares held in United Properties.

We received the following letter from the Banking Department of the State of New York dated January 2, 1936. "On January 20, 1904 there was filed in this department the affidavit of the President and Secretary of the United Savings Loan Society that all of the assets of said society have been disposed of and all of its liabilities have been paid except the sum of $77.84 which is due to Carsten Hellshoren, William Richtberg and Henry W. Gennerich for moneys advanced by them individually to pay obligations and liabilities of said society, and that they and each of them have waived the payment of said sum to them. That all the stockholders have been paid to the extent of their respective claim, and there are no liabilities due to outstanding shareholders. That the holders of Class E shares have received nothing as said shares were issued to meet the expenses of the said society and the amount paid for the said shares having been used in the payment of running expenses. That there are no other liabilities against the said society nor are there any assets belonging to said society." According to the above all the Class C stockholders were paid. In this particular case the funds apparently were paid to stockholders of record. In view of the above and for the reason that there are no funds to pay on the shares we believe the Class C shares you hold are worthless.

United States Bond & Mortgage Corp. Incorporated in New York and is located at 8 E. 41st St., N. Y. C. The company handles limited first and second amortized mortgages on one and two family dwellings. On February 27, 1933 the corporation was placed in receiver's hands. Under date of Aug. 1, 1934 the committee submitted a plan of reorganization which has not as yet been accepted by the court. The plan provides that the collateral securing their bonds be liquidated over a period of years and any equity remaining over and above the face value of the bonds will be distributed to the stockholders. There is no present indication that the bonds will be paid in full, nor any indication that they will not be paid in full. These payments will depend largely on the ability of the home owners to keep up their payments. Therefore it is our opinion that the 7% preferred shares have only a problematical value at this time. United States Copper Co. Incorporated in April, 1911 in New Mexico and is located at Pinos Altos, New Mexico. The company was placed in receiver's hands in 1928, and the receivership was lifted on Sept. 6, 1929. The company owns about 697 acres of land near Pinos Altos. The property has been idle since 1925. At a stockholders' meeting in 1930 a $500,000 bond issue was authorized to provide funds for resuming operations. There is absolutely no market for the stock at this time. While the company will not send statements to us it will upon direct request from the stockholders. Mr. George B. Skogmo, an attorney, located at 152 W. Wisconsin Ave., Milwaukee, Wisconsin, informed us as follows on Nov. 22, 1935. "This company is in receivership with liabilities of approximately a quarter of a million dollars. The assets of the company, if put on the market, will bring but a very small fraction of that amount. I am a stockholder in the company and was formerly an officer. The stock is utterly worthless and in my opinion will never have any value as the property when sold will not bring sufficient to pay the outstanding liabilities other than stock."

United States Cordage Company. Value of Common Stock, Par $100. Incorporated under the laws of the State of New Jersey in 1893. The company encountered financial difficulties in 1899. The property was foreclosed and sold. First Mortgage bondholders only received $111.50 on each $1000. bond, leaving no equity for stockholders.

On Nov. 17, 1936, W. E. Kennedy was appointed receiver of the company. Mr. Kennedy informed us as follows on Dec. 11, 1936: "A bill for the dissolution of the company was filed on Nov. 5, 1936, in the Circuit Court for Baltimore City. Pursuant thereto and following a finding by the Court that the corporation was insolvent, I was appointed receiver. United States Ship Corp. Mr. Deacon Murphy, of Minton & Murphy, attorneys, located at 295 Madison Avenue, New York City, informed us as follows on February 14, 1936. "For many years my former firm, Edwards, Murphy & Minton, acted as attorneys for the joint stockholders' committee of the United States Steamship Company and the United States Ship Corp. It was our aim to secure any asset which might be of value to the stockholders of these two companies. In the final analysis we found that the only claim which might develop into an asset was that of the Groton Iron Works against the United States Shipping Board Emergency Fleet Corp. The Groton Iron Works was a subsidiary of the United States Steamship Co. The latter company was in process of being absorbed into the United States Ship Corp. at the time of the institution of the bankruptcy proceedings. Various actions in equity were instituted in behalf of the Groton Iron Works by its trustee, Mr. F. Leroy Harwood, in the United States District Court for the District in Connecticut. After years of litigation and in May, 1931 a stipulation was entered into between various counsel by which the actions mentioned were settled. This stipulation was signed on the 2nd day of May, 1931 by counsel subject to the approval of the court and on the 15th day of May, 1931 a Judge of the United States District Court for the District of Connecticut, sitting as a Bankruptcy court, approved the stipulation. The details of this stipulation are a matter of record in Equity Number 1634 and in Equity Number 1669 of the United States District Court of the District of Connecticut. In other words it was definitely determined that there was nothing left for the stockholders. (I doubt if the 2,000,000 of prior creditors' claims, which had been recognized by the receiver, were paid even to the extent of 10c on the dollar.) In consequence the committee on October 25, 1932, sent a notice to the various stockholders who had deposited that the committee was dissolved and that the stock could be recovered from the depositary if the stockholders so desired."

Our correspondent at Rutland, Vt. after considerable research has informed us as follows regarding the above bonds: The trustees of this company, Mr. Harmon and Mr. Cheney have both been dead for many years. We had occasion to look up the record of this company in the West Turland Town Clerk's office and find that in Book 2, page 198 under date of June 5, 1890 there is an instrument in which it is referred to as an "Insolvent debtor." This was before the Refereee in Bankruptcy under our state law. We are sure there is no value to the bonds.

Van Camp Packing Company. Incorporated under the laws of the State of Virginia in June, 1921 and had its principal office at Indianapolis, Indiana. On November 30, 1932, Fred C. Dickson, president of the Indiana Trust Co., Indianapolis, Indiana, was appointed receiver in the Federal Court at Indianapolis. Van Camp Packing Co. was declared bankrupt by U. S. Southern District Court of Indiana. On April 17, 1933, the court ordered the sale of the mortgaged property of the company subject to the claims arising out of certain sales contracts. On May 4, and May 5th, 1933 the court was to act on certain reorganization proposals outlined below: Abstract of Reorganization Plan dated August 12, 1932. Holders of prior preference stock, preferred stock and common stock would receive 15%, 15% and 5% respectively of common stock of the new company. This plan apparently was never consummated as the properties were sold in 1933 at which time the company was declared "hopelessly insolvent." The remaining properties were ordered sold on July 15, 1933. The bondholders only received $13.50 on each $1,000. bond leaving no equity for the capital stock. Therefore as the plan outlined above was not acted upon by the court until 1933 which may have given the old stockholders an equity in the new company, and that the property was not sold until 1933, it is our opinion that the capital stock of the company first became worthless in the year 1933 and the investment should be allowed as a tax deduction for that year.
Van Camp Packing Co. 6% bonds due 1948 have a decree value of $13.50 per $1000. bond. Deposited bonds received 35c per $100. bond. 8% bonds due 1941 reported to have value.

Verde Cobre Mines Company. Incorporated in Arizona April 2nd 1921 and since 1931 has failed to file reports or pay registration fees annually, as required by Law. The last known address of the company was Prescott, Arizona, in care of William Stevens, President and George H. Stack, Sec'y. This corporation will be declared legally dead when legislative appropriation shall be made for such purpose. However, as the State of Arizona is without funds, to declare the charters forfeited the company legally holds its charter. The shares have absolutely no market value. Therfore it is our opinion that the shares have little, if any, value at this time.

Verde Copper Mining Company. Incorporated in Arizona in 1909 and its charter expired by 25 year statutory limitation in 1934. We found no value to the stock and therefore believe the shares are without value.

Verde Hub Copper Co. of Arizona. Incorporated in Arizona on Nov. 8, 1916 and since 1933 has failed to file reports or pay registration fees annually, as required by law. The last known address of the company was Macon, Ill., in care of William C. Fields, President. Under the provisions of the statutes of Arizona the Arizona Corporation Commission is required to take action against all corporations which have failed for a period of two years or more to file annual reports and pay the fees thereon. The corporation will be declared legally dead when legislation appropriation shall be made for such purpose. In view of the above and for the reason that the company was reported dormant in 1931 by the Mines Information Bureau, we believe that the shares became worthless in 1933 or 1934 when the company failed to file any further reports.

Verde Mines & Milling Company. Incorporated in 1919 in Arizona and at last accounts was located at 201 Pemberton Bldg., Boston, Mass., in care of H. H. Patten. In 1931 the property of the company was reported as inactive. A letter addressed to Mr. Patten was not answered nor returned. The stock of the company is listed on the Boston Curb, but has no market at this time. (1933.)

Virginia Commonwealth of Deferred. (W. Va.) Cft. No. 2478 for $50. dated July 1, 1871 in the name of Thomas W. Ackley. This certificate is convertible into a W. Virginia Fractional cft. at 91.11% of its face value, $45.55. On this item the court allows a commission of 1% for making the exchange 46 cents and 60 cents for forwarding cft. in W. Virginia for exchange. (1934.)

Virginia, Commonwealth of. Value of Bond No. 2236 for $100. issued 7/1/1871. This bond is fundable at 68.25% of its face value into a Virginia Century Fractional cft. The coupons attached thereto are valueless except those due in July, 1889, January and July, 1890 and January and July, 1891, five coupons of $3. each. These coupons are fundable at 75% of their face value. The funding value of the bond and coupons together aggregates $79.90. The fractional certificates may be sold at 70% of their face value or $55.93. The law requires that a commission of 3½% be paid for the funding on the new issue. The new issue being $79.90 would make this funding fee $2.70. (1934.)

Virginia, Commonwealth of. Value of Virginia Deferred (W. Virginia) certificate. Certificate No. 703 for $333.33 is worth at this time $254.16. Certificate No. 728 for $300. is worth $225.06. (1934.)

Virginia, Commonwealth of. Value of 6 deferred cfts. According to the figures we received, each cft. has a value of $2.07 or a total of $12.44 for the six certificates. (1934.)

Virginias Fruit Exchange. This company was chartered April 11, 1910, with its principal office at Romney, West Virginia. The company was dissolved by decree of court February 23, 1917. Report of officers filed in 1910 shows the following officers: President, W. B. Cornwell, Cumberland, Md.; Secretary, William Campbell, Charlestown, W. Va. The company failed to file a report in 1911 and thereafter. Apparently it went out of business as we have been unable to find any further trace of the company or any record of its stock. The bank in Romney knows nothing about the company. We have searched through every possible source and failed to find any further value for the stock. It is our opinion that the shares are worthless.

Vulture Mines Company. Incorporated in Maine on June 27, 1908 and filed its last return in 1915. The charter was suspended in 1918. This company was formerly located at Wickenburg, Arizona. It was active for the years 1912 through 1915 and produced ore valued at $429,416. President, Robert Mackay; Vice President, F. W. Rockwell; Secretary, R. T. Sewell; Treasurer, A. McLean. The company was reported idle after 1915. The equipment was sold in 1921. The Better Business Bureau of Boston cannot locate any of the officers. We found no value to the stock and therefore believe the company failed and that no equity was left for the stock which is without value. (1935.)

Warrior Gold Mining Co. Incorporated in Nevada on July 16, 1919 and according to last reports is located at Tonopah, Nevada, in care of Harry McNamara, President. The company reported to own 16 claims and 2 fractional claims about 240 acres, 5 miles east of Simon Silver Lead in Nye County. Some shipments were made in early 1931. We heard of no further activity. The stock was last quoted by Alex Finn & Co. of New York City, at 15 cents bid in 1933. There has been no market since then. We believe the shares have only a nominal value at this time. (1935.)

Washington Square Players, Inc. Value of Income Bonds. Incorporated in New York and was located at 131 W. 41st Street, N. Y. C. in 1917. President, Edward Goodman; Vice President, L. Huffaker; Treasurer, Lawrence Langner. In 1918 the company was out of business. The charter of the company was proclaimed forfeited by the Governor of New York State in December of 1929. The company was only capitalized for $1000. This apparently was lost as new interests took over the company in 1917. Mr. Goodman was secretary of the company in 1916. These bonds apparently were issued at the time that Mr. Goodman became President. As the company was not in business in 1918 it is reasonable to assume that there was no income to pay on the above bonds. Therefore when the company went out of business, the bonds became worthless and submit them as such.

Waterbury Company. Value of Preferred Stock dated January 23, 1923. Incorporated in New Jersey on January 24, 1903 to engage in the manufacture of rope and binder twine and wire rope of all kinds. In 1912 the company got into financial difficulties at which time the company secured additional capital with approval of the stockholders, by issuing $300,000. of First Preferred stock. The old preferred stock was then classed as second preferred stock. The company subsequently reorganized as the Waterbury Rope Co. Inc. There was no provision made for the second preferred stock in the reorganization, and therefore the shares are entirely worthless.

Apparently the company failed to strike oil and lost its leases as most oil companies do. There is absolutely no market for the stock and it is our opinion that the shares could not have been sold at any time for any price near Dec. 23, 1933. For estate tax purposes it is our opinion that the shares are worthless, and submit them as such as of Dec. 23, 1933.

Wayne Coal Co. This company went into the hands of receivers Dec., 1925, and with the exception of the first three months of receivership, the company has ceased operations, and in the past year the assets have been gradually liquidated with the result that they have now but three electric shovels left. From the amount realized from the sale of the major part of their equipment there will not be sufficient amount of money to satisfy preferred creditors in full, consequently there will be nothing left to apply on common creditors claims or distribution to common stockholders.

Web Holding Corp. Incorporated in New York and was engaged in the realty business with an office at 174 Second Ave., N. Y. C. in 1927 and 220 W. 42nd St. in 1930. President, Paul Heering, 15 W. 81st St., N. Y. C.; Secretary, Jos. Sheldon, 521 Fifth Ave., N. Y. C.; Treasurer, Louis Goldman. The company went bankrupt in 1931. At that time the property was foreclosed and sold for the benefit of the prior lien bondholders. There was not enough realized from the sale to pay the prior lien bonds in full, leaving no equity for the debenture bonds and stock. Therefore we submit the debenture bonds and stock as worthless as of March 5, 1934.

Wellington Mines Company. (Arizona.) Mr. Chas. Charpiot of 1000 Grand Avenue, Temple, Kansas City, Mo., former secretary of the company informed us that the company ceased operations in 1929 due to the exhaustion of its ore bodies. There were no liquidating dividends. The stock therefore has no value. Mr. W. M. Downing an attorney of Denver, Colo., informed us in 1932 that the company went through bankruptcy in 1930. The property was sold to the Royal Tiger Mines Company at a price sufficient only to pay 25c on the dollar to its existing claims.

Western New York Mining Co. Incorporated in Montana on July 24, 1903, for a period of forty years, with its principal office at Rimini, Montana. The following were the incorporators: John Mulgrew, Rimini, Montana; J. F. Mulgrew, Silver Creek, N. Y.; J. C. Hall Helena, Montana. The corporation has filed no reports since incorporation. The attorney who filed the papers was A. K. Wheeler, Pioneer Bldg., Seattle, Wash. We found no record of this company's operations nor any value to the stock. It is our opinion that the company is out of existence and the stock worthless.

Western New York & Pennsylvania Ry. Stock may have a liquidating value of $9. per share and the Income bonds may have a decree value of $300. per $1000. bond.

Western North Carolina Railroad. The Treasurer of the State of North Carolina informed us that bond No. 5136 dated 4/1/69 has no value, and further stated that bonds numbered 5914 to 6253 are the only bonds that were recognized by the State of North Carolina, as the bonds not recognized were issued illegally. The Southern Railway Co. informed us that the Western North Carolina RR. was foreclosed in 1894 and only the First Consol. Mortgage bonds continued to be a lien upon the property.

Wheeling & Lake Erie Railroad Co. The following is a copy of a letter received from The Wheeling and Lake Erie Railway Company: dated Aug. 8, 1935. "Referring to your letter of August 6th, inquiring as to the present value of stock of the Wheeling & Lake Erie Railroad Company issued in 1913, held by your client namely, 1,000 shares issued in the name of John McDonald and 2,800 shares issued in the name of Clark Bell. Under the Plan and Agreement of Reorganization dated Sept. 20, 1917, stockholders of the old company were to pay an assessment of $27. per share of stock whether first preferred, second preferred or common of The Wheeling & Lake Erie Railroad Co. held by them, such stock to be deposited with Central Trust Co. of New York as depositary, and upon consummation of the plan were to receive stock in the new company, The Wheeling and Lake Erie Railway Co. in pro-rata amounts. In view of the fact that your client still holds the stock certificates, it is evident that the stock was not deposited under the Plan nor the assessment paid, and therefore as I am advised such stock issued in 1913 is of no value at this time."

White Hills Silver Mines Inc. The address of this company is 321 E. C. Lyon Bldg., Reno, Nev. Officers: J. K. Turner, Pres., Gen. Mgr.; L. L. Wallace, Vice Pres.; Ben Gill, Sec. & Treas., Nevada State Life Bldg., Reno, Nev. Company incorporated Sept. 1925 as a successor to the White Hills Mining Co., stockholders receiving two new shares for each old one held. From 1892-96 the property was operated by the White Hills Mining Co. and later by the White Hills Mining & Milling Co. both now defunct. Mine is credited with a production record of 9,000,000 oz. silver and $100,000. in gold. Capitalization: $5,000,000.; $1. par assessable; 1,000,000 shares outstanding. Last assessment No. 7 of 1c per share levied Sept. 1929. Had 42 claims (26 patented) 542 acres in White Hills district Mohave county, 30 miles No. of Chloride. Developed by shaft, crosscuts and drifts to a depth of 400 ft. During 1929 the G. A. R. claim was continuously developed principally on the 300 ft. level and some ore of milling grade encountered warranting further development. A lessee on the African claim opened a small shoot of high grade ore and made two small shipments. For the 9 months period ended Sept. 1, 1929, $3,717. was spent on development. If the above assessments were not paid the shares were sold for default and have no value. There is no market for the stock and therefore believe the shares have little, if any, value. (1936.)

White Hills Silver Mines Inc. Our correspondent at Reno informed us on March 18, 1936 that the company at the present time has granted lease and bond to purchase their assets. There is no market for the stock at this time. (1936.)

The Union Trust Co. of New York, now Central Hanover Bank & Trust Co., informed us that they never received any funds to pay on the bonds. We searched our water books back to 1855 and found no record of this company. In 1911 it was reported that the securities of this company were worthless. Therefore it is our opinion that the second mortgage bonds are without value.

White Oak Level Gas & Oil Co. Value of Cecil & Stuckslager Leases in Versailles Township, Penn. We searched our "Petroleum Registers" back to 1920 and found no record of this company. Apparently the leases were forfeited when the company failed to strike oil. Banks at McKeesport, Penn. the nearest to Versailles, never heard of the company. It is therefore our opinion that the shares have no value.

Wickwire Spencer Steel Co. Value of Cft. of Dep. for 200 shares of common stock. Incorporated January 3, 1925 in Delaware and was placed in equity receivership on October 22, 1927. On Oct. 16, 1935, according to reports, the company was declared insolvent as of July 30, 1934. According to the ruling, common stockholders are deprived of any equity in company. On March 6, 1936, it was reported that a final order was filed approving company's plan of reorganization dated August 30, 1935. This plan provided that old common stockholders would receive rights to purchase one share of new common stock at $15. per share for each ten shares of old common held. It is believed that the reorganization mentioned above will be approved. The old common shares are now quoted at 10 cents per share, and believe that the certificates of deposit for common stock are worth the same as the undeposited stock. Therefore we submit 10 cents per share or $20. as a fair value for the certificate of deposit for 200 shares of common as of March 16, 1936.

Williams, W. P., Oil Corporation. Value of capital stock (par $1.) Company was organized under the laws of Delaware in 1918 and was reported to own leases on approximately 120,000 acres of oil and gas properties within the state of Kentucky. The authorized capital stock was $1,500,000., par $1. Almost immediately after organization the company paid dividends. Back in 1918 the market for the stock was reported at 50 cents bid, $1.50 asked, and in 1919, 80 cents bid, $1.25 asked. About 1924 the company was placed in the hands of the Kentucky Title Savings Bank and Trust Company of Louisville, Kentucky, as receivers, since which date there has been no market for the stock. In deponent's opinion the stock was of no value as of April 24, 1927.

In 1868 this company and the North East & South West Alabama Railroad Company were consolidated under the name of the Alabama & Chattanooga Railroad Company under act approved 1868. Under foreclosure proceedings instituted in the Circuit Court of the United States for the Southern District of Alabama, in the case of Daniel N. Stanton et al. against Alabama & Chattanooga Railroad Company, that court by decree entered June 19, 1877 confirmed the sale of the property. The succeeding company, the Alabama Great Southern Railroad informed us that they believe the coupons are worthless.

Willys-Overland Co. Went into receivership on Feb. 15, 1933. On Sept. 5, 1936, it was reported that the reorganization plan had been approved by the court. Judge Hahn ruled that the common and preferred stockholders in the old company are to have no rights in the new company (Willys-Overland Motors, Inc.) unless they exercise their stock subscription rights provided for in the reorganization.

Willys-Overland Co. Under plan approved in 1936, assets were acquired by Willys Overland Motors, Inc. and Willys Real Estate Realization Corp.

Willys-Overland Co. Plan dated July 25, 1936, 6½% bonds to receive 70 shares of 6% pfd. stock of Willys-Overland Motors, Inc. and 70 shares of common, or 210 shares of common stock for each $1000. bond, in addition to the $700. cash offered in an agreement dated August 15, 1935.

Winona Copper Company. Incorporated in Michigan and lost its charter on Nov. 13, 1928. Judge John G. Stone, Circuit Judge for the twelfth judicial circuit, Houghton, Michigan, informed us on Sept. 12, 1934 that there were no assets available for the stockholders of this company when it was finally liquidated. The receiver located at Houghton stated that the liquidation was completed in December 1933 and that the shares had no liquidating value. In view of the above, we submit the shares as worthless.
Winona Mill Company. Incorporated on September 17, 1879 in Minnesota and had a period of duration of 30 years. It has never been renewed and expired by limitation in 1909. We found no value to the stock and therefore believe the shares are without value.

World Bestos Corporation. Value of pfd. and common stocks. The World Bestos Corporation was incorporated under the laws of the State of Delaware on June 13, 1923 and is engaged in the manufacture of "brake linings" with their principal place of business located at 52 Courtland St., Paterson, N. J. Mrs. F. M. Norris, Secretary of the Company, located at 52 Vanderbilt Ave., N. Y. C., informed us that the company has lost money for the last few years and that no dividends have ever been paid on the preferred stock. Mrs. Norris further stated that in July, 1934 units of one share of preferred and one share of common stock were offered at $17. per unit and received no bids. We found, however, a client, who stated that if units were offered at $10. per unit about the date of death probably it would have been paid. In view of the above we believe that $10. per unit of one share of pfd. and one share of common stock was fair as of Oct. 23, 1934.

Wright Edmund Ginsberg Co. Inc. Incorporated in New York and was engaged in the factoring business with an office at 159 Madison Ave., N. Y. C. As we understand it the company also owned their building. Mr. Ginsberg informed us that the Commercial Credit Corp. purchased the factoring business of the Edmund Wright Ginsberg Co. Inc. for 35,000 shares of their common stock. This purchase, however, did not include the building. Therefore in order to divorce the two, the Edmund Wright Ginsberg Corp. was formed to take over the factoring business. All of the stock of the Edmund Wright Ginsberg Corp. is entirely owned by the Commercial Credit Co. The Edmund Wright Ginsberg Co. Inc. having given up its factoring business changed its name to Ginsbros Corporation. The only assets of Ginsbros Corp. are 35,000 shares of common stock of the Commercial Credit Co. and the building which Mr. Ginsberg informed us is a liability. The shares of Edmund Wright Ginsberg Co. Inc. which were originally sold in units are now exchangeable at the Bankers Trust Co. share for share for stock of the Ginsbros Corp. The units we understand are worth about $50. per unit. It would seem advisable in this case to find out something about the building whether it can carry itself or whether the building as a liability will eat up all the profit on the Commercial Credit stock. Wrigley Pharmaceutical Company. Incorporated in Delaware on Dec. 8, 1920 and according to reports is located in the W. W. Wrigley Bldg., Atlantic City, N. J. The Better Business Bureau of Philadelphia informed us as follows regarding the above company. "When the State of New Jersey put up its barriers against the sale of the stock of the above company and decreed, through its Chancery Court, on Sept. 10, 1929 that no more Wrigley Pharmaceutical stock could be sold in that State, William W. Wrigley, president of the company and its associates, transferred their stock selling operations to Wilmington, Del. where the machinery for prevention of fraudulent sales of securities is not as highly developed as it is in the state of New Jersey. However, the Post Office Department can function as effectively in Delaware as in other parts of the United States. So these promoters were confronted with such stout evidence in support of a charge of using the mails in a scheme to defraud that they pleaded 'nolo contendere' before Judge John P. Nields, in the Federal Court at Wilmington, Del. on March 27, 1935. Judge Nields accepted this plea as being the same as a plea of guilty and sentenced William W. Wrigley, president and Patrick Gallagher, vice president, to pay fines of $500. each. George S. Bloss was fined $300. and Benjamin McC. Goldsmith was fined $1,000. The case was dismissed as to Robert T. Gallagher, former secretary and treasurer, since he had died on Oct. 14, 1934. By authority of the Attorney General of the United States the case as to Chester A. Gumpert, Thomas Novak, Harry Bernstein and Morris B. Shuman, stock salesmen was 'nolle prossed.' " It was reported in November, 1936 by the company's transfer agents, Security Transfer & Registrar Co. of New York City, that they have handled the company's account for fifteen years and there has been no activity in the stock for some time. It was further reported that the transfer agents had recently received an accounting prepared by the First Central Trust Co. of Akron, Ohio, upon which a decree was handed down by the Orphans Court, Alleghany County, Pa. in March of 1935, which showed the Class A and common stock of the Wrigley Pharmaceutical Company as worthless. The Class A stock was offered by Steelman & Birkins brokers of New York City, on Sept. 9, 1936 at 15 cents per share with no bid. The same firm offered common stock at the same price on Oct. 9, 1936 and received no bids.

Wyandot Copper Company. Mr. Frederick Hoitt, an attorney, located at 89 Broad St., Boston, Mass., informed us as follows: "The Wyandot Copper Co. was dissolved and its affairs wound up in 1927 and a final liquidating dividend of two cents per share was paid to stockholders of record in December, 1927. During the time the corporation was in existence, certain assessments were levied from time to time and at the date of dissolution only stock showing $13.50 per share paid in was in good standing. Stock showing less than that amount had been previously sold for non-payment of assessments under the Michigan statutes. "Accordingly, if your client's stock shows $13.50 per share paid in he has probably received the final liquidating dividend of two cents per share. If his shares show less than that amount paid in, they are valueless."

Yaqui Copper Company. Incorporated in West Virginia in 1902 and had an office at 170 Broadway, N. Y. C. in 1905. Mexican general office: Hermosillo, Sonora, Mex. William Sauntry, President. The property showed low-grade ferruginous copper ores. The outrageous misrepresentations made regarding the company's property by the promoters deserve the severest censure. Mr. Sauntry was a lumberman, who knew nothing about mining, found that the hostile Yaqui Indians did not approve of his methods. In 1906 it was reported that the company was a deliberate swindle. The shares are worthless.

Yorkville Boys, Inc. (Club). Value of 5 year Deb. Bonds due 1932. This club is located at 432 E. 84th St., N. Y. C. All interest has been paid on these bonds, but have been unable to pay the principal as the club has no money in their treasury. The bond is a debenture and only gives you the right to sue. When conditions improve, the bonds may have some future value. We received an offer of $5. per bond. (4/24/1934.)

Yorkville Boys, Inc. (Club). Supplementing our previous report the interest was paid on the debenture bonds up to their maturity date. Mr. Eppsteiner, Treasurer of the Club informed us that the club could not carry the property and therefore deeded it back to the mortgagee. The club now has no assets. The club had suffered a decline in its membership from 650 to 100, and its other sources of revenue have been cut off because of conditions. At some future date when conditions get better the club intends to pay off the bonds, but until then said bonds have only a problematical value. The holder of a bond does not have to pay dues and could probably place your bonds with some of the members at some nominal figure. The dues amount to $6. per year. It is our opinion that the bonds should not be valued at a figure in excess of $5. per bond at this time. (5/1934.)

Youngstown Tire Mfg. Company. The following information regarding this company was received from Harrington, Hyxley & Smith, attorneys, located at Youngstown, Ohio. This company was incorporated by the writer and articles of incorporation were filed with the Secretary of the State of Ohio April 24, 1922, as shown by the letter of the Secretary of State to you under date of Oct. 9, 1933. It is our belief that all of the issued and outstanding stock at that time, other than the necessary qualifying shares, was owned by the Republic Rubber Co. However, in 1924 or 1925 we find that that company disposed of its interest in the Youngstown Tire Mfg. Co. to Paul Cornell of New York City. We believe that the Youngstown Tire Mfg. Co. was a sales organization only and we are advised that no assets

went over to the purchaser or purchasers, other than the shares of stock of the company as an incorporation. We further believe that thereafter Mr. P. Cornell effected a reorganization or sold additional stock and it appears that the certificates which your client now holds are certificates which were issued by Mr. Cornell after he had purchased control." In view of the fact that this company was purely a sales organization and had no assets and that its charter was cancelled on Nov. 15, 1927 having ceased to exist, it is our opinion that the shares are without value.

Yuma Improvement Company. Incorporated in Arizona and had an office at 2 Wall Street, N. Y. C. in 1900 and was reported as inoperative in 1901, at which time no value was found for the stock. There were $500,000. of First Mortgage Bonds outstanding, that were never paid. Therefore it is our opinion that the shares are without value.

Yumuri Rail & Tramway Company. First Mortgage 5's due 1959. On December 24, 1907, it was reported that J. J. Wetmore, was the prime factor in a new project which had for its object the construction and operation of a railroad system between the northeast and southeast coasts of Cuba. The Yumuri Rail & Tramway Co. was incorporated in New York. A broad-gauge steam railroad was to have been constructed from Maya River to Yumuri. This line, had it been constructed, would have opened up an extensive territory where bananas, pineapples, coffee and cocoa were grown. The company had an office at 29 Broadway, N. Y. C. in 1908. President, Martin F. Carney; Secretary, R. N. G. Walford; Directors, Justin J. Wetmore, Charles Fahrenkamp, Jose Simon, 17 Battery Pl., N. Y. C. (1936), and I. Oritz. In 1909 the company was reported out of business. The commissioner of Railroads of Cuba informed us that they have no record of this company. The Trust Company of Cuba made a careful search of the railroad records and found no record of construction. It is our opinion that the road was never constructed and that the bonds were worthless as of June 13, 1936. The office of Jose Simon informed us that no road connects Maya River and Yumuri.
